(1) Description of Plan

The following description of the Lima Refining Company Non-represented 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering substantially all U.S. employees of Lima Refining Company (the Company) upon commencement of employment. The Plan excludes certain classes of employees as follows: a) employees covered by a collective bargaining agreement, b) nonresident aliens, c) leased employees and d) independent contractors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and became effective July 3, 2007.

The general administration of the Plan is the responsibility of the Company (the plan administrator). Pursuant to the Plan's trust agreement, an independent trustee maintains custody of the Plan's assets. Vanguard Fiduciary Trust Company (Vanguard) serves as trustee of the Plan and Vanguard Group Inc. serves as independent record keeper of the Plan.

The Plan offers a broad array of investment options across the risk/return and capitalization and style spectrum that allow participants to build portfolios consistent with their needs, objectives and risk profile.

(b) Contributions

Each year, participants may contribute up to 30% of pretax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 22 registered investment companies (23 in 2017) and one common/collective trust fund (one in 2017) as investment options for participants. The Company contributes 7% of compensation for all eligible employees regardless of participation in the Plan and matches 100% of employee contributions up to 6% of eligible compensation, as defined by the Plan document. Contributions are subject to certain Internal Revenue Service limitations.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of Plan earnings. Allocations are based on the participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Contributions made by the Company and the Participant vest immediately.

For the Years Ended December 31, 2018 and 2017

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 reduced by their highest outstanding note balance on the date of the loan or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at prime lending rate plus one percent. Principal and interest are paid ratably through payroll deductions each pay period. As of December 31, 2018, interest rates ranged from 4.25% to 6.25% and maturity dates ranged from March 2019 to June 2028. As of December 31, 2017, interest rates ranged from 4.25% to 5.25% and maturity dates ranged from January 2018 to April 2027. In 2018, none (\$86,658 in 2017) of the notes receivable from participants were deemed as early withdrawals from the plan due to certain plan members who defaulted on their loan repayment obligations.

(f) Participant Contributions Receivable

Participant contributions receivable represent employee pension plan withholdings which were withheld prior to the December 31 reporting date which were not deposited to the Plan at year end. The amounts are noninterest bearing. There was no participant contributions receivable as of December 31, 2018 or 2017.

(g) Employer Contributions Receivable

Employer contributions receivable represent the required employer contributions and matching of participant contributions withheld prior to the December 31 reporting date which were not deposited to the Plan at year end. The amounts are noninterest bearing. There was no participant contributions receivable as of December 31, 2018 or 2017.

(h) Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum equal to the value of the participant's vested interest in his or her account or annual installments over a ten year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution less any applicable penalties if a certain age is not attained.

(i) Asset Transfer In/Out

From time to time, asset transfers occur between the Plan and the Lima Refining Company Represented 401(k) Plan due to the transfer or re-employment of employees to or from the Represented and Non-Represented employment status.

(j) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(2) Summary of Significant Accounting Policies

The following accounting policies have been used in the preparation of the Plan's financial statements:

(a) Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at contract value under Accounting Standards Update ("ASU") 2015-12 for Fully Benefit Responsive Contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

(b) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Significant estimates relate to the valuation of investments. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for its investment in the Vanguard Retirement Savings Trust III, which is measured at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes gains and losses on investments bought and sold or held during the year.

(d) Notes Receivable from Participants

Notes receivable from participants are valued at amortized cost, and are a level 1 valuation. Amortized cost represents the unpaid principal balance plus unpaid accrued interest.

(e) Employer and Participant Contributions Receivables

Employer and participant contributions receivables are valued at amortized cost, which approximates fair value due to their short-term nature. There were no employer and participant contributions receivables as of December 31, 2018 or 2017.

(f) Payment of Benefits

Benefits are recorded when paid.

(3) Party-In-Interest Transactions

The Plan invests in shares of registered investment companies and units of the Vanguard Retirement Savings Trust III managed by an affiliate of Vanguard. Vanguard acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Fees paid in 2018 and 2017 were \$1,875 and \$1,875, respectively.

(4) Guaranteed Investment Fund

A Guaranteed Investment Fund (“GIF”) is a promise by an insurance company to repay principal plus a fixed rate of return for the duration of the contract. The Plan invests in the Vanguard Retirement Savings Trust and Vanguard Retirement Savings Trust III which is a fully benefit-responsive GIF. The Vanguard Retirement Savings Trust and Vanguard Retirement Savings Trust III investment fund are made up of short-term and long-term corporate bonds and government treasuries.

