Participants direct the investment of their contributions into various investment options offered by the Plan. A participant may suspend contributions at any time, or may increase or decrease their level of participation at any time during the year.

The Company may make discretionary matching and profit sharing contributions to the Plan equal to a uniform percentage or dollar amount of all eligible participant's salary deferrals.

Each participant's account is credited with the participant's contributions and allocations of Company contributions and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant compensation and account balances. Participants are entitled to the benefit that can be provided from the participant's vested account.

Vesting

A participant is 100% vested in amounts transferred in from the predecessor plan and contributions plus any earnings thereon. Vesting is based on years of continuous service. The participants' vesting in the Company's discretionary matching and profit-sharing contributions will be determined in accordance to the following schedule:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

A participant's vested interest in the Company's matching and profit-sharing contributions will be 100% under the following conditions:

- a) Death or disability of participant while employed by the Company
- b) Attainment by participant of his/her normal retirement age
- c) Plan termination

Investment Options

Upon enrollment in the Plan, participants may direct their elective contribution and Company contribution into various investment options offered by the Plan. Participants may change their investment options at any time.

1. Plan Description (*continued*)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum amount of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may only have one loan outstanding at any time. Loans to participants are secured by the balance in the participant's account and bears an interest rate at commensurate with market rates for similar loans, as determined by the Plan administrator. Loans have various repayment terms generally limited to 5 years, unless that loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time. Principal and interest are paid ratably through biweekly payroll deductions.

Payment of Benefits

Participants are eligible to receive benefit payments when they terminate service or reach age 59 ½. On termination of service, a participant may elect to receive a distribution in the amount equal to the participant's vested interest in their account. Benefit payments are also permitted for death, disability and hardship. In-service withdrawals are limited to a minimum of \$1,000, one distribution per year and can only be made from accounts which are 100% vested.

Forfeitures

The forfeited, non-vested portion of a participant's account is lost upon termination of employment. Forfeited amounts are retained by the Plan and will first be used to pay any administrative expenses and any remaining forfeitures will be used to reduce future Company contributions. As of December 31, 2018 and 2017, forfeited non-vested accounts totaled \$2,644 and \$0. In 2018 and 2017, administrative expenses were reduced by \$1,648 and \$0 from forfeited non-vested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies *(continued)*

Fair Value Measurements

The Plan follows U.S. GAAP guidance on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based on the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value and to transact at that price. The Key Guaranteed Portfolio Fund consists of investment-grade fixed annuities seeking to achieve consistent returns and is reported at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

2. Summary of Significant Accounting Policies *(continued)*

Accounting for Uncertainty in Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition and/or disclosure. The Plan administrator believes that the Plan is no longer subject to examinations by the applicable taxing jurisdictions for years prior to December 31, 2015.

Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through December 5, 2019, the date which the financial statements were available for issue.

3. Information Certified *(Unaudited)*

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC ("Great-West"), the custodian of the Plan, has certified the completeness and accuracy of all the investments and notes receivables from participants reflected in the accompanying statement of net assets available for benefits as of December 31, 2018, and the related investment activity and notes receivable from participants activity reflected in the statement of changes in net assets available for benefits for the year then ended, and the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018.

4. Investments

The following are the major categories of investments measured at fair value on a recurring basis at December 31, grouped by the fair value hierarchy:

	2018		
	Level 1	Level 2	Total
Mutual funds	\$ 4,445,998	\$ -	\$ 4,445,998
Fixed annuities*	-	1,622,373	1,622,373
	<u>\$ 4,445,998</u>	<u>\$ 1,622,373</u>	<u>\$ 6,068,371</u>

*Participants transact at contract value and fair value is determined annually for financial statement reporting purposes only.

5. Key Guaranteed Portfolio Fund

The Key Guaranteed portfolio fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

The Company has adopted a volume submitter prototype plan document which received an opinion letter from the IRS dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

8. Party-In-Interest Transactions

Certain investments of the Plan are managed by Great-West. Great-West is the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees of the Plan may borrow from their accounts and such loans qualify as party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants on the statements of net assets available for benefits.

9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
