BESTWAY CONCRETE COMPANY 401(K) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of Bestway Concrete Company 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to employees of Bestway Concrete Company (the "Company"). The Plan was established on July 1, 1996 and restated on July 1, 2015. The Plan is available to employees age 19 years or older who have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The management of the Company administers the Plan. Capital Bank and Trust Company ("CB&T") serves as trustee, manages Plan assets, and maintains the Plan's records. CB&T offers Plan participants a variety of investment options through various mutual funds and a money market fund. Individual accounts are invested in the various investment options at the direction of the participants.

Plan Termination

The Plan was terminated by the Company on July 13, 2017, with full liquidation of Plan assets completed by September 11, 2017. During 2017, participants with balances in the Plan were notified that Plan assets would be directly distributed to the participants or participant-directed individual retirement accounts or rolled over to another qualified plan.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted the United States of America.

Contributions

Participants may make before-tax contributions up to 100% of their annual compensation, not to exceed the annual limit set by the IRS, which is adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions. Additional catch-up contributions are permitted to participants over the age of 50.

The Company may make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participant's elective deferrals. During the year ended December 31, 2016, the Company made a matching contribution of 50% of elective deferrals up to 4% of compensation. The Company may make profit sharing contributions equal to a discretionary percentage, to be determined by the Company. There was no profit sharing contribution made during the year ended December 31, 2016.

BESTWAY CONCRETE COMPANY 401(K) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Participants' Accounts

Each participant's account is credited or charged with the participant's contribution and an allocation of the Company's contribution, Plan earnings or losses, forfeitures, and Plan expenses. Allocations are based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are 100% vested in their voluntary contributions, allocated earnings or losses thereon, and any qualified matching contributions.

Any employer contributions (including forfeitures) and the earnings or losses thereon not fully vested when contributed will vest as follows:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than 1	0%
1	10%
2	20%
3	40%
4	60%
5	80%
6	100%

Participant Loans Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The loans are secured by the balances in the participants' accounts and bear interest at *The Wall Street Journal* prime rate plus 1% at loan origination, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator, and mature at various dates through May 2031. Principal and interest are paid ratably through payroll deductions. Participant loans are recorded in the financial statements at amortized cost plus accrued interest.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum payment in the amount equal to the participant's vested account balance. Upon termination, if a participant's vested account balance is less than \$1,000 and he or she has not elected to receive a lump-sum payment or a direct rollover to an individual retirement account or other plan, the Company may distribute the entire vested balance out of the Plan upon a distribution event. Benefits are recorded when paid.

BESTWAY CONCRETE COMPANY 401(K) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Participant Termination and Forfeitures

If at the time of termination of employment the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account. Forfeitures can be used to pay Plan expenses or reduce employer contributions, or shall be allocated to participants in the same manner as the employer's contribution. The balance of this account at December 31, 2016 and 2015 was \$18,408 and \$9,309, respectively. The Plan applied forfeitures of \$4,963 to offset employer contributions during the year ended December 31, 2016.

Valuation of Investments and Income Recognition

Investments are recorded at fair value as reported to the Plan by the Trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Investments in mutual funds and the money market fund are reported at the last reported sales price at the end of the respective periods using quoted market values.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

BESTWAY CONCRETE COMPANY 401(K) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Risks and Uncertainties (continued)

Additionally, some investments held by CB&T are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Subsequent Events

The Plan administrator has evaluated all subsequent events through the auditors' report date, which is the date the financial statements were available for issuance. The Plan was terminated by the Company on July 13, 2017, with full liquidation of Plan assets completed by September 11, 2017. There were no other material subsequent events that required recognition or additional disclosure in the financial statements.

Note 2 - Assets Certified by CB&T

CB&T has certified in writing to the Plan administrator that the stated amounts for investments at fair value and participant loans at amortized cost as of December 31, 2016 and 2015 and the income earned or losses incurred thereon for the year ended December 31, 2016, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year), are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

The fair value of investments greater than 10% of net assets available for benefits were as follows:

	December 31,	
	2016	2015
American Funds 2025 Target Date Fund	\$ 1,484,380	\$ 1,253,565
American Funds 2035 Target Date Fund	\$ 790,302	\$ 721,233

BESTWAY CONCRETE COMPANY 401(K) PLAN

Notes to Financial Statements

Note 3 - Fair Value Accounting

Generally accepted accounting principles require disclosure about how fair value is determined and establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value on a recurring basis as of December 31, 2016 and 2015.

Assets at fair value as of December 31, 2016 are as follows:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,275,819	\$ -	\$ -	\$ 5,275,819

BESTWAY CONCRETE COMPANY 401(K) PLAN

Notes to Financial Statements

Note 4 - Income Taxes

The Plan has adopted a prototype plan sponsored by CB&T, which has received a favorable opinion letter from the IRS dated March 31, 2014. The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the Internal Revenue Code.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 6 - Party-in-Interest Transactions

Certain Plan investments are a mutual fund and an interest-bearing cash account, which are managed by CB&T. CB&T is the asset trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest and are exempt from the prohibited transaction rules. In addition, the Plan provides for loans to participants, which are also party-in-interest transactions that are exempt for the prohibited transaction rules.
