a) General

The Plan is a defined contribution plan covering all employees who have completed three months of service by the effective date of participation, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustees are responsible for oversight of the Plan.

b) Plan Contribution Policy

Each year participants may contribute a percentage of pre-tax annual eligible compensation, as defined by the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants may modify salary deferral elections periodically. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Company, at its discretion may match contributions equal to a percentage of the participants' annual salary deferral. In 2018, the Company made safe harbor matching contributions of 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation. Employees must complete at least three months of service to be eligible for safe harbor matching contributions. The Company may, in its sole discretion, make a profit-sharing contribution to participants who have been employed by the Company for one year during which they completed 1,000 hours of service, with an entry date on the first day of the month following satisfaction of the eligibility requirements. There was no profit-sharing contribution made for the plan year ended December 31, 2018. Contributions are subject to certain Internal Revenue Service limitations.

c) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The safe harbor match and any profit-sharing contributions made by the Company become fully vested at the time of contribution. Participants will become fully vested upon death, total and permanent disability, and reaching normal retirement age (defined by the Plan as 65).

PLAN DESCRIPTION (Cont.)

e) Forfeited Accounts

At December 31, 2018 and 2017, forfeited non-vested accounts totaled $2,750 and $0. These accounts will be used first to pay plan administrative expenses. Any remaining amounts will be used to reduce future employer contributions.

f) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant is entitled to a lump-sum amount equal to the value of the participant's vested interest in his or her account. Generally, certain minimum distributions are required for participants who have separated from service and have reached age 70 ½. The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

g) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Participants may have a maximum of two loans outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate of interest as determined by the plan administrator. All outstanding loans currently bear an interest rate of 3.25%. Principal and interest is paid ratably through weekly payroll deductions. Loans generally may not exceed a five-year term unless it is for the purchase of a principal residence.

2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

b) Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Plan management determines the Plan's valuation policies utilizing information provided by investment advisors and Fidelity. See note 3 for a discussion of fair value measurements.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

e) Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to contract administration are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

f) Payment of Benefits

Benefits are recorded when paid. There were no benefits requested before year-end that were not paid.

g) Subsequent Events

The Plan has evaluated subsequent events through November 22, 2019, which is the date the financial statements were available to be issued. The Plan is in violation of the Employee Retirement Income Security Act of 1974 (ERISA) as a result of the deficient 2018 Form 5500 annual report filing for failure to attach a report of an Independent Qualified Public Accountant by the required filing deadline. On November 21, 2019, the Plan Administrator was issued a Notice of Rejection from the United States Department of Labor which stated they had forty-five days to amend the 2018 Form 5500 filing or be subject to a civil penalty of up to $2,194 per day from the date on which the annual report was due. It is the plan administrator's intent to file the required amendment in advance of the forty-five day deadline. In addition, no liability has been included in these financial statements as any potential penalty would not be paid from the plan assets. There are no additional material subsequent events which require recognition or disclosure.

3) FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

FAIR VALUE MEASUREMENTS (Cont.)

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value by the Plan. There has been no change in the methodology used at December 31, 2018 and 2017:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

December 31, 2018	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	$ 12,111,600	$ -	$ -	$ 12,111,600
Total Assets at Fair Value	**$ 12,111,600**	**$ -**	**$ -**	**$ 12,111,600**

FAIR VALUE MEASUREMENTS (Cont.)

"Un-audited" December 31, 2017	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	$ 13,538,193	$ -	$ -	$ 13,538,193
Total Assets at Fair Value	**$ 13,538,193**	**$ -**	**$ -**	**$ 13,538,193**

4) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

5) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would be become 100% invested in their employer contributions.

6) PARTY IN INTEREST TRANSACTIONS

The following table sets forth a summary of party in interest transactions and a description of each parties relationship with the plan for the year ended December 31, 2018:

	2018
Included in administrative expenses:	
Fidelity Investments Institutional - recordkeeper	$ 750
TOTAL PARTY IN INTERST TRANSACTIONS	**$ 750**

7) INFORMATION PREPARED AND CERTIFIED BY FIDELITY

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company.

	2018	"Un-audited" 2017
Mutual funds	$ 12,111,600	$ 13,538,193
Dividends	$ 824,442	$ 555,363
Net appreciation/(depreciation) in fair value of investments	(1,721,683)	1,401,500

8) TAX STATUS

On March 31, 2014, the Internal Revenue Service (IRS) stated that the prototype adopted by the Plan, as designed, qualifies under the Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.
