NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Granader Family Restaurants, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan and trust with a qualified cash or deferred 401(k) arrangement covering all employees of Granader Family Restaurants, Inc., (the "Company"). Participation in the Plan is discretionary for all eligible employees who have attained the age 21 and completed 1 year of service, as defined by the plan. The Plan was established by the Company on January 1, 2005, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Custodian

Nationwide Trust Company, FSB (Nationwide) is the Plan's custodian. Nationwide invests all participant and employer contributions, as well as earnings thereon, pursuant to the terms of the Plan.

Contributions

The Plan allows participants to elect to defer a portion of their compensation up to 100%, including any catch-up contributions for participants who have attained age 50, not to exceed the maximum amounts allowed for by the Internal Revenue Code and the Plan document. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions, including their employer contributions into various investment options offered by the Plan. The amount of the participant's deferred compensation is treated as a participant elective contribution, allocated to that participant's elective account, and is 100% vested at the time of contribution.

No matching contributions of employee deferrals are allowed by the Plan. The Company may make a discretionary profit-sharing contribution, to be determined annually. Each participant is a separate class. Contributions are accumulated and invested, as directed by participants, in a trust fund held by the custodian.

Participant Accounts

Each participant's account is credited with an allocation of (a) the Company's discretionary profit sharing contribution, if any; (b) the participants' voluntary contributions, transfer contributions, and rollover contributions; (c) forfeitures of terminated participants' non-vested accounts; and (d) Plan earnings. The accounts are charged for any withdrawals, distributions, and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting

The Plan provides that participants have no vested interest in the Company contributions until they have completed two years of service, at which time they become 20% vested. Vesting increases by 20% each year up to 100% after six years of plan participation and service. An employee is considered to have completed one (1) year of service for purposes of vesting upon the completion of 1,000 hours of service at any time during a plan year. Participants are fully vested immediately with respect to employee contributions, rollovers and earnings thereon.

Forfeitures

Forfeitures are used to pay Plan expenses. Any remaining forfeitures will be used to reduce employer contributions. There were no unallocated forfeitures at December 31, 2018 and 2017, respectively.

Payment of Vested Benefits

Participants, or their beneficiaries, are entitled to receive the entire amount of their interest in the Plan upon retirement, death, disability or employment termination or qualifying for a hardship distribution as defined in the Plan. Hardship distributions are allowed only from participant deferral amounts. If the participants vested balance is less than $1,000, the entire sum will be distributed as soon as possible following the participant's separation from service. If the participants vested balance is greater than $1,000, they can elect to receive a lump-sum distribution or a rollover. At December 31, 2018, there were no requested distributions that had not been paid as of the Plan year end.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of the vested balance in the participant's account. The loans are secured by the vested balance in the participant's account and bear interest at commercially reasonable rates established by the Plan administrator. The term of such loans may not exceed five years except in the case of a loan for the purchase of a principal residence which may not exceed thirty years. Participants may have a maximum of two outstanding loans at a time. Principal and interest is paid ratably, through payroll deductions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of certain accounting policies followed in the preparation of these financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the plan sponsor. Expenses paid by the plan sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and participant distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no charge to the Plan.

Payments of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan administrator has performed a review of events subsequent to the statements of net assets available for benefits date through October 11, 2019, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY THE CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2018 and 2017, and net depreciation in fair value of investments, interest, and dividends for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide Trust Company, FSB (Nationwide).

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 762,641	$ -	$ -	$ 762,641
Total investments at fair value	$ 762,641	$ -	$ -	$ 762,641

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 768,059	$ -	$ -	$ 768,059
Total investments at fair value	$ 768,059	$ -	$ -	$ 768,059

For the years ended December 31, 2018 and 2017, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

NOTE 5 – INCOME TAX STATUS

The Plan uses a volume submitter prototype plan sponsored by The Retirement Advantage, Inc. The Internal Revenue Service (IRS) has determined and informed the plan sponsor by a letter dated March 31, 2014, that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan itself is not required to and has not received a determination letter from the IRS. Although the Plan has been amended since receiving this letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. During the year ended December 31, 2018, there were direct fees of $1,036 and there were transactions involving the investment of plan assets in investment funds maintained by Nationwide a party-in-interest as defined in Section 3(14) of ERISA. Indirect fees paid by the Plan for investment management services are included in the net appreciation of the fair value of investments.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – PROHIBITED TRANSACTIONS

During the year ended December 31, 2017, there were untimely deposits of participants deferrals into the Plan. Untimely remittance of participant contributions constitutes a prohibited transaction under ERISA section 406. The plan sponsor is currently in the process of making the necessary corrective actions to pay the applicable lost earnings on the late remittances. Participant contributions transferred late to the Plan were $2,605 for the year ended December 31, 2017.
