Independent Auditor's Report

To the Plan Administrator of
the 618 Main Clothing Corp 401(k) Plan
North Bergen, New Jersey

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the 618 Main Clothing Corp 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits in liquidation as of July 31, 2016, and the related statement of changes in net assets available for benefits in liquidation for the period from January 1, 2016 to July 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of July 31, 2016 and for the period from January 1, 2016 to July 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in Note 6 to the financial statements, the governing body of 618 Main Clothing Corp 401(k) Plan approved a plan of liquidation on December 29, 2015, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis to the liquidation basis. Our opinion is not modified with respect to this matter.

Other Matter – 2015 Financial Statements

The financial statement of the Plan as of December 31, 2015, was audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated July 25, 2016, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2016 financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of Plan

The following description of the 618 Main Clothing Corp (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan was a defined contribution plan covering all employees of the Company who had completed one year of service and who were age 21 or older. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Directors of the Company, the Plan's Sponsor, resolved on December 29, 2015 to terminate the Plan effective February 29, 2016 (see Note 6).

Contributions: Participants could make pre-tax or Roth contributions up to 90% of annual compensation, as defined in the Plan. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other eligible retirement plans. Participants directed the investment of their contributions into various investment options offered by the Plan. The Company could also elect to contribute a discretionary contribution. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account was credited with the participant's contributions and Company discretionary contributions, as well as allocations of Plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

Vesting: Participants were vested immediately in their contributions plus actual earnings thereon. Discretionary Company contributions were vested based on the participant's years of service as follows:

Years of Service	Vesting Percentage
Less than 2 years	0%
At least 2 years, but less than 3	20%
At least 3 years, but less than 4	40%
At least 4 years, but less than 5	60%
At least 5 years, but less than 6	80%
6 years or more	100%

Note 1 – Description of Plan (continued)

In the event a participant became disabled under the Plan while employed by the Company, the participant became 100% vested. With the February 29, 2016 Plan termination, all participants' accounts were 100% vested as of February 29, 2016.

Notes Receivable From Participants: Participants could have borrowed from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. No more than one loan per participant was permitted at any time. The loans were secured by the balance in the participant's account. The loan interest rate was set at 2 percent above the prime rate, as defined. Principal and interest was paid ratably through monthly payroll deductions.

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant could elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. In addition, participants could elect to receive installments, request a partial withdrawal, or defer receiving payments until age 70 ½. Participants could also receive an in-service withdrawal upon reaching age 59 ½. Hardship withdrawals were also permitted.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation: The financial statements of the Plan are prepared on the liquidation basis of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determined the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 – Summary of Significant Accounting Policies (continued)

Notes Receivable From Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are paid. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 3 – Investments and Information Certified by the Trustee

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan management instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by State Street Bank and Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee with information included in the Plan's financial statements:

Investments held and participant loans receivable certified by the trustee as of July 31, 2016 and December 31, 2015:

	2016	*2015*
Investments	$ -	$ 35,425
Participant loans receivable	-	1,536

Investment income and interest on participant loans certified by the trustee for the period from January 1, 2016 to July 31, 2016:

Net depreciation in fair value of investments	$ (329)
Dividend income	-
Interest on participant loans	12

Note 3 – Investments and Information Certified by the Trustee (continued)

The following presents select investments, with approximate percentage of the Plan's net assets, as of July 31, 2016 and December 31, 2015.

	2016		*2015*	
T. Rowe Price Retirement 2045 - R	$ -	-	$ 16,659	45%
T. Rowe Price Retirement 2025 - R	-	-	12,481	34%

During the period from January 1, 2016 to July 31, 2016, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $329.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Note 4 - Fair Value Measurements (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 31, 2016 and December 31, 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust (CCT): Valued at fair value by discounting the related cash flow based on current yields of similar instruments with comparable durations. The CCT's are priced daily. This mil rate is a blend of the contracts' rate of return and the liquidity component's daily mil rate. The contracts' rate of return is typically reset on a quarterly basis. The CCT's daily value is calculated based on the contract value which is based on the provisions of the contract.

The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. While Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of July 31, 2016 and December 31, 2015:

	Assets at Fair Value as of July 31, 2016			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds	$ -	$ -	$ -	$ -
Common collective trust	-	-	-	-
Total assets in the fair value hierarchy	$ -	$ -	$ -	-
Investments measured at net asset value				-
Investments at fair value				$ -

	Assets at Fair Value as of December 31, 2015			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds	$ 34,506	$ -	$ -	$ 34,506
Common Collective Trust	-	919	-	919
Total assets in the fair value hierarchy	$ 34,506	$ 919	$ -	35,425
Investments measured at net asset value				-
Investments at fair value				$ 35,425

Note 5 – Related-Party Transactions and Party-In-Interest Transactions

Management believes that fees paid during the year for administrative and managerial services rendered by State Street Bank and Trust Company, the trustee as defined by the Plan, and ADP Retirement Services, the recordkeeper as defined by the Plan, were based on customary and reasonable rates for such services. These transactions qualify as exempt party-in-interest transactions. Notes receivable from participants are also considered exempt party-in-interest transactions.

Note 6 – Plan Termination

The Board of Directors of the Company, the Plan's Sponsor, resolved on December 29, 2015 to terminate the Plan effective February 29, 2016 with no further contributions to be made to the Plan. The accounts of the participants in the Plan became 100% vested as of the date of the plan termination, and the benefits held under the Plan were distributed to plan participants as soon as administratively feasible pursuant to the terms of the Plan. All benefits held under the Plan were distributed to plan participants as of July 31, 2016. In accordance with accounting principles generally accepted in the United States of America, the Plan changed its basis of accounting from the going concern basis to the liquidation basis used in presenting the 2016 financial statements. The liquidation basis was not materially different than the going concern basis because the Plan's assets are recorded at fair value.

Note 7 – Tax Status

The Plan uses a non-standardized prototype plan document sponsored by ADP, Inc. ADP, Inc. obtained an opinion letter on March 27, 2012, in which the IRS stated that the non-standardized prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code ("IRC") Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and was being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could have occurred in the near term and that such changes could have materially affected participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Subsequent Events

The Plan has evaluated subsequent events through December 17, 2019, the date which the financial statements were available to be issued.

Schedule C, Line 2(h) Formula Description

For those service providers listed on Line 2 for which Line 2(h) has been checked "yes":

For a description of indirect compensation received by service providers listed on Line 2 that was disclosed as a formula, please see Line 3(e). Please note: If indirect compensation disclosed as a formula was received by a service provider from more than one source, there will be multiple Lines 3(e) for that service provider.
