EMPLOYEE SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

March 4, 2019

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the PURCELL-MURRAY COMPANY, INC. EMPLOYEE SAVINGS AND RETIREMENT PLAN (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Merger – The Board of Trustees approved the merger of this Plan into the Justworks Retirement Savings Plan, a multiple employer plan, effective January 22, 2019.

As a result of the merger, all investments and other assets were transferred from the Plan into the Justworks Retirement Savings Plan. Participants became eligible to participate in the merged plan effective January 22, 2019. All participant accounts were transferred to the merged plan on March 4, 2019. The terms of the surviving plan are substantially the same as those of the Plan.

General – The Plan was established to provide retirement benefits for employees of Purcell Murray Company, Inc. and its wholly owned subsidiary, Purcell Murray Builder Sales (the “Company”). The Plan was a defined contribution plan covering all eligible employees who had attained twenty-one years of age, and had completed one month of employment. Members of a collective bargaining agreement and non-resident aliens receiving no income from U.S. sources were not eligible to participate in the Plan. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the Internal Revenue Code (“IRC”). The Board of Trustees was responsible for oversight of the Plan including determining the appropriateness of the Plan’s investment offerings and monitoring investment performance.

The Plan provided for a plan administrator who was responsible for keeping accurate and complete records with regard to the Plan’s operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conformed to the law and to government regulations, and provided participants with any reports and documents required by law.

Participant Contributions – Participants were permitted to voluntarily contribute up to 15% of pretax annual compensation, as defined by the Plan. For the 2019 calendar year, annual contribution were limited \$19,000 and catch-up contributions were limited \$6,000. Participants who had attained age 50 before the end of the Plan year were eligible to make catch up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Employer Contributions – The Company had the option under the Plan to make discretionary matching contributions. A participant must have had a year of service to be eligible for the Company contributions. In addition, the Company could also make discretionary profit sharing contributions, as determined by the Trustees, subject to limitations imposed by applicable provisions of the IRC. There were no matching contributions or discretionary profit sharing contributions for 2019 or 2018.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts – The Plan maintained an account for each participant which was credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts were charged with an allocation of certain expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting – Participants were immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon. Employer contributions and earnings thereon vested according to the following schedule:

<u>Years of Credited Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Notes Receivable From Participants – Prior to the merger of the Plan, participants were permitted borrow from their vested account balances provided they met the Plan's eligibility requirements. The minimum loan amount was \$1,000 and the maximum amount was the lesser of one-half of the participant's vested account balance or \$50,000. The duration of the loan was not to exceed five years, except for loans used to finance the purchase of a primary residence for which the term was thirty years. The loans were secured by the balance in the participant's account and bore a fixed rate of interest based on the prime rate at the date of the loan as listed in the Wall Street Journal plus 1.00%. Principal and interest were paid ratably through payroll deductions and loans were due immediately upon termination of employment.

Investment Options – Prior to the merger of the Plan, upon enrollment in the Plan, a participant was permitted to direct the investment of his or her account balance into various funds available through the Plan.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits – Prior to the merger of the Plan, upon termination of service, death, disability or retirement, a participant was eligible to receive a distribution in (a) a lump-sum payment, (b) installment payments, or (c) a combination of lump-sum and installment payments. Terminated participants with account balances over \$5,000 could delay receipt of distributions. If a terminated participant's account balance was between \$1,000 and \$5,000, and no instructions had been received from such participant, the amount could be rolled over to an individual retirement account as designated by the plan administrator for the benefit of the participant. Vested account balances of less than \$1,000 were automatically distributed to the participant as a single lump-sum distribution. A participant was also eligible to receive a pre-retirement distribution if the participant is 100% vested in the amount being distributed, and has reached 59½ years of age.

Forfeited Accounts – Any portion of a terminated employee's account that was not vested was forfeited, subject to the possibility of reinstatement. These forfeitures were used to pay administrative expenses and fund future employer contributions. At March 4, 2019 and December 31, 2018, forfeited non-vested accounts totaled \$0 and \$48,730. Forfeited non-vested accounts of \$49,011 were transferred to the Justworks Retirement Savings Plan on March 4, 2019 in connection with the merger.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan prepares its financial statements on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting periods. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments were reported at fair value, except for the fully benefit-responsive investment contract, which was reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustees determined the Plan's valuation policies utilizing information provided by the Plan's advisers, custodian and insurance company. See Note 3 for discussion of fair value measurements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued) – Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of the investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

As discussed in Note 1, all Plan investments were transferred to the Justworks Retirement Savings Plan on March 4, 2019.

Notes Receivable From Participants – Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as expenses and were expensed when they were incurred. No allowance for credit losses has been recorded as of March 4, 2019 or December 31, 2018.

All notes receivable from participants were transferred to the Justworks Retirement Savings Plan on March 4, 2019.

Payments of Benefits – Benefits were recorded when paid.

