LEBANON AND HARRISON 401(k) PLAN
(formerly CCH 401(k) Plan)

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

NOTE 1 – DESCRIPTION OF PLAN

The following description of Lebanon And Harrison 401(k) Plan (the "Plan") (formerly CCH 401(k) Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan open to substantially all employees of CV Healthcare, LLC dba Cedarview, HP Healthcare, LLC dba Harrison Pavillion and CL Healthcare, LLC dba Cedars of Lebanon (collectively the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was originally established on February 27, 2015 as the CCH 401(k) Plan for certain facilities operated by CCH Healthcare, LLC ("CCH"), with CCH also acting as Plan sponsor. As described below, effective July 1, 2017, CCH restated the Plan and renamed the Plan "Lebanon And Harrison 401(k)", with Cedarview acting as Plan sponsor. No participants became ineligible as a result of the Plan restatement.

Plan amendment: Effective July 1, 2017, the Plan was amended and restated and a new custodian was appointed. Plan assets transferred to the new custodian on September 7, 2017, and were transferred into funds comparable to those offered by the previous custodian. The conversion initiated a blackout period beginning August 30, 2017, and continuing through September 29, 2017. During this period, funds could not be applied to the employee-selected funds with the custodian or withdrawn from the Plan until the custodian could accurately complete the conversion. During this period, employee contributions continued to be made through payroll deductions, and the contributions were deposited and held in one investment option until the completion of the blackout period. At the end of the blackout period, such funds were transferred to the investment options requested by each participant.

Effective July 1, 2017, the Plan's assets consist of a group annuity contract (the "Contract") issued by John Hancock Life Insurance Company (U.S.A.) ("John Hancock"), custodian of the Plan's assets. Through the Contract, contributions made into the Plan are invested in pooled separate accounts with sub-accounts which invest only in underlying mutual funds. Amounts allocated to the pooled separate accounts are credited to a participant's account in the form of accumulation units.

Eligibility: Beginning in July 2017, to be eligible to participate in the Plan, an employee must have completed one year of service (including a minimum of 1,000 hours worked) and be 21 years of age or older. Leased employees are not eligible to participate in the Plan. Employees may enter the Plan on the first day of the first and seventh months of the Plan year. Prior to July 2017, employees could enter the Plan first day of the month following fulfillment of the age requirement.

Contributions: Participants may make voluntary pre-tax or after-tax (Roth) contributions, by means of a salary deferral agreement, of up to 100% of their compensation, subject to IRS limitations. Plan participants over the age of 50 are allowed to make additional pre-tax and Roth catch-up contributions to a maximum of \$6,000 in 2017. The Plan also permits rollover contributions from other qualified retirement plans. Participants direct the investment of contributions into various investment options offered by the Plan. The Company may make discretionary matching contributions which are determined annually. There were no discretionary matching contributions made to the Plan during 2017.

Certain participants in the Plan are covered by a collective bargaining agreement (“CBA”) between the Company and the Service Employees International Union District 1199. This CBA requires the Company to make matching contributions for the employees covered by the CBA in an amount equal to 25% of employee deferrals contributed to the Plan on a pre-tax basis, up to 4% of gross compensation for the plan year. This agreement expires in July 2024.

Employer matching contributions resulted solely from employees covered by the CBA. The required employer matching contributions under this collective bargaining agreement for the year ended December 31, 2016 were partially remitted by the Company to the Plan during 2016, and the remaining amounts, including lost earnings, were remitted to the Plan during the months of January, March, May and September 2017. The required employer matching contributions under this collective bargaining agreement for the year ended December 31, 2017 were partially remitted by the Company to the Plan during 2017, and the remaining amounts, including lost earnings, were remitted to the Plan during 2018 and 2019.

Participant accounts: Each participant’s account is credited with the participant’s contributions and an allocation of (a) the Company’s contributions, if any, and (b) plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting: Participants are immediately vested in their voluntary contributions, plus actual earnings thereon.

