NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Valley Day and Night Clinic 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Valley Day and Night Clinic (referred as "Employer or Plan Sponsor"). The original effective date of the Plan was January 1, 2013. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Administration of Plan Assets

Plan assets are held and managed by Principal Life Insurance Company (Principal) and John Hancock Life Insurance, the custodians, which invests contributions and Plan earnings and makes distributions to participants. Additionally, administrative functions are performed by a third party administrator, Loren D. Stark Company. The Company absorbs a portion of the Plan's administrative costs.

Eligibility

Employees are eligible to begin participation in the Plan once they have completed 30 days of service. The entry date to become a participant in the Plan is the first day of the month coinciding with or next following the date the employee satisfies the eligibility requirement.

Contributions

Each year, participants may make annual pretax and Roth contributions as defined in the Plan, not to exceed $18,000 for 2018. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of $6,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Employer may make matching contributions equal to a discretionary percentage of the participants' elective deferrals. Additionally, the Employer may make discretionary profit sharing contributions. No such profit sharing contributions made for the year ended December 31, 2018.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Employer's contribution, Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants may direct their salary deferral contributions from a selection of investment options designated in the plan. These investment options are more fully described in the Plan's literature. Participants may change their investment options in the designated funds at any time.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of $1,000 of their vested account balance up to a maximum of $50,000 or 50 percent of their account balance, whichever is less. Loan terms must be within twelve to sixty months unless the purpose of the loan is for the acquisition of the participant's principal residence. At December 31, 2018, notes receivable from participants totaled $21,829. The loans are secured by the balance in the participant's account and bear interest rates between 4.25% and 7.25%, which are commensurate with prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through regular payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. Vested account balances under $5,000 will be distributed to the participant in a single lump-sum amount. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Top-Heavy Status

A "top-heavy" plan benefits "key-employees" such as certain owners or officers. A plan will reach "top-heavy" status when 60% of the contributions or benefits have been allocated to these key employees. In the event that the Plan becomes "top-heavy," the Employer will be required to contribute a minimum allocation to each "non-key" employee equal to the lesser of the percentage that the key employees receive or 3% of employee compensation. The Plan is currently not "top-heavy."

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Vesting

Each participant is 100% vested in his/her voluntary salary deferrals plus actual earnings thereon. Vesting in the Employer's match contribution portion of their accounts is based on the following vesting schedule:

Years of Service	Vesting Percentage
1	0%
2	25%
3	50%
4	75%
5	100%

A participant who is less than 100% vested shall be deemed to have a 100% vested interest in his/her account upon normal retirement age of 65, death prior to termination of employment, retirement due to physical disability or Plan termination.

Plan Termination

Although it has not expressed any intent to do so, Valley Day and Night Clinic has the right under the Plan to change, amend, or discontinue the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Tax Status

The Plan has adopted a prototype standardized plan and the prototype sponsor has received an opinion letter on the acceptability of the form of the Plan dated March 31, 2014 indicating the Plan is a qualified plan meeting the applicable requirements of applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believe the Plan is qualified, and the related trust is tax exempt.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. GAAP.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments in pooled separate accounts are reported at fair value, as provided by Principal Life Insurance Company (Principal) and John Hancock Life Insurance. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements. The net change in the fair value of investments is reported in the statement of changes in net assets available for benefits in the period of the change.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Distributions to participants are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts during the reporting periods. Actual results could differ from those estimates.

Operating Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS (UNAUDITED)

The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by Principal Life Insurance Company and John Hancock Life Insurance from January 1, 2018 to December 31, 2018, in accordance with Section 2530.103-5 of the Department of Labor's Rules and Regulations for reporting and disclosure under ERISA:

a.) Total investments, at fair value, and notes receivable included in the statements of net assets available for benefits at December 31, 2018;
b.) Investment income information included in the statement of changes in net assets available for benefits for the year ended December 31, 2018;
c.) All amounts included in Note 4, *Fair Value Measurements (Unaudited) ;*
d.) All amounts included in Note 5*, Party-In-Interest Transactions (Unaudited),* except for administration expenses; and
e.) The schedule of assets (held at end of year) as of December 31, 2018.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; or
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value as well as the general classification of such items pursuant to the fair value hierarchy of ASC 820:

Pooled Separate Accounts. Investments in pooled separate accounts are represented by a "unit of account" and per unit values, whose value is the result of the accumulated values of the underlying investments. These underlying investments are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the mutual fund investments. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The Pooled Separate Accounts' balance as of December 31, 2018 and 2017 of $1,041,363 and $1,095,458, respectively, are measured at fair value using the NAV per share (or its equivalent practical expedient), therefore, they have not been classified in the fair value hierarchy in accordance with ASU-2015-07.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

December 31, 2018	**Quoted Market Prices in Active Markets (Level 1)**	**Other Observable Inputs (Level 2)**	**Unobservable Inputs (Level 3)**	**Total**
Pooled separate accounts, measures at NAV (1)	**$ -**	**$ -**	**$ -**	**$ 1,039,448**
Total Assets at Fair Value	**$ -**	**$ -**	**$ -**	**$ 1,039,448**

December 31, 2017	Quoted Market Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Total
Pooled separate accounts, measures at NAV (1)	$ -	$ -	$ -	$ 1,095,458
Total Assets at Fair Value	$ -	$ -	$ -	$ 1,095,458

(1) These investments that are measured at fair value using the NAV per share (or its equivalent practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

During 2018, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $69,308.

Adjustments of:

NOTE 6: PARTY-IN-INTEREST TRANSACTIONS

Fees paid by the Plan Sponsor whose employees are covered by the Plan on behalf of the Plan for legal, accounting, and other services rendered to the Plan were based on customary and reasonable rates for such services. Such transactions are paid directly by the Plan Sponsor and are not paid by Plan assets. Administrative expenses paid by the Plan for investment administrative services amounted to $14,302 for the year ended December 31, 2018. Participants are allowed to borrow from their fund accounts. Refer to Note 1 for details. As of December 31, 2018 and 2017, notes receivable from participants were $21,829 and $50,433, respectively. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 7: RISKS AND UNCERTANTIES

The Plan invests in various investments securities. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that these changes could materially affect amounts reported in the financial statements.

NOTE 8: SUBSEQUENT EVENTS

Subsequent events have been evaluated through November 7, 2019, which is the date the financial statements were available to be issued.
