1. Description of Plan

The following description of the Armor Correctional Health Services, Inc. 401(k) Plan (the "Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution 401(k) plan covering certain employees of Armor Correctional Health Services, Inc. 401(k) Plan (the "Company") and became effective January 1, 2005. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Termination:

Although it has expressed no intention to do so, the Company retains the right to terminate the Plan. In the event of Plan termination, all amounts credited to participants' accounts become fully vested subject to the requirements of ERISA. The Company also retains the right to amend the Plan.

Eligibility

Employees of the Company who have attained the age of 21 and are not per diem or temporary employees may participate in the Plan within 90 days of service required. New employees are subject to automatic deferral provisions whereby the Company automatically defers 1% of the participant's compensation.

Contributions and allocations:

Participants may contribute a portion of their salary or wages through payroll deduction contributions. Each participant is permitted to defer up to the maximum amount allowed by the Internal Revenue Code (the "Code") limited to $18,500 during 2018. Participants over the age of 50 are allowed to contribute an additional $6,000 catch-up contribution. Participants' contributions to the Plan are invested as directed by the participants. Brokerage fees incurred pursuant to participant-directed investments are paid solely with the funds from the individual account of the participant.

Each year, the Company may, at its discretion, contribute on behalf of each participant a matching contribution equal to a discretionary percentage, to be determined by the Employer, of a participant's compensation contributed as an elective deferral contribution with respect to each plan year. In addition, the Company may, at its discretion, make a profit sharing contributions with respect to each plan year.

1. Description of Plan (continued)

At the consent of the Company, the Plan allows employees to rollover amounts into the Plan from other qualified plans. The rollover contribution is permitted provided the trust from which the funds are to be transferred permits the transfer to be made and, in the opinion of the Company's legal counsel, such transfer will not jeopardize the tax exempt status of the Plan or create adverse tax consequences for the Company.

Benefits and vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Participants become vested in the Company's matching contributions plus actual earnings thereon, ratably based upon years of service. A participant is 100% vested after five years of service. However, in the event of termination of a participant's employment for death, for total or permanent disability, or upon attainment of the normal retirement age of 65 years, such participant's Company matching contributions shall immediately vest 100%.

Participants with less then five years of service prior to the effective date, vest as follows:

Years of Service	Percent Vested
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Participants or their beneficiaries are eligible to receive distributions of their vested account balances upon retirement or other termination of employment. Distributions of benefits while the participant is still employed are permitted for rollovers of the account balances, after-tax distributions, financial hardship, as defined, or upon the attainment of age 59½. Participants or their beneficiaries will receive a lump sum payment.

Investment management fees and operating expenses:

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair value of investments.

Notes receivable from participants:

A participant may borrow a minimum of $1,000 not to exceed 50% of his or her vested account balance, subject to certain limitations. Notes are repayable through payroll deductions over periods ranging up to five years. The interest rate is determined by the Plan administrator based on prevailing market conditions and is fixed over the life of the loan. The range of interest rates on outstanding notes from 3.25% to 4.25% as of December 31, 2018.

2. Summary of Accounting Policies

The following are significant accounting policies followed by the Plan:

Basis of accounting:

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is earned on the accrual basis. Delinquent participant notes are reclassified as distributions based on the terms of the plan document.

Risks and uncertainties:

The Plan provides for investment options various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statement of net assets available for benefits.

Recent Accounting Pronouncements

The Plan's management continuously monitors and reviews all current accounting pronouncements and standards from the Financial Accounting Standards Board and other authoritative sources of U.S. GAAP. As of December 31, 2018, there were no new pronouncements, interpretations or staff positions that had or were expected to have a significant impact on the financial statements of the Plan.

Subsequent Events

The Plan's management evaluated subsequent events through October 11, 2019 which is the date that the financial statements were available to be issued.

3. Investments

The Company has entered into an agreement whereby, Nationwide Financial Services, Inc. ("Nationwide") has been appointed the Trustee of the Plan's assets. Under the terms of the agreements, Nationwide, the "Trustee") holds and invest the funds of the Plan subject to the direction of a designated investment committee. The Company is the Plan's administrator and fiduciary. All investments are carried at fair value.

4. Fair Value Measurements

In accordance with Accounting Standards Codification 820, "Fair Value Measurements," ("ASC 820") for financial assets and liabilities, fair value is defined as an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, ASC 820 establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. The three levels of inputs used to measure fair value are as follows:

Level 1	Quoted prices in active markets for identical assets or liabilities.
Level 2	Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
Level 3	Unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value as of December 31, 2018 and 2017.

The investments are mutual funds. Fair values for these investments are based on quoted prices in active markets and are therefore classified within Level 1 of the fair value hierarchy.

4. Fair Value Measurements(continued)

The following table summarizes financial assets measured at fair value on a recurring basis as of December 31, 2018 and 2017, segregated among the appropriate levels within the fair value hierarchy:

Description	Fair Value	Fair Value Measurements at December 31, 2018		
		Level 1	Level 2	Level 3
Assets:				
Mutual Funds	$ 13,041,956	$ 13,041,956	$ -	$ -
Total Investments, at Fair Value	$ 13,041,956	$ 13,041,956	$ -	$ -

Description	Fair Value	Fair Value Measurements at December 31, 2017		
		Level 1	Level 2	Level 3
Assets:				
Mutual Funds	$ 15,017,634	$ 15,017,634	$ -	$ -
Total Investments, at Fair Value	$ 15,017,634	$ 15,017,634	$ -	$ -

5. Information Certified by Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide.

6. Tax Status

The prototype plan received a favorable determination letter dated March 31, 2014 from the Internal Revenue Service ("IRS"). Although the Plan itself has not received a determination letter, the Company believes that the Plan was designed and operates in compliance with the applicable requirements of the Code.

6. Tax Status (continued)

The Plan was not in compliance with certain IRS non-discrimination tests for the years ended December 31, 2018 and 2017. The noncompliance was corrected through a refund of the excess 401(k) contributions contributed by "highly compensated" employees. Such refunds are reflected in the accompanying Statements of net assets available for plan benefits as "Refund of excess contributions payable".

In addition, the Company determined that incorrect data was used for the original nondiscrimination testing for the 2016 Plan year which resulted in a correction of excess contributions. The revised excess contributions were not corrected within the twelve month correction period; therefore, the Company used the one-to-one method provided under Revenue Procedures 2013-12, Appendix A, section .03 to make the correction. During 2018, excess contributions, adjusted for earnings, were distributed to highly compensated employees. The same dollar amount was contributed as a qualified nonelective contribution to the plan and was allocated based on compensation to all eligible non-highly compensated employees. The Company is in the process of reviewing the data used for the 2018 nondiscrimination testing, if additional corrections are needed, the corrections will be made during 2019.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination of the IRS. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Administrative Expenses

The Company performs certain services for the Plan for which no fee is charged. Additionally, the Company paid approximately $43,000 of other expenses related to the administration of the Plan for 2017.

8. Forfeitures

Non-vested contributions which have been forfeited by employees due to termination of employment prior to achieving vested status on employer contributions are used to reduced future contributions by the Company. Forfeitures used to pay administrative expenses totaled approximately $33,000. Forfeitures available to reduce employer contributions or pay administrative as of December 31, 2018 approximated $5,600.

9. Related Party Transactions
