INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Management
Insurance Office of America, Inc. 401 (K) Plan
Longwood, FL

Report on the Financial Statements
We have audited the accompanying financial statements of Insurance Office of America, Inc. 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2018 and 2017, the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

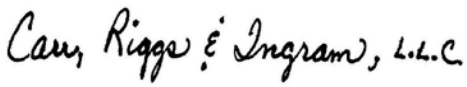

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2018 and 2017, and the changes in net assets available for benefits for the year ended December 31, 2018, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information
Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4(i) Schedule of Assets (Held at End of Year) as of December 31, 2018, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Insurance Office of America, Inc. 401(k) Plan (the Plan), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers substantially all employees of Insurance Office of America, Inc. and related affiliates or subsidiaries (the "Employer") who have reached age 21 and have completed three months of service, as defined in the Plan document. Employees may make elective deferrals (401(k)) of up to 60% of compensation as defined in the Plan document or the maximum annual deferral determined by the Internal Revenue Service (IRS). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and various provisions of the Internal Revenue Code (IRC). A 401(k) Committee is responsible for overseeing the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

Contributions

Each year, participants may contribute a percentage of their eligible compensation, as defined in the Plan document. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation, and their contributions invested in the designated default fund until changed by the participant. The Employer makes a matching contribution each pay period equal to 50% of each participant's contribution to the Plan, up to 4% of the participant's eligible compensation as defined in the Plan document. The Employer may also make discretionary nonmatching contributions to the Plan.

There were no discretionary nonmatching contributions to the Plan for the years ended December 31, 2017 or 2018. The Plan also permits employee catch-up contributions and rollover contributions, as defined in the Plan document. The annual additions to a participant's elective deferral account, Roth account and Employer contribution accounts for a Plan year shall not exceed the maximum permissible amount.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Employer's contributions and Plan earnings or losses, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contributions, plus actual earnings thereon, is based on years of credited service. A participant is 100% vested upon completion of six years of credited service. Notwithstanding the above, a participant is fully vested upon reaching early or normal retirement age, becoming disabled, or death, as further defined in the Plan document. The following table sets forth the graded vesting schedule:

Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Benefit Payments

Upon termination of service, death, disability, or retirement a participant may elect to receive the value of the vested interest in the participant's account in a single lump-sum or partial withdrawal. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed $5,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between $1,000 and $5,000, the Employer may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Note receivable transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Up to one-half of the participant's vested account balance under the Plan can be used as security for the note. All notes must bear a reasonable rate of interest commensurate with local prevailing rates. The interest rates on outstanding loans ranged from 4.25% to 6.25% as of December 31, 2018. Principal and interest is paid ratably through bi-weekly payroll deductions.

Forfeitures

Forfeitures attributable to employer discretionary matching contributions may be used to reduce plan expenses or employer contributions based on the direction of the Plan Administrator. At December 31, 2018, forfeited non-vested accounts total $-, with $135,775 of forfeitures used to reduce employer contributions.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC), a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The participant must meet the condition that they cannot relieve the amount of the need by stopping the elective contributions to the Plan. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Investment Valuation and Income Recognition

Investments generally are reported at fair value, but may also be reported at contract value or net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 4 and 5 for further discussion of fair value measurements and contract value.

The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Employer, as provided by the Plan document. Expenses paid directly by the Employer are excluded from these financial statements. Certain expenses incurred in connection with general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investment presented in the accompanying statement of changes in net assets available for benefits.

Use of Estimates

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan’s investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Plan’s financial statements.

NOTE 3: FAIR VALUE OF INVESTMENTS

The Plan applies ASC 820, *Fair Value Measurements and Disclosures*, which establishes a framework for measuring fair value and expands disclosures about fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 3: FAIR VALUE OF INVESTMENTS (Continued)

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2018 and 2017.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

NOTE 3: FAIR VALUE OF INVESTMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

December 31, 2018	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Mutual Funds	$ 29,324,055	$ -	$ -	$29,324,055
Total investments at fair value	$ 29,324,055	$ -	$ -	$29,324,055

December 31, 2017	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Mutual Funds	$ 29,783,271	$ -	$ -	$29,783,271
Total investments at fair value	$ 29,783,271	$ -	$ -	$29,783,271

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

NOTE 4: INVESTMENTS REPORTED AT CONTRACT VALUE

The Plan entered into traditional benefit-responsive investment contracts with American United Life Insurance Company (AUL), a One America company as of January 17, 2014. As part of the contracts, AUL maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value as reported to the Plan by AUL. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The investment contracts issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for the portion of net assets available for Plan benefits attributable to the guaranteed investment contract. Contract value represents fair value for this investment.

NOTE 4: INVESTMENTS REPORTED AT CONTRACT VALUE (Continued)

There are no reserves against contract value for credit risk of the contracts issuers or otherwise. The contract value of the investment contracts at December 31, 2018 and 2017, were $2,874,113 and $2,887,067, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events might limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE 5: PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are managed by BMO Global Asset Management. BMO Global Asset Management is the custodian as defined by the Plan, and McCready and Keene, Inc. (a One America company) is the third-party administrator, as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investment, as they are paid through revenue sharing, rather than direct payment.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 7: TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Sponsor by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America ("U.S. GAAP") require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8: CUSTODIAN'S RESPONSIBILITY

The Plan is administered by the Plan Administrator. The custodian is appointed by the Plan Administrator. Authority for control, management and administration of the Plan is vested in the Plan Administrator. As the Plan's fiduciary, the custodian's responsibility is to maintain the Plan's assets.

NOTE 9: PLAN COMPLIANCE

For the years ended December 31, 2016, 2017 and 2018, the Plan Sponsor discovered errors in the calculated match based on participant's annual deferrals who had deferral changes during the year. The matching contribution should be based on the effective deferral percentage for the full year, instead of by pay period. The Plan Sponsor made additional employer matching contributions to the participants affected by the corrected effective deferral percentage. The total matching contribution of $29,291 and lost earnings of $1,389 was paid on October 9, 2019.

NOTE 10: SUBSEQUENT EVENTS

Management of the Plan evaluated all events or transactions that occurred after December 31, 2018 through December 17, 2019, the date the financial statements were available to be issued.

On October 9, 2019, the Plan Sponsor made additional matching contributions and estimated earnings of $30,680 for the years ended December 31, 2016, 2017 and 2018, (Note 9) to be in compliance with the Plan document.
