DEVACHAN HAIR & SPA SALON, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

**AS OF DECEMBER 31, 2018 AND 2017
AND FOR THE YEAR ENDED DECEMBER 31, 2018**

1. Description of Plan

The following description of the Devachan Hair & Spa Salon, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provision.

General

The Plan, as amended and restated, is a defined contribution plan covering all full-time employees, as defined by the Plan, of Devachan Hair & Spa Salon, Inc. (the "Employer," the "Company" or the "Plan Sponsor") who have reached the age of 21. There is no minimum service requirement to participate under the Plan. Eligible employees may participate in the Plan on the first day of the month following their hire date or the date they satisfy the minimum age requirement. Assets of the Plan are held by a trust established under the Plan with Massachusetts Mutual Life Insurance Company ("Mass Mutual" or the "Trustee"). The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute to the Plan up to 100% of compensation on a pre-tax basis, subject to dollar limits established by the Internal Revenue Code ("IRC"). Such contributions are excluded from the participant's Federal taxable income until received as a withdrawal or distribution from the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan provides for a discretionary employer matching contribution based on a percentage of a participant's compensation. There were no such employer matching contributions made for the year ended December 31, 2018. In addition, the Company may also make discretionary contributions to the Plan to ensure compliance with ERISA requirements, allocable to Salary Reduction Accounts. Such safe harbor contributions are called Qualified Non-Elective Employer Contributions ("QNEC") and totaled \$44 for the year ended December 31, 2018.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (i) employer's 401(k) matching contributions and QNEC and (ii) the participant's share of earnings or losses on both company and employee contributions and administrative expenses. Each participant directs all amounts credited into their account into one or more of the investment options available under the Plan. Accordingly, as a participant-directed plan, each participant's investments determine their share of earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

AND FOR THE YEAR ENDED DECEMBER 31, 2018**

1. Description of Plan (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in employer's contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in employer contributions and earnings thereon after six years of credited service.

<u>Years of Service</u>	<u>Vesting %</u>
Less than 2 years	0
2 years	20
3 years	40
4 years	60
5 years	80
6 years or more	100

Investment Options

Upon enrollment in the Plan, participants may direct the Trustee to invest contributions in various investment options offered by the Plan. Participants may change their contribution investment options daily; transfer part or all of past investments to other funds daily; and may change their deferral percentage daily.

Notes Receivable from Participants

Participants may borrow from their vested fund account balance a minimum of \$1,000 and up to a maximum equal to the lesser of (a) \$50,000 reduced by the highest outstanding Plan loan balance during the one year period ending on the day before the loan is made or (b) one-half of the value of their vested fund account balance reduced by any outstanding loan balance. A participant may have no more than one loan outstanding at any time. The maximum payment term allowed for any loan will be five years (unless the loan is for the purchase of a principal residence in which case the term may not exceed 30 years), and bear interest at a fixed rate using the prevailing prime rate (5.50% and 4.50% at December 31, 2018 and 2017, respectively) plus 2% that is set at the date of the loan. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 7.50% and mature at various dates through July 2023. Principal and interest are paid ratably through payroll deductions.

In-Service Withdrawals

The Plan Administrator may authorize a lump-sum distribution of up to 100% of the participant's vested interest (excluding any investment earnings) but not to exceed the amount necessary to meet the financial need created by the hardship provided the participant submits positive evidence of an immediate and heavy financial need as defined in the Plan. Participants may not make elective deferrals for six (6) months after receiving a hardship distribution. In-service distributions of the participant's vested interest are available for any reason upon attaining age 59½.

1. Description of Plan (Continued)

Forfeited Accounts

Any matching contributions made on excess 401(k) elective deferral contributions will be forfeited. Forfeitures may be first used to pay any Plan expenses and any remaining amounts may be used to reduce future employer matching contribution.

Deemed Distributions

When a participant fails to make loan repayments under the terms of the loan agreement, the loan is considered to be in default. Deemed distributions on defaulted loans are recorded immediately upon default.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to his or her account, or annual installments. Upon termination of service, and provided that the participant has a minimum of \$5,000 in the Plan, the participant may elect to receive a lump-sum amount equal to the value of his/her vested account or defer distributions to normal retirement age. Those participants with less than \$5,000 must receive a lump-sum distribution of their vested accounts. Participant benefits are recorded upon distribution.

