Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Dudek & Bock 401(k) Tax Deferred Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of February 28, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended February 28, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2019 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of February 28, 2019 and 2018, and for the year ended February 28, 2019, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2019 financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of February 28, 2019 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

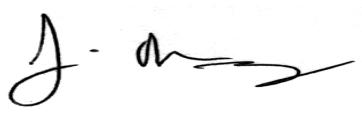

Other Matter - 2018 Financial Statements

The financial statements of the Plan as of and for the year ended February 28, 2019, were audited by other auditors whose report, dated December 17, 2018, did not express an opinion on the 2018 financial statements for the same reason described in the Basis for Disclaimer of Opinion paragraph. Their report also indicated the form and content of the information included in the 2018 financial statements, other than that derived from the information certified by the trustee, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following brief description of the Dudek & Bock 401(k) Tax Deferred Savings Plan (the Plan) provides only general information. Participants should refer to the plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General: The Plan is a defined contribution plan sponsored by Dudek & Bock (the Company) for the benefit of employees that have attained the age of 18 and have completed six months of service, as defined. Participants enter the Plan on the first day of month following meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: The Plan is funded by voluntary contributions of participants and discretionary matching contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Effective March 15, 2018 certain Participants are automatically enrolled to contribute 3% of compensation, as defined. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company may also make an additional discretionary matching contribution. Contributions are subject to certain limitations.

Investment options: Participants direct the investment of all contributions into various investment options offered by the Plan. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contribution and Company matching contributions and receives allocations of Plan earnings and administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and Company matching contributions plus actual earnings thereon.

Payment of benefits: On termination of service due to termination, death, disability, or retirement, a participant may elect to receive a lump-sum amount, equal to the value of the participant's vested interest in his or her account.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. Loan maturities are for up to 5 years or longer if used to purchase a primary residence. Loans bear interest at a rate determined by the Plan Administrator at the time the loan is issued. Principal and interest are paid ratably through payroll deductions.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Accounting estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities, and changes therein. Actual results may differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are treated as distributions based upon the terms of the plan document.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The Plan Administrator has evaluated the impact of events that occurred subsequent to February 28, 2019 through the date these financial statements were issued. Based on this evaluation, management does not believe there are any subsequent events that occurred that would require further disclosure or adjustments to the financial statements.

Note 3. Information Certified and Provided by Fidelity Management Trust Company

The following is a summary of the Plan's asset and income information as of February 28, 2019 and 2018, and for the year ended February 28, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following asset and income information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2019	2018
Shares of registered investment companies	$ 12,160,650	$ 12,399,641
Shares of collective fund	$ 1,413,079	$ 1,521,182
Notes receivable from participants	$ 220,242	$ 261,280
Net depreciation in fair value of investments	$ (755,412)	
Interest and dividends	$ 985,881	
Interest income on participant notes receivable	$ 12,596	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at February 28, 2019 and 2018.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded

Shares of collective fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 4. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of February 28, 2019 and 2018.

	Assets at Fair Value as of February 28, 2019			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy	$ 12,160,650	$ -	$ -	$ 12,160,650
Investments measured at NAV (a)				
Shares of collective fund				1,413,079
Total investments				$13,573,729

	Assets at Fair Value as of February 28, 2018			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy	$ 12,399,641	$ -	$ -	$ 12,399,641
Investments measured at NAV (a)				
Shares of collective fund				1,521,182
Total investments				$13,920,823

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments measured at fair value based on net asset value (NAV) per share as of February 28, 2019 and 2018:

	Fair Value February 28				
Investment	2019	2018	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Shares of collective fund	$ 1,413,079	$ 1,521,182	$ -	3 business days	60 days

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended February 28, 2019, there were no transfers in or out of Level 3.

Note 5. Related-Party Transactions

Certain Plan's investments are shares of pooled separate accounts managed by Fidelity Management Trust Company (Fidelity), the trustee of the Plan. Fees paid by the Plan to Fidelity amounted to $5,944 for the year ended February 28, 2019.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan. Certain other expenses of the Plan are paid by the Company.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 7. Tax Status

Effective November 20, 2014, the Plan adopted a volume submitter plan sponsored by Fidelity Management & Research Co. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The plan has been amended since adoption. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2015.

Note 8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
