RAINBOW RETIREMENT PLAN NOTES TO FINANCIAL STATEMENTS

1. Plan Description

The following description of Rainbow Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The most recent restatement was effective April 1, 2016.

General

Effective April 1, 2016, REE Midwest (the Company) established the Plan, which is a defined contribution Plan covering all full-time employees of the Company. Employees are eligible to participate in the Plan after the completion of 12 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan's Board of Directors is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Board of Directors.

Contributions

Each year, participants may contribute up to 75 percent of their eligible compensation, as defined in the Plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants may elect their deferrals to be treated as pre-tax or after-tax (Roth). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations. The Plan does not permit employer contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Employer's contribution, as well as allocations of Plan earnings. Participant accounts are charge with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their account at all times.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest stated at 1 percent above the prime rate at the time of the loan. Loans range from 1 to 5 years, unless the loan is used to purchase a principal residence, in which case loan terms may go beyond 5 years. Principal and interest are paid ratably through payroll deductions. Participants may only have one outstanding loan at any one time.

RAINBOW RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

1. Plan Description, continued

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in their account, or in annual installments. Participants age 59 ½ or older may take in-service distributions of all or part of their account balance at any time.

The Plan provides for hardship withdrawals in the event of an immediate and heavy financial need in an amount not to exceed the lesser of the participant's vested account or the amount of the financial need. In the event of a hardship withdrawal, participant contributions will be automatically suspended and the participant will be ineligible to resume such contributions for six months following the date of distribution.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements as of and for the month ended January 31, 2019 and as of and for the year ended December 31, 2018 are presented on the liquidation basis as a result of the Plan's termination as discussed in Note 7.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of January 31, 2019 and December 31, 2018. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Administrative Expenses

Some administrative expenses of maintaining the Plan are paid from Plan assets. Some administrative expenses are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net change in fair value. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by the trustee, Reliance Trust Company, as of January 31, 2019 and December 31, 2018, and for the periods then ended, except for comparing such information with information included in the Plan's financial statements and supplemental schedule:

	<u>2019</u>	<u>2018</u>
Investments, at fair value:		
Registered investment companies	\$ -	\$ 410,621
Common/collective trusts	-	40,119
Cash equivalents	-	14,180
Notes receivable from participants	-	7,781
Investment income:		
Dividends and interest	148	17,953
Net change in fair value of investments	30,501	(50,926)
Other income	2,512	-
Interest income on notes receivable from participants	-	263

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

RAINBOW RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

4. Fair Value Measurements, continued

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the month ended January 31, 2019, and year ended December 31, 2018.

Cash equivalent: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

Registered investment companies: Quoted market prices are used to value each fund based on the net asset value (NAV) of shares held by the Plan at year-end. All mutual funds held by the Plan are open-end mutual funds that are registered with the SEC and are deemed to be actively traded and have a readily determinable fair value.

Common/collective trusts: Units held in the common/collective trusts are valued using the NAV of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. Participant transactions (purchases and sales) may occur daily at NAV. Pursuant to Accounting Standards Update (ASU) 2015-07, *Fair Value Measurements*, the common/collective trusts measured at NAV have not been classified in the fair value hierarchy. All common/collective trusts investments held by the Plan have no unfunded commitments, and the investments may be redeemed by participants on a daily basis with no required notice period. Stable value fund contracts held by the Plan are considered to not be fully-benefit responsive and are therefore carried at fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

RAINBOW RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

4. Fair Value Measurements, continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31. As of January 31, 2019, there were no net assets available for benefits due to the plan termination discussed in Note 7.

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
Registered investment companies	\$ 410,621	\$ -	\$ -	\$ 410,621
Cash equivalents	<u>14,180</u>	<u>-</u>	<u>-</u>	<u>14,180</u>
 Total investments in the fair value hierarchy	 <u>\$ 424,801</u>	 <u>\$ -</u>	 <u>\$ -</u>	 <u>424,801</u>
Investments measured at NAV practical expedient:				
Common/collective trusts				<u>40,119</u>
 Total investments at fair value				 <u>\$ 464,920</u>

5. Administration of Plan Assets

The Plan's assets are administered under a contract with Reliance Trust Company, the trustee of the Plan. The trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

6. Party In Interest Transactions

The Plan's investments are managed by Reliance Trust Company, the trustee of the Plan, and therefore, these transactions qualify as party in interest transactions. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Plan Termination

The Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Effective December 16, 2018, participants in the Plan became participants in the Kindercare Education Savings and Investment Plan (KCE Plan) and on January 1, 2019, the Plan officially merged with the KCE Plan. All participant account balances were transferred to the KCE Plan prior to January 31, 2019, on which date the Plan was officially terminated. In accordance with U.S. GAAP, the Plan has changed its basis of accounting used to value plan assets from the ongoing plan basis to the liquidation basis for periods ending December 31, 2018, and later.

RAINBOW RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

8. Tax Status

Effective April 1, 2016, the Plan was established utilizing a prototype plan through an adoption agreement. The prototype plan adopted is a Non-standardized Profit Sharing Plan with CODA. ADP, LLC, the sponsor of the prototype plan, has received an opinion letter from the IRS dated July 16, 2014, that the adoption agreement and basic Plan document satisfy IRC Section 401. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

The following reconciles total employee contributions from Form 5500 to the financial statements for the month ended January 31, 2019 and for the year ended December 31, 2018:

	2019	2018
Total employee contributions per Form 5500	\$ -	\$ 261,921
Less: prior year employee contributions receivable	-	(5,452)
Total employee contributions per financial statements	<u>\$ -</u>	<u>\$ 256,469</u>

11. Subsequent Events

Management evaluates events and transactions that occur after the statement of net assets available for benefits date as potential subsequent events. Management has performed this evaluation through the date of the independent auditor's report.
