Note 1. Description of the Plan

The following description of the Bell Mechanical Services, LLC (the Company) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company who have six months of service and are age twenty-one or older. An eligible employee may enter the Plan following the first day of the first month and seventh month of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 92% of annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan also allows for Roth elective deferrals.

The Company contributes a safe-harbor match of 100% of the participant's contribution that does not exceed 3% of the participant's compensation, plus 50% of the participant's contribution that exceeds 3% of the participant's compensation, not to exceed 5% of participant's compensation. The Company's safe-harbor matching contributions may apply to catch-up contributions. The Plan also allows for a discretionary profit-sharing contribution. During the year ended December 31, 2018, there were no additional profit-sharing contributions made to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company contributions, as well as plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, and the safe-harbor matching contributions, plus actual earnings thereon. Vesting in the profit-sharing contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Note 1. Description of the Plan (Continued)

Notes Receivable from Participants

Effective January 1, 2017, the Plan no longer allowed participant loans. Interest income on notes receivable from participants for the year ended December 31, 2018 are related to notes receivable from participants issued prior to January 1, 2017.

Prior to January 1, 2017, participants could borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 4.50%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Generally, a participant shall be entitled to receive a benefit in such amount as can be provided by the total value of the participant's account as of his normal retirement date. Distributions from the Plan's assets are made upon the participant's death, disability, or retirement, termination of service, or other circumstances as described in the Plan Document. A participant or his beneficiary may only receive a lump sum payment. A participant whose vested balance does not exceed $5,000, valued at the time of the distribution, will receive an immediate lump-sum payment. After attainment of age 59 ½, withdrawals can be made from selective participant accounts under the Plan. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited nonvested accounts totaled $5,644 and $538, respectively. These accounts will be used to pay plan administrative expenses or to reduce future employer contributions. No forfeitures were used during the year ended December 31, 2018.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisor. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are treated as distributions based on the terms of the Plan Document. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 3. Information Certified by Capital Bank and Trust Company

The following is a summary of the Plan's asset information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate.

Note 3. Information Certified by Capital Bank and Trust Company (Continued)

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets:

		2018		(Compiled) 2017
Investments, at Fair Value				
Mutual Funds	**$**	**2,472,824**	$	2,011,355
Interest-Bearing Cash	**$**	**5,644**	$	538
Notes Receivable from Participants	**$**	**5,354**	$	12,478

Capital Bank and Trust Company also certified to the completeness and accuracy of $237,886 of net depreciation in fair value of investments, $97,580 of interest and dividends related to the aforementioned assets, and $410 of interest income on notes receivable from participants for the year ended December 31, 2018.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standard Board Accounting Standard Codification 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Note 4. Fair Value Measurements (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no changes in the methodology used at December 31, 2018 and 2017.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual Funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their day net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017.

December 31, 2018	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual Funds	**$ 2,472,824**	**$ -**	**$ -**	**$ 2,472,824**
Investments, at Fair Value	**$ 2,472,824**	**$ -**	**$ -**	**$ 2,472,824**

December 31, 2017 (Compiled)	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 2,011,355	$ -	$ -	$ 2,011,355
Investments, at Fair Value	$ 2,011,355	$ -	$ -	$ 2,011,355

Note 5. Related-Party Transactions and Party in Interest Transactions

Certain plan investments are managed by American Funds. American Funds is the recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination or partial plan termination or complete discontinuance of contributions, the rights of all affected participants to their accrued benefits shall be fully vested and non-forfeitable.

Note 7. Tax Status

The Plan has adopted a volume submitter plan sponsored by CCH Incorporated d/b/a FT William Company. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Prohibited Transactions

During 2018, the Plan sponsor inadvertently failed to deposit to the Plan certain participant deferrals totaling $526 within the required timeframe required by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. The Plan sponsor deposited lost earnings to the affected participants' accounts for 2018 in the amount of $56 to compensate those participants for potential lost income due to delays. The Plan sponsor filed Form 5330 and paid the applicable excise tax in 2019. The excise tax payments were made from the Plan sponsor's assets and not from assets of the Plan.

Note 10. Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, December 11, 2019, and determined that no events occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.