Expenses of the Plan

Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Certain Plan expenses are deducted from participant accounts, and the remainder of the Plan expenses are generally paid by the Employer.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

AND FOR THE YEAR ENDED DECEMBER 31, 2018**

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

All Plan investments are held by the Trustee. The Plan's investments, except as noted below, are stated at fair value. Pooled separate accounts are valued at quoted market prices, which represent the net asset value ("NAV") of shares held by the Plan at year end.

The Mass Mutual Guaranteed Interest Account ("MMGIA") is a stable value investment with a guaranteed rate of return that is set in advance for a six-month period and a guarantee of principal. It is provided through a group annuity contract issued by Mass Mutual (see Note 3).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as components of net appreciation or decline in fair market value of investments for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Recent Accounting Pronouncements

In January 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2016-01, *Financial Instruments - Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities*, which makes targeted improvements in the recognition, measurement, presentation and disclosure of financial instruments. ASU 2016-01 is effective for fiscal years beginning after December 15, 2018 with early adoption permitted for fiscal years beginning after December 15, 2017. The Plan Administrator is currently evaluating the impact that this new guidance will have on the Plan's financial statements.

AND FOR THE YEAR ENDED DECEMBER 31, 2018**

2. Summary of Significant Accounting Policies (Continued)

Recent Accounting Pronouncements (Continued)

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement* which amends Accounting Standards Codification ("ASC") 820 to add, remove and modify fair value measurement disclosure requirements. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. The manner of adoption varies, with certain provisions applied retrospectively, while others are applied prospectively. The Plan Administrator is currently evaluating the impact that this new guidance will have on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through the date these financial statements were available to be issued, November 13, 2019.

3. Investment Contract with Insurance Company

The Plan maintains one Guaranteed Investment Contract ("GIC") related investment option, the MMGIA. The contract underlying these investment options is considered to be fully benefit responsive in accordance with ASC Topic 962. As of December 31, 2018 and 2017, the contract value of the investment in the MMGIA was \$8 and \$7, respectively.

Mass Mutual's determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder.

The underlying contracts have no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Mass Mutual, issuer of the MMGIA, has the option to payout the current value of the contract only after completion of five contract years.

4. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mass Mutual, the Trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017;
- Net decline in the fair value of the investments, interest and dividends and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018;
- Investments reflected on the schedule of assets (held at end of year).

5. Fair Value Measurements

The FASB established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**AS OF DECEMBER 31, 2018 AND 2017
AND FOR THE YEAR ENDED DECEMBER 31, 2018**

5. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled Separate Accounts ("PSAs"): Valued at fair value based on the NAV of the pooled separate accounts. The pooled separate accounts invest in domestic and foreign stocks, bonds and mutual funds. The fair value of these stocks, bonds and mutual funds are publically quoted and are used in determining the NAV of the pooled separate accounts, which are not publically quoted.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

As of December 31, 2018:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV practical expedient (1)				<u>2,056,397</u>

As of December 31, 2017:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV practical expedient (1)				<u>2,466,784</u>
Investments at fair value				<u>\$ 2,466,784</u>

(1) In accordance with FASB Accounting Standards Codification ("ASC") Subtopic 820-10 "Fair Value Measurements," certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

6. **Exempt Party-In-Interest**

During 2018, certain Plan investments were managed by Mass Mutual, the Trustee of the Plan and therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to the Trustee were \$4,827 for the year ended December 31, 2018. Notes receivable from participants also qualify as party-in-interest transactions.

7. **Plan Termination**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA.

8. **Tax Status**

The Company adopted a volume submitter profit sharing plan with Cash or Deferred Arrangement ("CODA") which received an opinion letter from the Internal Revenue Service, dated March 31, 2014, as to the Plan's qualified status. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC, and accordingly no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL. The Plan Administrator does not believe that there are uncertain tax positions.

8. Tax Status (Continued)

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to tax examinations for years prior to 2015.

9. Reconciliation Between Financial Statements and Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 at December 31, 2018 and 2017:

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2018:
