1. DESCRIPTION OF THE PLAN

The following description of The New York City Football Club 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering certain employees of The New York City Football Club, LLC (the "Company"). Interns and part-time employees are not eligible to participate in the Plan. The Plan was established on June 1, 2014 and amended and restated on June 26, 2015 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Fidelity Management Trust Company ("FMTC") is the trustee and record keeper of the Plan.

Eligibility
Eligible employees can participate in the Plan on the first day of the month following one month of eligible service other than employees employed on June 1, 2014. These employees became participants on that date.

Contributions
Generally, each year participants may contribute up to 100% of their pre-tax salary, not to exceed $18,500 in 2018. These contributions may be Roth contributions. In addition, participants who have attained the age of 50 before the close of the Plan year may make catch-up contributions in accordance with the Internal Revenue Code ("IRC"). The maximum amount of catch-up contributions was $6,000 for 2018. Participants may also contribute to the Plan rollover amounts representing distributions from other qualified plans. Participants who are considered "highly compensated" may be limited in the amounts they contribute to the Plan. Company contributions are made each payroll period to eligible participants. Contributions are invested according to each participant's investment elections. The Company provides for a Safe Harbor Matching Employer contribution of 100% of the first 3% of eligible compensation contributed to the Plan and 50% of the next 2% of the eligible participant's compensation. The employer may make an Additional Matching contribution not to exceed 4% of eligible compensation to eligible participants. The Employer may also make a Nonelective Employer contribution on behalf of eligible participants who have earned at least 1,000 hours and if employed by the Employer on the last day of the year. There were no Additional Matching or Nonelective Employer contributions paid into the Plan during 2018 or 2017.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Individual accounts are charged with withdrawals, Plan losses and an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting
Participants are immediately vested in their contributions and the Safe Harbor Matching Contributions, plus actual earnings on those contributions. Vesting in the Additional Matching Employer contribution, and the Nonelective Employer contribution including earnings thereon, is based on graduated rates commensurate with years of service, as defined in the Plan. Participants become fully vested in these contributions after six years of service.

1. DESCRIPTION OF THE PLAN - (continued)

Forfeited Accounts
Amounts that are forfeited may be used to reduce the Company contributions or Plan expenses. At December 31, 2018 and 2017, there were no forfeited non-vested accounts.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The notes are secured by the balances in the participant's account. The notes must be repaid within five years, but this may be extended up to 10 years for the purchase of a principal residence. However, the term may not extend beyond the participant's employment with the Company. The interest rate is set at the beginning of the note and remains fixed for the term of the note. Interest rates for new notes are set at prime rate plus 1% and participants may only have two outstanding notes at a time. At December 31, 2018, the interest rate ranged from 4.25% to 6.25%.

Payment of Benefits
Upon termination of service, hardship as defined, or attaining age 59½, a participant may elect to receive either a lump-sum amount, distributions under a systematic withdrawal plan, or a partial withdrawal of any portion equal to the value of the participant's vested interest in his or her account.

Investment Options
Participants direct the investment of their account balances into various investment options offered under the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates
The preparation of financial statements in accordance with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018, or 2017. Delinquent participant loans are recorded as distributions based upon the terms of the Plan document.

Excess Contributions
Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service, ("IRS") are recorded as a liability with a corresponding reduction in contributions. There were no excess contributions as of December 31, 2018.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

Subsequent Events
The Plan's management evaluated subsequent events through December 12, 2019, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification 820 are described as follows: Level 1 inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access; Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that that are observable for the asset or liability, or inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Level 3 inputs are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

3. FAIR VALUE MEASUREMENTS – (continued)

The following is a description of the valuation methodologies used for investments measured at fair value.

Mutual Funds
The mutual funds are valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Fidelity Managed Income Portfolio I and Principal LifeTime Hybrid Funds
The Fidelity Managed Income Portfolio I ("FMIP"), a commingled pool, invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds. The Principal LifeTime Hybrid Funds ("PLHF") are collective investment trusts maintained by Principal Global Investors Trust Company are target date funds and are generally invested in open-ended mutual funds, insurance company separate accounts and unaffiliated collective trust funds. As each PLHF approaches its target date, the investment mix becomes more conservative. The FMIP and the PLHFs are valued at the NAV as provided by the trustee, which is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the FMIP or the PLHFs, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017.

Investments at Fair Value as of December 31, 2018

	Level 1	Total
Mutual funds	$ 784,857	$ 784,857
Total investments in the fair value hierarchy	$ 784,857	784,857
Investments in common collective trusts and commingled pool		1,668,034
Investments at fair value		$ 2,452,891

3. FAIR VALUE MEASUREMENTS – (continued)

Investments at Fair Value as of December 31, 2017 - Unaudited

	Level 1	Total
Mutual funds	$ 669,816	$ 669,816
Total investments in the fair value hierarchy	$ 669,816	
Investments in common collective trusts and commingled pool		1,384,256
Investments at fair value		$ 2,054,072

(a) In accordance with FASB Subtopic 820-10, certain investments that are measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investments Measured at Fair Value Using the Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient for the FMIP and PLHFs as of December 31, 2018 and 2017, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

As of December 31, 2018

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
FMIP	$ 20,865	N/A	Daily	1 day
PLHFs	1,647,169	N/A	Daily	1 day

As of December 31, 2017 Unaudited

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
FMIP	$ 20,985	N/A	Daily	1 day
PLHFs	1,363,271	N/A	Daily	1 day

4. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of mutual funds and a common commingled pool managed by an affiliate of FMTC. FMTC acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. There have been no known prohibited transactions with parties-in-interest.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become 100% vested in their accounts.

6. INCOME TAX STATUS

The Plan is a Prototype Non-Standardized Safe Harbor Profit Sharing Plan ("Prototype Plan") from Fidelity Management & Research Co. The Prototype Plan has received an opinion letter from the IRS stating that Plan sponsors who adopt this Prototype Plan may rely on the opinion letter with respect to the qualification of the Plan under IRC section 401(a).

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

7. UNAUDITED INFORMATION CERTIFIED BY TRUSTEE

The December 31, 2018 Statement of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $2,452,891 at December 31, 2018, and related net investment loss of $(247,474) for the year ended December 31, 2018.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 and 2017 to the IRS Form 5500:
