STAR TOYOTA
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018

1. Description of Plan

The following description of Star Toyota 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

A. General

The Plan is a 401(k) plan covering employees who are at least 21 years of age, have completed 12 months of service, complete 1,000 hours of service during the 12 months of employment, and choose to participate in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Participants	-	At participant's discretion
	-	Maximum $18,500
	-	Maximum Catch-Up $6,000
Limits	-	Maximum percent of compensation – 15%
	-	Maximum dollar amount - $55,000
	-	Maximum deductible employer contribution is 25% of total considered compensation
	-	Maximum compensation - $275,000

C. Participants' Accounts

Each participant establishes his or her own separate investment account within Reliance Trust Co. and Reliance Financial Corp. solely for that individual's contributions. Each participant's account is credited with the actual investment performance realized by the investments of his or her investment account.

D. Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is determined under the following schedule:

YEARS OF SERVICE	VESTED PERCENTAGES
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

1. Description of Plan - (Continued)

D. Vesting – (Continued)

A Participant is also 100% vested under any of the following conditions:

- Death before retirement date;
- Disability before retirement date; or
- Attainment of normal retirement age.

E. Payment of Benefits

Upon termination of service due to death, disability, retirement, or any other reason, a participant or his beneficiaries may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount.

Distribution of benefits will also begin when a participant attains the age of 70½.

F. Participant Loans

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans must be repaid within 5 years unless the loan is used for the purchase of the participant's primary residence. The maximum term of a residence loan is 30 years. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 7%, which are commensurate with local prevailing rates at the time the loan was issued. Principal and interest is paid ratably through weekly payroll deductions.

2. Summary of Significant Accounting Policies

A. Estimates and Assumptions

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

B. Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

2. Summary of Significant Accounting Policies – (Continued)

B. Investment Valuation and Income Recognition – (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

C. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the loan balance is reduced and a benefit payment is recorded based upon terms of the Plan document.

D. Excess Contributions Payable

The Plan is required to return contributions to participants in the event certain non-discrimination tests defined under the IRC are not satisfied. In 2018 the Plan was required to refund $9,106 in contributions to plan participants.

E. Payment of Benefits

Benefits are recorded when paid, except for any excess contributions payable to participants, which are recorded as they become payable.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

3. Fair Value Measurements – (Continued)

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observed for substantially the full term of the assets or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair market value hierarchy, the Plan's assets at fair value as of December 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,701,692	$	$	$ 1,701,692

3. Fair Value Measurements – (Continued)

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Pan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in any employer contributions.

7. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated July 8, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan may have been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

8. Administrative Expenses/Related Party Transactions

The Sponsor pays administrative expenses associated with the management of and professional services for the Plan and are therefore excluded from these financial statements. Certain administrative fees, including fees for hardship withdrawals, are paid by the participants.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Subsequent Events

The Company has adopted ASC855 "Subsequent Events", and evaluated events and transactions that occurred through November 25, 2019 which is the date of the financial statements, for possible disclosure and recognition in the financial statements.
