DDS, LLC Retirement Plan
Notes to the Financial Statements
January 23, 2018 and December 31, 2017

Note 1: Description of Plan

The following description of DDS, LLC Retirement Plan (hereinafter referred to as the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Diversified Distribution Systems, LLC (the Company) who have completed three consecutive months of service and are age eighteen (18) or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's inception date of the Plan was May 31, 1981. The Plan is periodically amended/restated to stay in compliance with laws and regulations.

The Company is the Plan sponsor. Ascensus Trust Company has been appointed trustee of the Plan. Ascensus, Inc. is the Plan administrator and provides recordkeeping and reporting services for the Plan.

Contributions

Each year, participants may contribute up to 80 percent of eligible earnings, as defined in the Plan, limited to the provisions of Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Employees are automatically enrolled, upon meeting eligibility requirements, at a pretax contribution rate of three percent unless they elect otherwise.

The Company contributions to the Plan equal to 100 percent of the aggregate salary reduction contribution up to 2 percent. At the discretion of the Board of Directors, additional non-elective profit-sharing contributions can be made.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and may be charged with an allocation of investment expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary and/or non-discretionary contribution(s) of their accounts plus actual earnings thereon is based on years of service. Participants are fully vested after completion of four years of service, or if they have reached normal retirement age of 65, die, or become disabled. Participants earn a year of service for purposes of vesting upon completion of 1,000 hours of service during the plan year.

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less Than 2	0%
2 but Less Than 3	25%
3 but Less Than 4	50%
4 or More	100%

DDS, LLC Retirement Plan
Notes to the Financial Statements
January 23, 2018 and December 31, 2017

Note 1: Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts, except the Roth deferral account, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balances. Loans are made on a pro rata basis from all investment funds in which an account is invested. The loans are secured by the balance in the participant's account and bear interest a rate ranging from 4.25% to 5.50% which, are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or, as applicable, in Plan specified annual installments. For termination of services due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Forfeited non-vested accounts are used to pay employer contributions and/or administrative expenses. Forfeited non-vested accounts as of January 23, 2018 and December 31, 2017, totaled \$0 and \$10,886, respectively. \$1,000 and \$4,000 of forfeitures were used to reduce administrative expenses and employer contributions, respectively, for 2018.

Merger

Due to the Plan Sponsor, Diversified Distribution Systems, LLC, being acquired by Bunzl PLC, a multinational distribution and outsourcing company headquartered in London, United Kingdom, on May 22, 2017, the Plan was amended effective January 1, 2018. As a result of the amendment, the plan was frozen effective January 1, 2018. In addition, effective January 23, 2018, the Plan was merged into the Bunzl USA, LLC Deferred Savings Plan. The trustee of the Plan has been authorized and directed to transfer all assets of the trust to the trust established under the Bunzl Plan. Upon such transfer, Ascensus Trust is no longer serving as the trustee of the Plan and has been relieved as trustee.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with generally accepted accounting principles in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The investment Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of January 23, 2018 and December 31, 2017. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid for directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participants account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

New Accounting Pronouncements

New accounting standards issued by, but not effective until after, January 23, 2018 are not expected to have a significant impact on the Plan's financial statements.

Subsequent Events

Subsequent events were evaluated through November 15, 2018, which is the date the financial statements were available to be issued.

Note 4: Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the assets or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017. There were no assets held by the Plan that were measured using fair value as of January 23, 2018.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Mutual funds are classified as a Level 1 investment.

Common Collective Trust - Stable Value Fund: Value based on the contractual terms of the underlying guaranteed investment contracts and provides a daily mil-rate for income accretion. The Fund uses its best efforts to maintain a stable net asset value (NAV) of \$1 per unit; although there is no guarantee that the Fund would maintain this value.

Note 4: Fair Value Measurement (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017:

	Quoted Prices in Active Markets for Identical Assets Level 1	Other Observable Inputs Level 2	Unobservable Inputs Level 3	Fair Value
Mutual Funds	\$ 11,119,285	\$ -	\$ -	\$ 11,119,285
Common Collective Trusts	-	311,394	-	311,394
Total Assets at Fair Value	<u>\$ 11,119,285</u>	<u>\$ 311,394</u>	<u>\$ -</u>	<u>\$ 11,430,679</u>

There were no Plan assets measured at fair value as of January 23, 2018.

Note 5: Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6: Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The Plan Sponsor has elected to merge the Plan with the Bunzl Plan effective January 23, 2018. As of January 23, 2018, all Plan assets were transferred to the Bunzl Plan. All participants are 100 percent vested in their account balances.

Note 7: Party-in-Interest Transactions

Transactions resulting in Plan assets being transferred to or used by a related party are considered prohibited transactions under ERISA unless a specific exemption exists. Certain Plan investments are shares in a common/collective trust and mutual funds managed by Ascensus Trust Company; and therefore, these transactions qualify as party-in-interest transactions. However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As of December 31, 2017, the Plan had three individual investments in mutual funds that accounted for approximately 57 percent of total investments. There were no investments at January 23, 2018.
