Notes to Financial Statements

1. Description of the Plan

The following description of the Ingenus Pharmaceuticals, LLC 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Ingenus Pharmaceuticals, LLC (the "Sponsor", "Employer", or "Company") who have attained the age of 21 and are not resident of Puerto Rico or covered by collective bargaining agreement, unless the agreement requires the employees to be included under the Plan, a leased Employee, or a nonresident alien with no income from a U.S. source. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan administration

Ingenus Pharmaceuticals, LLC serves as Plan Administrator. The Plan's trustee and the record keeper is Fidelity Management Trust Company (the "Trustee").

Contributions

Each participant may contribute, on a pre-tax basis, a portion of his or her compensation, as defined by the Plan, subject to Internal Revenue Code ("IRC") limitations, in the form of a salary deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions to the Plan, which represent distributions from other qualified plans.

The Sponsor makes safe harbor contributions equal to 100% of the first 3% and 50% of the next 2% of participants' base compensation. The Sponsor, at its sole discretion may also make additional matching contributions to participants with equal to or greater than 1,000 hours of service. No discretionary contributions were made during the year ended December 31, 2018.

Investment options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds and non-interest-bearing cash investment options for participants.

Participant accounts

Each participant's account is credited with the participant's contribution, a share of the Employer's contribution, and allocations of Plan earnings (losses), and charged with benefit payments and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Each participant is immediately fully vested in the portion of his or her account attributable to his or her contributions, Sponsor safe harbor contributions, and earnings thereon. Vesting in the portion of his or her account attributable to the Sponsor's non-safe harbor contributions and earnings thereon is based on years of employment service with the Sponsor as follows:

Years of Service	Vested Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

Notes receivable from participants

Loans are allowed for financial distress, medical expenses, education expenses or the purchase of a principal residence. For such purposes, participants may borrow, from their fund accounts, amounts ranging from $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The maximum term of repayment for a loan is five years, except if the loan is for purchase of a principal residence, then the term may exceed five years. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions. Interest rate was 6% on loans outstanding at December 31, 2018.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment and annuity options as provided by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Amounts contributed on a before-tax basis may only be withdrawn upon demonstration of financial hardship, disability, or after the participant reaches the age of 59.5 years.

Forfeitures

Forfeited nonvested accounts may be used to reduce Employer contributions or pay Plan expenses. As of December 31, 2018, and 2017, there was $1,013 and $32, respectively, in forfeited nonvested accounts.

Administrative expenses

Administrative costs associated with certain participant-initiated transactions are charged to the accounts of the participants who initiate the transactions while investment advisory fees are first reduced by any administrative fee credits earned by the Plan and then charged to the accounts of the participants pro-rata based on the account balances of the participants.

Subsequent event

The Plan has evaluated subsequent events through October 11, 2019, the date the financial statements were available to be issued.

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities and changes therein. Actual results could differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date. For pooled investments, the allocation of earnings, gains and losses of each participant's account is based on the participant's share of such pooled investments. For investments accounted for as segregated assets, the allocation of earnings, gains and losses are made on a separate and distinct basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions when in default according to the terms of the Plan document or when there is a distributable event. Accordingly, this may result in a reconciling item between the financial statements and the Form 5500.

Payment of benefits

Benefits are recorded when paid.

3. Unaudited Information Certified by Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2018 and 2017 and for the year ended December 31, 2018 that was obtained from data certified to be complete and accurate by the Plan's Trustee.

	2018	2017
Investments at fair value	**$ 4,415,073**	$ 3,036,876
Notes receivable from participants	**25,421**	-
Net depreciation in fair value of investments	**426,628**	
Dividends income	**127,509**	
Interest income on notes receivable from participants	**85**	

4. Fair Value Measurements

Fair value as defined under U.S. GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2018 and 2017. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds
Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2018 and 2017.

	Assets at Fair Value as of December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 4,410,490**	**$ -**	**$ -**	**$ 4,410,490**
Interest bearing cash	**4,583**	**-**	**-**	**4,583**
Investments at fair value				**$ 4,415,073**

	Assets at Fair Value as of December 31, 2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 3,035,863	$ -	$ -	$ 3,035,863
Interest bearing cash	1,013	-	-	1,013
Investments at fair value				$ 3,036,876

5. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirements of the IRC. The Plan is relying on the IRS approval of the volume submitter plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated March 31, 2014, that the volume submitter plan document was designed in accordance with applicable sections of the IRC. Since the date the determination letter was received the Plan was amended. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

6. Exempt Party-In-Interest Transactions

Certain plan investments are shares of mutual funds managed by Fidelity Management Trust Company who is the Trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid to the Trustee by the Plan for administrative services were $22,350 for the year ended December 31, 2018.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

8. Corrective Contributions

Notes to Financial Statements

1. Description of the Plan

The following description of the Ingenus Pharmaceuticals, LLC 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Ingenus Pharmaceuticals, LLC (the "Sponsor", "Employer", or "Company") who have attained the age of 21 and are not resident of Puerto Rico or covered by collective bargaining agreement, unless the agreement requires the employees to be included under the Plan, a leased Employee, or a nonresident alien with no income from a U.S. source. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan administration

Ingenus Pharmaceuticals, LLC serves as Plan Administrator. The Plan's trustee and the record keeper is Fidelity Management Trust Company (the "Trustee").

