NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

Note A – Description of the Plan

The following description of the Home Care Assistance 401(k) Profit Sharing Plan (“the Plan”) provides only general information. Interested persons should refer to the Plan agreement or the Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan was established on February 1, 2012. The Plan is a participant-directed defined contribution plan established by Home Care Assistance (“the Company”) under the provision of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan has been amended since inception to comply with tax law changes and make other changes to the Plan’s design.

Plan Administration

The Company has delegated certain responsibilities for the operation and administration of the Plan to Ascensus Trust Company, as the Plan Trustee. In addition, certain administrative and recordkeeping services were provided by Ascensus Trust Company.

Participation

All employees of the Company who have completed 6 months of service, as defined, and are at least 21 years of age are eligible to participate. To begin deferring a portion of a participant’s compensation into the Plan, the participant must follow the procedures established by the Company.

Employee Deferrals and Company Matching Contributions

Eligible participants may elect to contribute up to 100%, but not to exceed statutory limits, of their compensation to the plan through payroll deductions. The Plan permits participants to make certain tax-free transfers (rollovers) of lump sum distributions received from other tax-qualified plans subject to code regulations. Eligible employee contributions are fully vested when contributed.

The Company matches 20% of employee contributions to the 401(k) portion of the Plan up to the maximum Internal Revenue Service limits. Matching contributions are fully vested when received.

Participants direct the allocation of their contributions entirely or in percentages to any of the funds. Employee salary deferrals and the Company matching contribution are deposited directly into the appropriate fund by the Company in accordance with the participants’ directives and the terms of the Plan.

The employee deferral and Company matching contributions to the Plan are intended to qualify under Sections 401 and related provisions of the Internal Revenue Code.

Profit Sharing Contributions

The Plan provides assistance toward meeting an eligible employee’s retirement needs by allowing the Company to make discretionary profit contributions. The Company did not make profit sharing contributions for the years ending December 31, 2018 and 2017. A participant’s profit sharing contributions account is fully vested when received.

NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

Note A – Description of the Plan (Continued)

Payment of Benefits

Upon a participant's termination of employment, attainment of the normal retirement age, death, or disability, the participant (or the participant's beneficiary in the event of death) may elect to receive a lump sum distribution equal to the value of his or her account, partial payments, or direct trustee to trustee rollovers. If the participant's account balance is less than \$1,000, a lump sum distribution will be made without regard to the consent of the participant or the participant's spouse. All distributions elected by terminated participants during the Plan year have been paid by the Plan at December 31, 2018.

Hardship Withdrawals

Participants may withdraw their vested contributions in the event of hardship as defined in the Plan agreement.

Notes Receivable from Participants

Participants may borrow against their vested balances for any reason. The loan provisions are structured to allow access to vested balances without incurring distribution penalties. The loan amount, length of loan repayment terms and interest rates are limited by statutory restrictions incorporated in the Internal Revenue Code and related regulations.

The Plan allows participants to borrow not less than \$1,000 and up to the lesser of \$50,000 or 50% of their vested account balance. Participants are not permitted to take loans from Roth deferrals. The loans are secured by the participant's vested balance. Such loans bear interest at the prime rate (as specified in the Wall Street Journal) plus 1% and must be repaid to the Plan within a five-year period, unless the loan is used for the purchase of a principal residence in which case the maximum repayment period may be repaid over 15 years. The specific terms and conditions of such loans are established by the Plan administrator. Outstanding loans at December 31, 2018, carry interest at rates of 4.50%–6.25%.

Forfeitures

At December 31, 2018 and 2017, there were no forfeited nonvested matching and non-elective accounts.

Investment Management Fees and Operating Expenses

The Company pays the cost of administering the Plan such as recordkeeping, accounting, legal and custodian services. Investment fees are generally assessed as a percentage of assets invested, and are deducted directly from investment returns.

Administrative Expenses

Substantially all administrative expenses of the Plan are paid by the Company. Separate fees for distributions, loan processing and certain investments, as specified in the service agreement, are charged to individual participant's accounts.

NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

Note B – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted (“GAAP”) in the United States of America. Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Investment Valuation and Income Recognition

The Plan’s registered investment companies (mutual funds) and money market fund investments are stated at fair value. The shares of mutual funds are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. Money market funds are valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains on investments bought or sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value Measurements

The Plan performs fair value measurements in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, Fair Value Measurements and Disclosures. Refer to Note D for the fair value measurement disclosures associated with the Plan’s investments.

Note C – Information Certified by the Plan’s Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the following information certified by the trustee, except for comparing such information certified by the trustee to information included in the Plan’s financial statements and supplemental schedule of assets held for investment purposes.

Investment income certified by the trustee for the year ended December 31, 2018:

Net depreciation in fair market value	\$ (282,170)
Dividend income	67,553
Interest income*	<u>5,109</u>
Total investment income	<u>\$ (209,508)</u>

* The Financial Statements and Form 5500 include accrued interest and other adjustments on outstanding participant loans of \$819 and \$486 for the year ending December 31, 2018 and 2017, respectively.

Note D – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Certification (ASC) 820, Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

Note D – Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the net asset value (“NAV”) per shares reported at the close of each business day or reporting period.

Money market funds: Valued at cost, which approximates fair market value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2018 and 2017:

Assets at Fair Values as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Interest bearing cash:				
Money market	\$ 33,007	-	-	\$ 33,007
Total interest bearing cash	33,007	-	-	33,007
Mutual funds:

NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

Note E – Income Tax Status

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

Note F – Party-In-Interest Transactions

Certain administrative functions are performed by officers or employees of the Company. No such officer, employee, or trustee receives compensation from the Plan. Substantially all of the legal, accounting and administrative expenses of the Plan are paid for by the Company. Other than as described above, the Plan has no agreements or transactions with any party in interest.

Note G – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, and participant accounts will be distributed in accordance with the Plan document and ERISA.

Note H – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note I – Subsequent Events

The Plan has evaluated subsequent events through June 25, 2019, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

Note J – Prohibited Transaction

During 2018, the Plan sponsor inadvertently failed to deposit \$673 of participant deferrals payments within the required timeframe as stated by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. The Plan sponsor remitted the late participant contribution and related employer match contribution of \$135 to the Plan, requested Ascensus Trust Company to calculate and correct the gain/loss associated with the late remittances, and filed Form 5330 with the DOL accordingly. All applicable excise tax and penalties were paid from the Plan sponsor's assets and not from assets of the Plan. The late contributions are reflected as contribution receivables on the statement of net assets available for benefits.
