## **Notes to Financial Statements**

### **Note 1 - Description of the Plan and Significant Accounting Policies**

The following description of Bestway Concrete Company 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

#### **General**

The Plan was a defined contribution plan available to employees of Bestway Concrete Company (the "Company"). The Plan was established on July 1, 1996 and restated on July 1, 2015. The Plan was available to employees age 19 years or older who had completed one year of service. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The management of the Company administered the Plan. Capital Bank and Trust Company ("CB&T") served as trustee, managed Plan assets, and maintained the Plan's records. CB&T offered Plan participants a variety of investment options through various mutual funds and a money market fund. Individual accounts were invested in the various investment options at the direction of the participants.

#### **Plan Merger**

The Plan was merged with another qualified plan during July 2017. During 2017, participants with balances in the Plan were notified that Plan assets would be transferred to the new plan. Full asset transfer of the Plan occurred by September 11, 2017.

#### **Basis of Presentation**

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

#### **Contributions**

Until July 2017, participants could make before-tax contributions up to 100% of their annual compensation, not to exceed the annual limit set by the IRS, which is adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage could have been reduced by the Plan administrator in certain circumstances. The Plan also permitted rollover contributions from other qualified retirement plans. Employee contributions to the Plan were made through regular payroll deductions. Additional catch-up contributions were permitted to participants over the age of 50.

The Company could make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participant's elective deferrals. During the period from January 1, 2017 through July 2017, the Company made a matching contribution of 50% of elective deferrals up to 4% of compensation. The Company could make profit-sharing contributions equal to a discretionary percentage, to be determined by the Company. There was no profit-sharing contribution made during the period from January 1, 2017 through September 11, 2017.

##### Participants' Accounts

Until July 2017, each participant's account was credited or charged with the participant's contribution and an allocation of the Company's contribution, Plan earnings or losses, forfeitures, and Plan expenses. Allocations were based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant was entitled was the vested portion of the participant's account.

##### Vesting

Participants were 100% vested in their voluntary contributions, allocated earnings or losses thereon, and any qualified matching contributions.

Any employer contributions (including forfeitures) and the earnings or losses thereon not fully vested when contributed would vest as follows:

| <u>Years of Service</u> | <u>Vested Interest</u> |
|-------------------------|------------------------|
| Less than 1             | 0%                     |
| 1                       | 10%                    |
| 2                       | 20%                    |
| 3                       | 40%                    |
| 4                       | 60%                    |
| 5                       | 80%                    |
| 6                       | 100%                   |

##### Participant Loans Receivable

Until July 2017, participants could borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The loans were secured by the balances in the participants' accounts and bore interest at the Wall Street Journal prime rate plus 1% at loan origination, which was commensurate with local prevailing rates, as determined quarterly by the Plan administrator. Principal and interest were paid ratably through payroll deductions. Participant loans were recorded in the financial statements at amortized cost plus accrued interest.

##### Payment of Benefits

Prior to the decision to merge the Plan, distributions were available upon termination of service due to death, disability, or retirement. A participant could elect to receive a lump-sum payment in the amount equal to the participant's vested account balance. Upon termination, if a participant's vested account balance was less than \$1,000 and he or she did not elect to receive a lump-sum payment or a direct rollover to an individual retirement account or other plan, the Company could distribute the entire vested balance out of the Plan upon a distribution event. Benefits were recorded when paid.

#### **Note 1 - Description of the Plan and Significant Accounting Policies (continued)**

##### Participant Termination and Forfeitures

If at the time of termination of employment the participant was not 100% vested, the non-vested portion ("forfeitures") of the participant's account was placed in a separate account. Forfeitures were used to pay Plan expenses, reduce employer contributions, or allocated to participants in the same manner as the employer's contribution. The balance of this account at September 11, 2017 and December 31, 2016 was \$0 and \$18,408, respectively.