Contributions

Each participant may contribute, on a pre-tax basis, a portion of his or her compensation, as defined by the Plan, subject to Internal Revenue Code ("IRC") limitations, in the form of a salary deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions to the Plan, which represent distributions from other qualified plans.

The Sponsor makes safe harbor contributions equal to 100% of the first 3% and 50% of the next 2% of participants' base compensation. The Sponsor, at its sole discretion may also make additional matching contributions to participants with equal to or greater than 1,000 hours of service. No discretionary contributions were made during the year ended December 31, 2018.

Investment options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds and non-interest-bearing cash investment options for participants.

Participant accounts

Each participant's account is credited with the participant's contribution, a share of the Employer's contribution, and allocations of Plan earnings (losses), and charged with benefit payments and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Each participant is immediately fully vested in the portion of his or her account attributable to his or her contributions, Sponsor safe harbor contributions, and earnings thereon. Vesting in the portion of his or her account attributable to the Sponsor's non-safe harbor contributions and earnings thereon is based on years of employment service with the Sponsor as follows:

Years of Service	Vested Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

Notes receivable from participants

Loans are allowed for financial distress, medical expenses, education expenses or the purchase of a principal residence. For such purposes, participants may borrow, from their fund accounts, amounts ranging from $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The maximum term of repayment for a loan is five years, except if the loan is for purchase of a principal residence, then the term may exceed five years. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions. Interest rate was 6% on loans outstanding at December 31, 2018.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment and annuity options as provided by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Amounts contributed on a before-tax basis may only be withdrawn upon demonstration of financial hardship, disability, or after the participant reaches the age of 59.5 years.

Forfeitures

Forfeited nonvested accounts may be used to reduce Employer contributions or pay Plan expenses. As of December 31, 2018, and 2017, there was $1,013 and $32, respectively, in forfeited nonvested accounts.

Administrative expenses

Administrative costs associated with certain participant-initiated transactions are charged to the accounts of the participants who initiate the transactions while investment advisory fees are first reduced by any administrative fee credits earned by the Plan and then charged to the accounts of the participants pro-rata based on the account balances of the participants.

Subsequent event

The Plan has evaluated subsequent events through October 11, 2019, the date the financial statements were available to be issued.

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities and changes therein. Actual results could differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date. For pooled investments, the allocation of earnings, gains and losses of each participant's account is based on the participant's share of such pooled investments. For investments accounted for as segregated assets, the allocation of earnings, gains and losses are made on a separate and distinct basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions when in default according to the terms of the Plan document or when there is a distributable event. Accordingly, this may result in a reconciling item between the financial statements and the Form 5500.

Payment of benefits

Benefits are recorded when paid.

3. Unaudited Information Certified by Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2018 and 2017 and for the year ended December 31, 2018 that was obtained from data certified to be complete and accurate by the Plan's Trustee.

	2018	2017
Investments at fair value	**$ 4,415,073**	$ 3,036,876
Notes receivable from participants	**25,421**	-
Net depreciation in fair value of investments	**426,628**	
Dividends income	**127,509**	
Interest income on notes receivable from participants	**85**	

4. Fair Value Measurements

Fair value as defined under U.S. GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2018 and 2017. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds
Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2018 and 2017.

	Assets at Fair Value as of December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 4,410,490**	**$ -**	**$ -**	**$ 4,410,490**
Interest bearing cash	**4,583**	**-**	**-**	**4,583**
Investments at fair value				**$ 4,415,073**

	Assets at Fair Value as of December 31, 2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 3,035,863	$ -	$ -	$ 3,035,863
Interest bearing cash	1,013	-	-	1,013
Investments at fair value				$ 3,036,876

5. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirements of the IRC. The Plan is relying on the IRS approval of the volume submitter plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated March 31, 2014, that the volume submitter plan document was designed in accordance with applicable sections of the IRC. Since the date the determination letter was received the Plan was amended. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

6. Exempt Party-In-Interest Transactions

Certain plan investments are shares of mutual funds managed by Fidelity Management Trust Company who is the Trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid to the Trustee by the Plan for administrative services were $22,350 for the year ended December 31, 2018.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

8. Corrective Contributions

The plan failed to include all eligible compensation in determining employee and employer contributions during 2018. The Plan has recorded an estimated receivable from the sponsor for the corrective contributions to be made to participant accounts.

9. Reconciliation of Financial Statements to Form 5500
