CHEVRON EMPLOYEE SAVINGS INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 1 - Description of the Plan

The following description of the Chevron Employee Savings Investment Plan (ESIP or the Plan), provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that is intended to be a qualified profit-sharing plan under section 401(a) of the Internal Revenue Code (the Code), a qualified cash or deferred arrangement under section 401(k) of the Code, and, effective December 1, 1989, to include a leveraged Employee Stock Ownership Plan (ESOP) qualified under section 4975(e)(7) of the Code.

Plan Sponsor/Administrator. Chevron Corporation (the Corporation) is the Plan Sponsor and the Plan Administrator of the ESIP. It has the authority to appoint one or more trustees to hold the assets of the Plan and to appoint a recordkeeper. In its capacity as fiduciary, the Corporation makes such rules, regulations and computations and takes whatever action is necessary to administer the Plan in accordance with provisions of the Code and the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility. Employees of the Corporation and each other participating company (Company) or employees who are represented by a labor organization that has bargained for and agreed to participation in the Plan are eligible to join the Plan if they are on the U.S. payroll.

Contributions. Participants may contribute up to 75 percent of regular pay as combined basic (1 or 2 percent) and supplemental (up to 73 percent) contributions. For 2017 and 2016, the maximum contribution amount on a before-tax and Roth 401(k) basis was the annual IRC limit of \$18,000, for participants under age 50 and \$24,000 for participants age 50 and up. The Plan has a fixed match feature. The Company will match 4 percent of regular pay on the first 1 percent of the participant's basic contribution to the Plan or 8 percent of regular pay on the first 2 percent of the participant's basic contribution to the Plan. Both participant and company match contributions to the Plan ceased when a participant reached regular pay of \$270,000 for the year 2017.

The Company matching contribution is made in cash and distributed according to the participants' current payroll deduction distribution elections. Participants may elect to receive dividends on shares in their Chevron Stock and Chevron ESOP accounts as a taxable distribution, or reinvest the dividends into their Chevron Stock account.

Vesting. Employees are always fully vested in all contributions to their accounts, as well as the investment income earned from all contributions to the Plan.

CHEVRON EMPLOYEE SAVINGS INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 1 - Description of the Plan (Continued)

Participant Accounts. Contributions are invested in funds within a number of Plan investments. Employee contributions are comprised of basic and supplemental contributions and rollover contributions from other qualified retirement plans or from a rollover IRA, on a pre-tax, after-tax, or Roth 401(k) basis.

Trustee. Vanguard Fiduciary Trust Company (Vanguard) is the trustee of the Plan. Vanguard is also the Plan's recordkeeper. The trustee has the authority to manage the assets of the Plan in accordance with its terms and those of the trust agreement. The Corporation and Vanguard entered into a sub-trust agreement with State Street Bank and Trust Company (State Street) to perform custodial and administrative functions for the Dodge & Cox Income Separate Account (Separate Account).

Notes Receivable from Participants. The Plan loan provision allows participants to borrow funds from their Plan account, subject to certain restrictions and limitations. Participants may borrow up to the lesser of \$50,000 or 50% of their total vested account balance or the value of the account(s) used to fund the loan. The minimum loan is \$1,000. The minimum term for repayment of any loan is 6 months and the maximum term is 5 years. However, the maximum term for repayment of a loan to purchase the participant's principal residence is 25 years. Loans bear a fixed rate of interest equal to 2 percent plus the average one-year jumbo certificate of deposit rate, as published in *The Wall Street Journal* on the last Wednesday of the preceding month. Interest rates charged during 2017 ranged from 2.23% to 9.50%. Most loan repayments are made through payroll deductions and the principal and interest paid by the participants are reinvested in the participants' accounts. Notes receivable from participants totaled \$136,976,666 and \$135,115,786 as of December 31, 2017 and 2016, respectively.

Plan Termination. The Corporation expects to continue the ESIP indefinitely, but has the authority to amend or terminate the ESIP at any time. In the event of a plan termination, the trust fund shall continue until any previously unallocated assets of the Plan are allocated to accounts and distributed to participants or beneficiaries in accordance with applicable law and pursuant to written rules and procedures adopted by the Corporation prior to such termination. In addition, upon plan termination, neither the Corporation nor any other person shall have a liability or obligation to provide additional benefits. Participants or beneficiaries shall obtain benefits solely from the trust fund.