Expenses – The Plan permitted the payment of Plan expenses to be made from the Plan's assets, which were funded from forfeitures, excess revenue sharing, or was proportionately allocated to the accounts of all participants in the Plan. Such expenses included fees paid to the custodian, third-party consultants and record-keeper. Further, certain expenses specifically incurred by and attributable to a participant were paid out of the related participant's account. Investment related expenses were included in net appreciation of fair value of investments. Any expenses not paid by the Plan were paid by the Company and are excluded from these financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under this standard are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the period ended March 4, 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Interest Bearing Cash: Valued at cost which represents fair value.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that is not indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

March 4, 2019				
	Level 1	Level 2	Level 3	Total
Assets in the Fair Value Hierarchy:				
Mutual Funds	\$ -	\$ -	\$ -	\$ -
Interest Bearing Cash	-	-	-	-
Investments at Fair Value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>
December 31, 2018				
	Level 1	Level 2	Level 3	Total
Assets in the Fair Value Hierarchy:				
Mutual Funds	\$ 9,731,002	\$ -	\$ -	\$ 9,731,002
Interest Bearing Cash	48,730	-	-	48,730
Investments at Fair Value	<u>\$ 9,779,732</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,779,732</u>

As of December 31, 2018, four investments accounted for approximately 58% of total investments.

NOTE 4 – CERTIFIED INFORMATION

The investment and notes receivable from participants information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, including investment assets, notes receivable from participants, investment income or loss, interest income on notes receivable from participants and the schedule of assets held at year end included in the accompanying financial statements was obtained from data that has been certified by State Street Bank & Trust (“State Street”), custodian of Plan assets and Transamerica Life Insurance Company (“Transamerica”), to be complete and accurate.

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

Prior to the merger, as part of the Stable Value Advantage Option, the Plan had entered into a fully benefit-responsive group annuity contract with Transamerica. Transamerica (“the issuer”) maintained the contributions in a general account. The issuer was contractually obligated to repay the principal and a specified interest rate to the Plan. The crediting interest rate was based on a formula agreed upon with the issuer and there was no minimum rate. Such interest rates were reviewed at six month intervals for resetting, and at least 45 days in advance of the date the new rate being effective. There were no reserves against contract value for credit risk of the contract issuer or otherwise.

The investment contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value was the relevant measure for fully benefit-responsive investment contracts because this was the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract values, as reported to the Plan by Transamerica, represented contributions made under the contract, plus earnings, less participant withdrawals, and expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due was dependent on the issuer’s ability to meet its financial obligations. The issuers’ ability to meet its contractual obligations may have been affected by future economic and regulatory developments.

All permitted participant-initiated transactions involving the investment occurred at contract value with no conditions, limits or restrictions. No events were probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issues and that also would limit the ability of the Plan to transact at contract value with the participants.

PURCELL-MURRAY COMPANY, INC.
EMPLOYEE SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

March 4, 2019

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

Transamerica could terminate the contract with 30 days advanced written notice to the contract owner for reasonable cause, which included the following: 1) the Plan was changed so as to significantly affect Transamerica's obligations under the contract; or 2) the contract could no longer be treated as a pension plan contract, as that term is defined under the IRC, and Transamerica determines that it was not practical to continue providing benefits under the contract; or 3) the Plan was terminated; or 4) the contractholder failed to comply with the requirements under the contract; or 5) the contractholder, except by unintentional omission, failed to provide information Transamerica requires under the contract; or 6) the contractholder, except by unintentional omission, failed to furnish Transamerica with a copy of any amendments to the Plan or annual report records, as defined; or 7) the sum of the contract account valued at any time equals \$20,000 or less. Upon termination by Transamerica, no market value adjustment applied.

NOTE 6 – TAX STATUS

The Company adopted a Plan document which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014 under a volume submitter program, which stated that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan has not filed for a determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

NOTE 7 – RELATED PARTY TRANSACTIONS

Certain Plan investments were shares of mutual funds managed by an affiliate of Transamerica, therefore these transactions qualified as party-in-interest transactions. Fees paid by the Plan for investment management services were included in net appreciation in fair value of investments, as they were paid through revenue sharing, rather than a direct payment. Transamerica provided certain administrative services to the Plan pursuant to a service agreement between the Company and Transamerica. Transamerica received revenue from certain investment service providers for services Transamerica provided to the funds. This revenue was used to offset certain amounts owed to Transamerica for its administrative services to the Plan. Fees paid by the Plan to an affiliate of Transamerica for recordkeeping services amounted to \$10,822 for the period ended March 4, 2019 and \$70,969 for the year ended December 31, 2018.

PURCELL-MURRAY COMPANY, INC.
EMPLOYEE SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

March 4, 2019

NOTE 7 – RELATED PARTY TRANSACTIONS (Continued)

If the revenue received by Transamerica from such investment service providers exceeded the amount owed under the service agreement, Transamerica remitted the excess to the Plan. Such amounts could have been applied to pay Plan recordkeeping and administration fees. At December 31, 2018, unallocated accounts resulting from excess revenue sharing totaled \$31,313. The Plan or Plan sponsor could make a payment to Transamerica for administration expenses not covered by revenue sharing. Excess revenue sharing amount of \$32,155 was transferred to the Justworks Retirement Savings Plan on March 4, 2019 in connection with the merger.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provided for various investment options in any combination among the funds offered through the trustee of the Plan. Investment securities were exposed to various risks, such as interest rate, market fluctuation and credit risks.

NOTE 9 – SUBSEQUENT EVENTS

The Company has evaluated subsequent events through December 11, 2019, the date the financial statements were available to be issued.
