Independent Auditors' Report

Plan Administrator for
Buehler's Fresh Foods Employee
Stock Ownership Plan
Wooster, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of Buehler's Fresh Foods Employee Stock Ownership Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

As discussed in Note 4 to the financial statements, the financial statements include securities valued at $4,940,549 and $3,648,285 at December 31, 2018 and 2017, respectively, whose value has been determined by an independent appraiser and approved by the Company's Board of Directors in the absence of readily ascertainable market values. However, because of the inherent uncertainty of valuation, those estimated values may differ significantly from the values that would have been used had a ready market for the securities existed, and the differences could be material.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2018 and 2017, and the changes in its net assets available for benefits for the year ended December 31, 2018, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2018 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1. Description of the Plan

The following description of Buehler s Fresh Foods Employee Stock Ownership Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan s provisions.

General

Styx Holding Corp. initially established the Plan, effective October 1, 2017, as Buehler s Fresh Foods Employee Stock Ownership Plan. The Plan provides employees of Styx Holding Corp. and its subsidiary, Styx Acquisition LLC (“Company”), who meet certain requirements as to length of service, with a method of acquiring a stock ownership interest in the Company and accumulating their stock until retirement or as otherwise described in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

In November 2017, the Company contributed its only share of outstanding stock into the Plan. At that time, the cost basis of the stock was zero. Subsequent to this, the Company created its subsidiary described above which proceeded to acquire the grocery business of Buehler Food Markets, Incorporated. The Company currently operates this chain of grocery stores doing business as Buehler’s Fresh Foods.

Administration

The Plan is administered by an administrative committee (“ESOP Committee”) whose members are designated by the Board of Directors of the Company.

Eligibility and Participation

Employees of the Company are generally able to participate in the Plan upon the later of the employee’s date of hire or attainment of age 21.

Contributions

Contributions to the Plan are at the discretion of the Board of Directors of the Company, are determined annually and may be made in cash or shares of Company stock.

Participant Accounts

Separate accounts are maintained for each participant. These accounts are credited with such participant s pro-rata share of the Company s contributions and investment earnings. Allocations are based on relative compensation or account balances as defined. Only those participants who are eligible employees of the Company on the last day of the plan year will receive an allocation of the contribution. The benefit to which a participant is entitled is the benefit that can be provided from the participant s vested account. At December 31, 2018 and 2017, all assets of the plan were fully allocated.

Diversification

Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of the shares allocated to their account. Diversification is offered to participants over a 6-year period. Participants may diversify up to 25% of the shares during the first five years and up to 50% in the sixth year, less any previous shares diversified. Participants who elect to diversify may directly rollover to another qualified plan or take a cash distribution.

Note 1. Description of the Plan (Continued)

Vesting

The vesting schedule under the Plan with respect to participants accounts is as follows:

Years of Service	Vested Percentage
Less than 2	0%
At least 2 but less than 3	20%
At least 3 but less than 4	40%
At least 4 but less than 5	60%
At least 5 but less than 6	80%
6 or more	100%

Generally, an employee will be credited with a "year of service" for each Plan year in which the employee completes 1,000 hours of service. Participants become fully-vested upon reaching normal retirement age.

Payment of Benefits

The Plan provides that a participant s vested account balance is to be distributed upon termination of employment, at the time and in the manner determined by the ESOP Committee. A participant with an account balance greater than $5,000 may not receive the accumulated account balance without the participant s consent. Upon retirement, disability or death, distribution of a participant s vested account balance may begin no later than December 31 of the year following the year of normal retirement (age 65), disability or death. If a participant terminates for any other reason, distribution may commence no later than December 31 of the sixth year after termination. The participant s account balance may be paid either in a lump-sum or in installments over a period generally not to exceed five years. Distributions are to be made in cash.

Forfeitures

Forfeitures of nonvested account balances are allocated to the accounts of the remaining eligible participants. During 2018, there were no forfeited shares to allocate in accordance with the Plan provisions.