Because the GIF is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to the GIF. The GIF is presented on the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no events that would limit the ability of the Plan to transact at contract value.

The average yield for the investment contracts based on actual earnings and on interest rate credited to participants was 2.40% and 2.07% for the years ended December 31, 2018 and 2017, respectively.

(5) Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three-level valuation hierarchy is based upon the transparency of inputs to the valuation of an asset as of the measurement date.

The three levels are defined as follows:

- Level 1 – inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets that the Plan has the ability to access at the measurement date.
- Level 2 – inputs to the valuation methodology are observable for the asset (other than quoted prices included in level 1), either directly or indirectly. Observable inputs are those that reflect the assumptions market participants would use in pricing the asset developed on market data obtained from sources independent of the Plan.
- Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement. Unobservable inputs are those that reflect the Plan’s own assumptions about the assumptions that market participants would use in pricing the asset, developed based on the best information available in the circumstances.

Lima Refining Company Non-Represented 401(k) Plan
Notes to Financial Statements
For the Years Ended December 31, 2018 and 2017

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the Plan's valuation methodologies for assets at fair value. Such valuation methodologies were applied to all of the assets carried at fair value.

- ***Registered Investment Companies***

Shares of registered investment companies and the Plan's investment in the Vanguard Retirement Savings Trust III are valued at the closing published net asset value on the measurement date. There are no restrictions on trading and the funds can be redeemed at net asset value at any time, therefore, the investments are classified within Level 1 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table presents the financial instruments carried at fair value as of December 31, 2018 and 2017 by ASC 820 valuation hierarchy (as described above). The Plan has no investments classified within levels 2 and 3 of the valuation hierarchy.

Assets measured at fair value on a recurring basis:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2018:				
Registered investment companies	<u>\$ 65,761,032</u>	<u>—</u>	<u>—</u>	<u>\$ 65,761,032</u>
December 31, 2017:				
Registered investment companies	<u>\$ 64,325,521</u>	<u>—</u>	<u>—</u>	<u>\$ 64,325,521</u>

There were no transfers between levels during 2018 and 2017.

(6) Plan Expenses

All expenses of maintaining the Plan, unless paid by the Company, are paid by the Plan.

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for benefits.

(8) Tax Status

Management considers the Plan to be in compliance with Section 401(a) of the Internal Revenue Code of 1986, as amended (the Code) and, accordingly, to be entitled to an exemption from federal income taxes under the provisions of Section 501(a) of the Code. An opinion letter dated March 31, 2008 has been received by Vanguard stating that the form of the prototype plan adopted by the Plan is acceptable under the Code Section 401 for use by employers for the benefit of their employees. The opinion letter, in effect, states that an employer who adopts the Plan will be considered to be qualified under the Code Section 401(a) provided all terms of the Plan are met and the Plan does not discriminate in favor of key or highly compensated employees. Therefore, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirement of the Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that is more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to income tax examinations for years prior to 2013.

(9) Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Vanguard, as trustee, has certified that all of the information provided is complete and accurate. Information included in the accompanying financial statements and notes to financial statements as to investments (including the Vanguard Retirement Saving Trust and the Vanguard Retirement Saving Trust III, at contract value), notes receivable from participants, interest income, dividend income, interest income, notes receivable from participants, net appreciation (depreciation) in fair value of registered investment companies and all information in the supplemental schedule (including the Vanguard Retirement Saving Trust and the Vanguard Retirement Saving Trust III, at contract value), is presented in reliance solely upon these certifications.

(10) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2018 and 2017:

(11) Recently Issued Accounting Standards

In February 2017, the FASB issued ASU 2017-06, an amendment to existing guidance under ASC 962, *Defined Contribution Pension Plans*, which clarifies presentation requirements for a Plan's interest in a master trust and require more detailed disclosures of the Plan's interest in the master trust. A master trust is a trust for which a regulated financial institution (bank, trust company, or similar financial institution that is regulated, supervised, and subject to periodic examination by a state or federal agency) serves as a trustee or custodian and in which assets of more than one plan sponsored by a single employer or by a group of employers under common control are held. The standard is effective for the Plan for annual periods beginning after December 15, 2018. The Plan is currently evaluating the impact on the Plan's financial statements.

(12) Subsequent Events

The Plan evaluated subsequent events through October 15, 2019, the date the financial statements were issued. No significant subsequent events were noted.