Participants become vested in discretionary and CBA employer matching contributions, plus actual earnings thereon, according to the following schedule:

<u>Years of Service</u>	<u>Vesting</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Additionally, participants are immediately fully-vested if, while employed, the employee dies or becomes disabled. Prior to July 2017, participants were also immediately fully-vested upon reaching the Normal Retirement Age of 65.

Forfeitures: Matching contributions may be forfeited by participants who terminate employment prior to meeting the years of service requirement described above. These forfeitures may be used by the Plan to pay administrative expenses or to reduce the amount of future employer matching contributions payable to the Plan. There were no forfeitures from participant accounts during the plan year ended December 31, 2017.

Participant notes receivable: Beginning in July 2017, the Plan does not allow participants to obtain loans from the Plan. Prior to July 2017, the Plan allowed participants to obtain loans from the Plan. These loans were subject to the following general provisions: the maximum amount of loans outstanding was equal to the lesser of \$50,000 or 50% of the participant's account balance with a minimum of \$1,000. The term of any loan could not exceed five years unless the purpose of the loan was to purchase the participant's primary residence, in which case the loan was limited to a term of fifteen years. The loans were secured by the participant's entire account balance or by other collateral agreed to by the custodians. The interest rate for each loan was based on the bank's prime lending rate on the first day of the month the loan was issued, plus 1.00%.

If a participant did not make loan repayments and the plan administrator considered the participant loan to be in default, the loan balance was reduced, and the delinquent participant note receivable was recorded as a benefit payment based on the terms of the Plan document.

Payment of benefits: Upon termination of service due to death, disability or retirement, a participant with a vested balance greater than \$5,000, depending on their age, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or payment in annual installments not to extend past the lives or life expectancies of the participant and beneficiaries. Lump sum distributions are required if the vested balance is \$5,000 or less. The Plan permits in-service withdrawals for participants who have attained age 59½, have become disabled, or upon a deemed severance from employment. In case of hardship, a participant may apply for a distribution as described in the Plan agreement.

Administrative expenses: All third-party administrative expenses are paid by the Plan, unless otherwise paid for by the Company. In 2017, the administrative expenses paid for by the Plan included recordkeeping and investment consulting fees and are included in the statement of changes in net assets available for benefits.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest.

Benefit payments: Benefit payments to participants are recorded when paid.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3, *Fair Value Measurements*, for discussion of fair value measurements.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 31, 2019, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under generally accepted accounting principles are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2017 and 2016.

1. **Mutual funds:** Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
2. **Pooled separate accounts:** Valued at the net asset value of shares of the underlying assets held by the Plan at year end. The pooled separate accounts do not have finite lives, unfunded commitments relating to this type of investment, or significant restrictions on redemptions. The net asset value, as provided by the custodian, is used as a practical expedient to estimate fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Investments measured at net asset value:				
Pooled separate accounts ^(a)	\$ -	\$ -	\$ -	\$ 93,767
Total	\$ -	\$ -	\$ -	\$ 93,767

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Investments measured at fair value:				
Mutual funds	\$ 62,554	\$ -	\$ -	\$ 62,554
Total	\$ 62,554	\$ -	\$ -	\$ 62,554

- (a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2017 and 2016.

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

Prior to July 1, 2017, the Plan held traditional guaranteed investment contracts through its investment in the Key Guaranteed Portfolio Fund, which met the fully benefit-responsive contract criteria and therefore was reported at contract value. Contract value was the relevant measure for fully benefit-responsive investment contracts because this was the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represented contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the Plan's investment contract totaled \$105 at December 31, 2016.

The traditional investment contract held by the Plan was a guaranteed investment contract. The contract issuer was contractually obligated to repay the principal and interest at a specified interest rate that was guaranteed to the Plan. The crediting rate, which could not be less than zero percent, was based on a formula established by the contract issuer and is based on the earnings of the underlying assets in the portfolio and prevailing market conditions. The crediting rate was reviewed on a quarterly basis for resetting. The contract could have been terminated by either the Plan or the contract issuer with at least 60 days advance written notice.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts was dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations could have been affected by future economic and regulatory developments.