Plan Termination

The Company has no intention of terminating the Plan; however, the Company reserves the right to terminate the Plan at any time. If the Plan is terminated, all participants will automatically become fully vested and entitled to their total account balances under the Plan.

Voting Rights

Except under certain circumstances as specifically outlined in the Plan agreement, the shares of Company common stock held by the Plan shall be voted by Great Banc Trust Company, the Trustee of the Plan, in such manner as directed by the ESOP Committee.

Note 2. Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties
The Plans investments consist of the Company s common stock, which is exposed to various risks such as interest rate, market, credit risks, as well as assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the Company s common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the Company s common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition
The common stock of the Company is not publicly traded. The investment in common stock of the Company is reported at the fair value of the stock as determined annually by an independent appraisal from Pendo Advisors as of the last business day of the year. See Note 4 for a discussion of fair value measurements.

The change in the difference between current value and the cost of investments is reflected in the statement of changes in net assets available for benefits as net appreciation in fair value of investments. The cost of securities sold is based on the average cost of the securities. Dividends are recorded on the ex-dividend date.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
All expenses of maintaining the Plan are paid by the Company.

Subsequent Events
The Plan has evaluated events and transactions for potential recognition or disclosure in these financial statements, through the date of the auditors report. Effective October 7, 2019, the Company performed a stock split in which the Plan received 90,000 shares of common stock in exchange for its single share of outstanding stock.

Note 3. Trustee of the Plan

The Plan assets, which consist solely of Styx Holding Corp. common stock, are held by Great Banc Trust Company as Trustee of the Plan.

Any Company contributions are held and managed by the Trustee, which is responsible for investing the cash received along with any interest and dividend income earned and for making distributions to participants.

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs for which little or no market data exists

The following is a description of the valuation methodologies used for plan assets measured at fair value:

Styx Holding Corp. common stock: Valued at the share price determined annually by an independent appraisal as of each Plan year end. The appraisal was based upon a combination of the market and income valuation techniques. The appraiser took into account historical and projected cash flow and net income, market comparables and the fair value of assets and liabilities. Plan management has concluded that a market participant would also recognize a discount for lack of marketability.

The valuation process involves the selection of an independent appraiser each year by the ESOP Committee and the Plan's Trustee. The Plan's management accumulates the data for the appraiser from the audited financial statements of the Company and other financial and operational reports. The appraiser prepares a preliminary report, which Plan management and the Plan's Trustee reviews in detail. After review, discussion and revisions as deemed necessary, the Plan's Trustee approves the independent appraisal. The Company’s common stock is classified as Level 3.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2017 to 2018. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Employer common stock	$ -	$ -	$4,940,549	$4,940,549

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Employer common stock	$ -	$ -	$3,648,285	$3,648,285

The table below sets forth a summary of changes in the fair value of the Plan s Level 3 assets for the year ended December 31, 2018:

	Employer common stock
Balance, beginning of year	$ 3,648,285
Unrealized gains relating to investments still held at the reporting date	1,292,264
Balance, end of year	$ 4,940,549

Note 5. Related Party Transactions

The Plan invests in Company common stock which is a related party transaction. As described in Note 2, the Company pays all administrative expenses of the Plan.

Note 6. Administration of Plan Assets

The Plans assets, which consist of Company common s tock, are held by the Trustee of the Plan.

Company contributions are held and managed by the Trustee, which invests cash received and makes distributions to participants. The Trustee also administers the payment of interest and principal on the loan.

Certain administrative and trustee functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Note 7. Income Tax Status

The Plan has applied for a determination letter from the Internal Revenue Service (IRS), but has not yet received such a letter. Management believes the Plan meets the requirements of the Internal Revenue Code and, therefore, the related trust is tax-exempt. As a result, no provision for income taxes has been included in the Plans financial statements.

The plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.