DECEMBER 31, 2017 AND 2016

NOTE 1 - Description of the Plan (Continued)

Plan Expenses. In accordance with the Department of Labor's (DOL) rules under ERISA section 408(b)(2), total all-in fees are disclosed by the service provider. In accordance with these DOL rules, recordkeeping and trustee fees are unbundled and paid by the participants. Other administrative expenses relating to the Plan, including audit fees and participant education retirement services are paid by the Plan to the extent Plan forfeiture funds are sufficient. If not, such fees are paid by the Corporation. Certain Chevron employee and administrative costs are being reimbursed to the Corporation by the Plan.

NOTE 2 - Summary of Significant Accounting Policies

Accounting Pronouncement. In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Codification (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The update applies to reporting entities that elect to measure the fair value of an investment using the net asset value (NAV) per share (or its equivalent) practical expedient. The update simplifies Topic 820 by removing the requirement to categorize within the fair value hierarchy investments which use the net asset value as a practical expedient and removes certain disclosures for all such investments. ASU No. 2015-07 is effective retrospectively for fiscal years beginning after December 15, 2016, with early adoption permitted. ASU 2015-07 has no impact on the Plan's financial statements since there are no investments that calculate NAV practical expedient.

The following are the significant accounting policies followed by the Plan:

Basis of Accounting. The financial statements of the ESIP are presented on the accrual basis of accounting.

Investment Valuation and Income Recognition. Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in the core and supplemental options are valued on each business day on which the New York Stock Exchange is open for trading to reflect contributions, distributions, income, expenses, gains and losses. The difference between cost and market value represents unrealized appreciation or depreciation as of the reporting date. The valuation of the underlying securities in the Vanguard Brokerage Option are determined by Vanguard Brokerage Service daily.

Net appreciation (depreciation) in fair value of investments includes realized gains (losses) and unrealized appreciation (depreciation).

CHEVRON EMPLOYEE SAVINGS INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 2 - Summary of Significant Accounting Policies (Continued)

Realized gains (losses) on investments are based on sales proceeds less average cost. Sales and purchases between participants are included in realized gains (losses). Security purchases and sales are recorded as of the trade date for such transactions.

Dividend income earned on investments held and interest income earned on funds pending investment are recorded on an accrual basis.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan rules.

Use of Estimates. The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

CHEVRON EMPLOYEE SAVINGS INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 3 - Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

- Common stocks and debt instruments are valued at the closing price reported on the active market on which the individual securities are traded.
- Shares of registered investment companies are valued at the net asset value of shares held by the Plan at year end.
- Corporate bonds are valued at the closing price reported in the active market in which the bond is traded.
- U.S. government securities are valued at the closing price reported in the active market in which the individual security is traded.
- Mortgages are valued on the basis of their future principal and interest payments discounted at prevailing interest rates for similar investments.
- Asset backed securities are priced based on a compilation of primarily observable market information.
- Cash equivalents are valued at cost, which approximates fair value.
- Collective investment funds are stated at fair value as determined by the issuers based on the unit values of the funds. Unit values are determined by dividing the fund's net assets, which represents the unadjusted prices in active markets of the underlying investments, by the number of units outstanding at the valuation date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

DECEMBER 31, 2017 AND 2016

CHEVRON EMPLOYEE SAVINGS INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 5 - Income Taxes

The Plan received a determination letter dated October 23, 2013 from the Internal Revenue Service (IRS) stating that the Plan is qualified with the applicable requirements of the Code. Subsequent to this issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Corporation believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

NOTE 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes, both positive and negative, in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - Related Party and Party-In-Interest Transactions

Certain Plan investments consist of shares of registered investment funds managed by Vanguard Fiduciary Trust Company and shares of common stock of the Corporation. Transactions with Vanguard Fiduciary Trust Company, as the trustee and recordkeeper, and the Corporation, as the Plan sponsor and Plan administrator, qualify as party-in-interest and related party transactions.

NOTE 8 - Subsequent Events

In preparing the Plan's financial statements, subsequent events and transactions have been evaluated for potential recognition. Plan management determined that there are no subsequent events or transactions that require disclosure to or adjustment in the financial statements except as disclosed below:

- On February 17, 2016, six participants of the Plan filed a class action complaint against the Corporation and the ESIP Investment Committee (collectively "Chevron") alleging fiduciary breaches under the Employee Retirement Income Security Act. The plaintiffs seek to recover for the Plan losses allegedly incurred as a result of purportedly excessive administrative and investment fees and imprudent investment options. Chevron denies the plaintiffs' allegations and has filed a motion to dismiss the complaint. The complaint was dismissed with prejudice by the trial court. The plaintiffs have filed an appeal and the appeals process is on-going. The amount at issue, if any, has yet to be determined with certainty.
