FINDING, RECOMMENDATION, AND PRELIMINARY RESPONSE

Internal Controls Over Fiduciary Responsibilities

Finding

1. Fiduciary Responsibilities

Shown below is an excerpt from the U.S. Department of Labor regarding Fiduciary Responsibilities:

> Fiduciaries have important responsibilities and are subject to standards of conduct because they act on behalf of participants in a retirement plan and their beneficiaries.
>
> These responsibilities include:
>
> - Acting solely in the interest of plan participants and their beneficiaries and with the exclusive purpose of providing benefits to them;
> - Carrying out their duties prudently;
> - Following the Plan documents (unless inconsistent with ERISA);
> - Diversifying plan investments; and
> - Paying only reasonable Plan expenses.
>
> The duty to act prudently is one of a fiduciary's central responsibilities under ERISA. It requires expertise in a variety of areas, such as investments. Lacking that expertise, a fiduciary will want to hire someone with the professional knowledge to carry out the investment and other functions. Prudence focuses on the process for making fiduciary decisions. Therefore, it is wise to document decisions and the basis for those decisions. For instance, in hiring any plan service provider, a fiduciary may want to survey a number of potential providers, asking for the same information and providing the same requirements. By doing so, a fiduciary can document the process and make a meaningful comparison and selection.
>
> Diversification – another key fiduciary duty – helps to minimize the risk of large investment losses to the Plan. Fiduciaries should consider each Plan investment as part of the Plan's entire portfolio. Once again, fiduciaries will want to document their evaluation and investment decisions.
>
> An employer should establish and follow a formal review process at reasonable intervals to decide if it wants to continue using the current service providers or look for replacements. When monitoring service providers, actions to ensure they are performing the agreed-upon services include:
>
> - Evaluating any notices received from the service provider about possible changes to their compensation and the other information they provided when hired (or when the contract or arrangement was renewed);
> - Reviewing the service providers' performance;
> - Reading any reports they provide;
> - Checking actual fees charged;
> - Asking about policies and practices (such as trading, investment turnover, and proxy voting); and
> - Following up on participant complaints.

During the 2015 Plan Year, Management met with investment professionals two times to assess the Plan performance. The Company has a documented process for meeting with the Plan Administrators to review Plan performance.

At the current time, the Company does not have a formal documented review process in place to review the Plan performance in conjunction with the investment professionals and third party service providers.

Recommendation

None.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

Accordingly, we express no such Opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2015, and the changes in net assets available for benefits for the year ended December 31, 2015, in accordance with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules to identify title of schedules and period covered are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain

additional information has been subjected to the auditing procedures applied in the audits of the financial statements, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Sincerely,

RE: Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters

Dear Mr. Sellers:

We have audited the basic financial statements of Volume Transportation, Inc. as of and for the fiscal years ended December 31, 2015, as identified in the Table of Contents, and have issued our report dated October 10, 2016. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the American Institute of Certified Public Accountants Auditing Standards.

Internal Control Over Financial Reporting

Management of the Volume Transportation, Inc. 401K Plan is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Plan's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control over financial reporting.

Telephone: 678-489-8823 Fax: 678-866-2494 www.cpapeachtreecity.com

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in Finding 1, we identified a deficiency in internal control over financial reporting that we consider to be a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management, or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency described in Finding 1 to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Plan's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under American Institute of Certified Public Accountants.

This report is intended solely for the information and use of the Principals of Volume Transportation, Inc. and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Lana S. Hendrickson CPA
