Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Tower Electric, Inc. 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by LT Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian held the Plan's investment assets and executed investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2018, and for the year then ended, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Notes to Financial Statements

Note 1: Plan Description

The following description of the Tower Electric, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all non-laborer employees of Tower Electric, Inc. (the "Company") who are age eighteen or older. An employee must be participating in the Plan in order to receive the Company's discretionary matching contribution. An employee must have worked at least 1,000 hours during the Plan year and must be employed on the last day of the Plan year in order to be eligible to receive the Company's discretionary profit sharing contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Company is the Plan administrator and is responsible for oversight of the Plan, and LT Trust Company serves as the asset custodian and recordkeeper. Plan management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to the amount allowed by law of annual compensation, as defined by the Plan, on a pretax basis or through Roth contributions. Deferral contributions and Roth contributions shall not exceed certain limits set forth by the Internal Revenue Service (IRS) ($18,500 in 2018). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions (up to $6,000 in 2018). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Company may make discretionary matching or profit sharing contributions. Contributions are subject to certain limitations. For the year ended December 31, 2018, the Company provided a discretionary profit sharing contribution equal to $50,000. The Company did not make a matching contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company matching contribution, and allocations of the Company's profit sharing contribution, Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, rollovers, discretionary matching contributions, and profit sharing contributions, plus actual earnings thereon.

Note 1: Plan Description (Continued)

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers investments in mutual funds as investment options for participants. Participants may change their investment options at any time.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate comparable to the rates being charged by lending institutions in the same geographical locale as the Company. A loan will carry the same rate of interest throughout its term. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account or annual installments as required by minimum distribution rules. For termination of service due to other reasons, a participant may receive the value of his or her account as a lump-sum distribution. The Plan also allows for in-service distributions upon attaining age 59 1/2. Hardship withdrawals are available if the participant meets certain criteria.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and the asset custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent loans are reclassified as benefits paid to participants based upon the terms of the Plan documents.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net (depreciation) in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through November 19, 2019, which is the date the financial statements were available to be issued. Plan management has not identified any material subsequent events that require reporting or disclosure, except for the matters discussed further in Note 10 and Note 11.

Note 3: Information Prepared and Certified by the Custodian (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, LT Trust Company, the custodian of the Plan, has certified that the following unaudited data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017.

- Interest and dividend income, interest income on notes receivable from participants, and net (depreciation) in fair value of investments as shown in the Statement of Changes in Net Assets Available for Benefits.

- The schedule of assets held at end of year included as supplemental information.

This information has not been audited by the Plan's independent auditors.

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2018 and 2017.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2018 (Audited)			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 738,643	$ -	$ -	$ 738,643

	Assets at Fair Value as of December 31, 2017 (Compiled)			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 767,159	$ -	$ -	$ 767,159

Note 5: Party-in-Interest Transactions

Plan investments include mutual funds managed by LT Trust Company. Furthermore, LT Trust Company is the asset custodian and America's Best is the recordkeeper and provides third-party administrative services to the Plan. Transactions with these companies qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net (depreciation) in fair value of investments, as they are paid through revenue sharing rather than a direct payment. For the year ended December 31, 2018, the Plan made direct payments of $8,379 to LT Trust Company and America's Best, which were not covered by revenue sharing.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7: Tax Status

The Plan utilizes a volume submitter plan, which obtained a favorable determination letter from the IRS dated March 31, 2014, stating that the volume submitter plan is qualified under the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the Plan's financial statements to the Plan's Form 5500.

Statements of Net Assets Available for Benefits at December 31, 2018 and 2017:

	2018 (Audited)	2017 (Compiled)
Net Assets Available for Benefits per the Financial Statements	$ 840,526	$ 843,853
Accrual for Company Contributions Receivable per Financial Statements	(50,000)	(50,000)
Accrual for Participant Contributions Receivable per Financial Statements	(27,359)	(1,604)
Net Assets Available for Benefits per Form 5500	$ 763,167	$ 792,249

Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018:

	(Audited)
Net (Decrease) in Net Assets Available for Benefits per the Financial Statement	$ (3,327)
Accrual for Prior Year Company Contributions Receivable per Financial Statements	50,000
Accrual for Prior Year Participant Contributions Receivable per Financial Statements	1,604
Accrual for Current Year Company Contributions Receivable per Financial Statements	(50,000)
Accrual for Current Year Participant Contributions Receivable per Financial Statements	(27,359)
Net (Loss) per Form 5500	$ (29,082)

Note 10: Prohibited Transactions/Delinquent Participant Contributions

During 2018, the Company failed to remit to the Plan certain participant contributions and participant loan repayments totaling $92,513 within the time period prescribed by the DOL's regulations. The Company remitted all delinquent participant contributions and loan repayments by May 10, 2019.

Note 11: Non-Compliance With Plan Provisions

In October 2019, Plan management became aware that they, historically, did not administer the Plan in accordance with the provisions of the Plan document relating to deferrals on bonus compensation. This resulted in participant contributions being underfunded based on elected deferrals. The Company is working with an attorney to file an application for correction with the Voluntary Correction Program (VCP) with the intent of retroactively amending the Plan document.

In addition, the Company was non-compliant with Plan provisions related to eligibility for the discretionary profit sharing contribution and allocation of discretionary profit sharing contributions. This resulted in mis-allocation of the discretionary profit sharing contribution among the participants. Under the VCP, the Company intends to make corrective contributions for participants who received less than the appropriate allocation of profit sharing contributions. The Company is in the process of calculating the corrective contributions and lost earnings and intends to remit both the corrective contributions and lost earnings to the Plan as soon as possible. As of December 31, 2018 and 2017, no corrective contributions have been recorded as the amount has not been determined.
