DUMMEN ORANGE 401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2018 and 2017

Plan Description

The following description of the Dummen Orange (the Company) 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

During 2017, the Company purchased Mchutchison, Inc. During June 2018 the balances from the Mchutchison, Inc. 401(k) Retirement Plan, totaling \$16,231,394 were transferred into the Dummen Orange 401(k) Plan.

General

The Plan is a defined contribution plan covering all employees of the Company who have three months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 60% of pretax annual compensation, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The plan also provides for Roth elective deferrals. Participants may also contribute amounts representing distributions from other qualified plans. The Company has implemented the use of the safe-harbor method for employer contributions, matching 100% of the first 3% of deferrals and 50% of the next 2% of deferrals. At the option of the Company, additional profit sharing contributions may be made; however, no profit sharing contributions were made in 2018. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the employer safe-harbor matching contributions plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on continuous years of service according to the following vesting schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Plan Description (continued)

Investment Options

A participant may direct all contributions in any of the various investment options offered by the Plan. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2% when the loan is executed. Principal and interest are paid ratably through payroll deductions. Loan repayment terms are not to exceed five years, unless the loan will be used by the participant to acquire the participant's principal residence.

Payment of Benefits

Upon termination of service due to separation of service, disability or retirement, a participant may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or in annual installments. For termination of service due to death of a participant, the beneficiary will receive a lump-sum distribution that will be equal to the participant's account. The participant's account will become fully vested upon the death of the participant. The Plan also provides for in-service distributions of a participant's vested interest in his or her account for employees who reach age 59 ½ while still employed with the Company.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited non-vested accounts totaled \$15,877 and \$26,024, respectively. Forfeitures are used to reduce employer contributions. Forfeitures totaling \$12,607 were used to reduce employer contributions during 2018.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan agreement.

Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the Plan's trustee as of December 31, 2018.

Mutual funds	\$ 15,908,651
Common collective trusts	1,433,108
Notes receivable from participants	78,253
Total	\$ 17,420,012

The trustee also certified the completeness and accuracy of the following related to the aforementioned assets for the years ended December 31, 2018:

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.

Level 2 - Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.

Level 3 - Level 3 are significant unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 or 2017.

Mutual Funds: Valued at the net asset value of shares held by the Plan at year-end.

*Common
Collective
Trusts:*

Valued at the net asset value (NAV) of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Notes to Financial Statements

December 31, 2018 and 2017

Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 15,908,651	\$ -	\$ -	\$ 15,908,651
Investments measured at net asset value*	-	-	-	1,433,108
Total assets at fair value	\$ 15,908,651	\$ -	\$ -	\$ 17,341,759

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 3,628,984	\$ -	\$ -	\$ 3,628,984
Total assets at fair value	\$ 3,628,984	\$ -	\$ -	\$ 3,628,984

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, the participants' accounts will become fully vested.

DUMMEN ORANGE 401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2018 and 2017

Tax Status

The Company has adopted a non-standardized prototype plan which received a favorable opinion letter from the Internal Revenue Service (IRS) dated July 8, 2014. The opinion stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Transactions with Parties-in-Interest

Certain Plan investments are shares of mutual funds which are managed by Reliance Trust Company (Reliance). Reliance is the trustee of the Plan and therefore, these transactions qualify as party-in-interest. ADP is the record keeper of the Plan and Commonwealth Equity Services, Inc. and Excel Securities & Associates, Inc. are the investment advisors to the Plan and therefore, these transactions qualify as party-in-interest. Administrative expenses totaled \$25,941 during 2018.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2018 statement of net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.