Certain events would have limited the ability of the Plan to transact at contract value with the contract issuer. These events would have been different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events were probable of occurring that would have limited the ability of the Plan to transact at contract value with the contract issuers and that also would have limited the ability of the Plan to transact at contract value with the participants.

NOTE 5 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the Plan are followed. Amendments were made to the prototype plan in the year ended December 31, 2016. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 – INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified as complete and accurate by John Hancock, the custodian of the Plan from August 16, 2017 to December 31, 2017, and Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, the custodians of the Plan as of December 31, 2016 and for the period from January 1, 2017 to August 15, 2017:

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

The Plan issues notes receivable to participants which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

Plan investments include a group annuity contract holding pooled separate accounts managed by John Hancock and, therefore, these transactions qualify as party-in-interest transactions.

Prior to the Plan sponsor transferring all of the Plan assets to John Hancock, certain Plan investments were managed by Great-West Life and Annuity Insurance Company and, therefore, those transactions qualified as party-in-interest transactions.

NOTE 8 – PROHIBITED TRANSACTIONS

Employee contributions: During the period from February 27, 2015 (date of Plan inception) to December 31, 2015, the Company failed to properly calculate certain participant contributions in accordance with the Plan's definition of eligible compensation. Corrective contributions to participant accounts totaled \$1,357. These corrective contributions, plus lost earnings, were remitted to participant accounts during 2017 and are included in the employee contributions receivable on the December 31, 2016 statement of net assets available for benefits as well as the Schedule of Delinquent Participant Contributions.

During 2016, the Company failed to remit certain participant contributions to the custodian on a timely basis, as defined by the Department of Labor's Rules and Regulations under ERISA. Such contributions totaled \$34,386 for the year ended December 31, 2016. \$26,721 of the late remittances were remitted to the Plan during 2016. The remaining contributions totaling \$7,665, plus lost earnings, were remitted to the Plan during 2017 and are included in the employee contributions receivable on the December 31, 2016 statement of net assets available for benefits as well as the Schedule of Delinquent Participant Contributions. Lost earnings related to the late remittances were credited to participant accounts in 2017.

During 2017, the Company failed to remit certain participant contributions to the custodian on a timely basis, as defined by the Department of Labor's Rules and Regulations under ERISA. Such contributions totaled \$28,897 for the year ended December 31, 2017 and are included in the Schedule of Delinquent Participant Contributions. \$21,612 of the late remittances were remitted to the Plan during 2017. The remaining contributions totaled \$7,285, of which \$1,232 and \$6,053 were remitted to the Plan during 2018 and 2019, respectively, and are included in the employee contributions receivable on the December 31, 2017 statement of net assets available for benefits. Lost earnings related to the late remittances were also credited to participant accounts in 2018 and 2019.

Additionally, in 2017 the Company failed to properly calculate certain participant contributions in accordance with the Plan's definition of eligible compensation. Corrective contributions to participant accounts totaled \$1,503. These corrective contributions, plus lost earnings, were remitted to participant accounts during 2019 and are included in the employer contributions receivable on the December 31, 2017 statement of net assets available for benefits. Lost earnings related to the late remittances were also credited to participant accounts in 2019.

Employer matching contributions: In 2017 the Company failed to properly calculate certain employer matching contributions in accordance with the Plan's definition. Corrective contributions to participant accounts totaled \$199 and are included in the employer contributions receivable on the December 31, 2017 statement of net assets available for benefits. The Plan sponsor remitted \$199 during 2019 to the appropriate participant accounts, plus lost earnings.

NOTE 9 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 10 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan subject to the provisions of ERISA; however each participant would have a nonforfeitable right to his or her total account balance as of the date of termination.

NOTE 11 – SUBSEQUENT EVENT

In January 2019, the Board of Directors of Cedarview, as permitted by the Plan document, made the decision to merge the Lebanon And Harrison 401(k) Plan into the CCH Healthcare Retirement Plan, effective January 31, 2019.