##### Valuation of Investments and Income Recognition

Investments were recorded at fair value, as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Investments in mutual funds were reported at the last reported sale price at the end of the respective periods using quoted market values.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) has been reflected in the accompanying statement of changes in net assets available for benefits and was determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments were recorded on a trade-date basis. Interest income was recognized on the accrual basis. Dividends were recognized on the ex-dividend date.

##### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America required the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could have differed from those estimates.

##### Risks and Uncertainties

The Plan provided for various investments that, in general, were exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it was reasonably possible that changes in the value of investments could have occurred in the near term and that such changes could have materially affected participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by CB&T were invested in the securities of foreign companies, which involved special risks and considerations not typically associated with investing in U.S. companies. These risks included devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may have been less liquid and their prices more volatile than those of securities of comparable U.S. companies.

## Notes to Financial Statements

### **Note 1 - Description of the Plan and Significant Accounting Policies (continued)**

#### **Subsequent Events**

The Plan administrator has evaluated all subsequent events through the auditors' report date, which is the date the financial statements were available to be issued. There were no material subsequent events that required recognition or disclosure in the financial statements.

### **Note 2 - Investments**

CB&T has certified in writing to the Plan administrator that the stated amounts for investments at fair value and participant loans at amortizable cost as of September 11, 2017 and December 31, 2016 and the income earned or losses incurred thereon for the period from January 1, 2017 through September 11, 2017, as reflected in the accompanying financial statements, were complete and accurate.

The Plan administrator elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements.

The fair values of investments greater than 10% of net assets available for benefits were as follows:

|                                      | September 11,<br>2017 | December 31,<br>2016 |
|--------------------------------------|-----------------------|----------------------|
| American Funds 2025 Target Date Fund | \$ - *                | \$ 1,484,380         |
| American Funds 2035 Target Date Fund | \$ - *                | \$ 790,302           |

\* Indicates investments less than 10% of net assets available for benefits at the respective date, included for comparative purposes.

### **Note 3 - Fair Value Accounting**

Generally accepted accounting principles require disclosure about how fair value is determined and establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

## BESTWAY CONCRETE COMPANY 401(K) PLAN

### Notes to Financial Statements

#### **Note 3 - Fair Value Accounting (continued)**

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value on a recurring basis as of December 31, 2016. There were no invested assets of the Plan as of September 11, 2017.

| <u>Description</u> | <u>Level 1</u>      | <u>Level 2</u> | <u>Level 3</u> | <u>Total</u>        |
|--------------------|---------------------|----------------|----------------|---------------------|
| Mutual funds       | \$ 5,275,819        | \$ -           | \$ -           | \$ 5,275,819        |
| Money market fund  | <u>83,299</u>       | <u>-</u>       | <u>-</u>       | <u>83,299</u>       |
| Total              | <u>\$ 5,359,118</u> | <u>\$ -</u>    | <u>\$ -</u>    | <u>\$ 5,359,118</u> |

The Plan's management reaffirmed its understanding of the valuation techniques used and discussed in Note 1 at least annually. There were no changes to the valuation techniques used during the period.

#### **Note 4 - Income Taxes**

The Plan used a prototype plan sponsored by CB&T, which had received a favorable opinion letter from the IRS dated March 31, 2014. The Plan administrator believed that the Plan was operated and administered in compliance with the applicable requirements of the Internal Revenue Code.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator analyzed the tax positions taken by the Plan and concluded that, as of September 11, 2017 and December 31, 2016, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

#### **Note 5 - Administration of the Plan**

The Company provided, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also paid the cost of certain outside services for the Plan.

### **Notes to Financial Statements**

#### **Note 6 - Party-in-Interest Transactions**

Certain Plan investments were mutual funds and a money market fund, which were managed by CB&T. CB&T was the asset trustee, as defined by the Plan; therefore, these transactions qualified as party-in-interest and were exempt from the prohibited transaction rules. In addition, the Plan provided for loans to participants, which were also party-in-interest transactions that were exempt from the prohibited transaction rules.
