NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Complex Chemical Co., Inc. 401(K) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant directed, defined contribution plan covering all employees of Complex Chemical Co., Inc. (the "Company"), who have attained the age of 21 and completed 2 consecutive months of employment or one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make contributions to the Plan in the form of salary reductions subject to a maximum dollar limitation as determined by the Internal Revenue Service. Participants direct the investment of their contributions into various investment options offered by the Plan. The discretionary profit sharing contribution is determined by the employer with respect to each Plan year. The discretionary contribution is contributed to each eligible participant in accordance with the nondiscriminatory formula determined by the employer. Employer discretionary profit sharing contributions of $50,000 were made for each of the years ended December 31, 2018 and 2017, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary reduction contributions and are vested in employer discretionary profit sharing contributions after three years of service.

Forfeitures

Forfeitures are applied to pay administrative expenses. During 2018 and 2017, there were no forfeitures.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

The Plan allows participants to take out a loan not to exceed one half of the vested balance of the participant's account, and also not to exceed $50,000. The loans are secured by the balance in the participant's account. As of December 31, 2018, loans totaled $107,323 with interest rates of 5.25%, and mature within 60 months. As of December 31, 2017, loans totaled $87,678 with interest rates of 5.25%, and mature within 60 months. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account or installment payments over a period not to exceed the life expectancy of the participant or his or her designated beneficiary. All benefits are recorded when paid.

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC), a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The participant must meet the condition that they cannot relieve the amount of the need by stopping the elective contributions to the Plan. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

Recently Issued Accounting Pronouncements

In January 2016, the FASB issued ASU 2016-01, *Financial Instruments - Recognition and Measurement of Financial Assets and Financial Liabilities,* which includes guidance to address certain aspects of recognition, measurement, presentation and disclosure of financial instruments. For employee benefit plans within the scope of Topics 960 through 965 on plan accounting, the amendments in this update are effective for fiscal years beginning after December 15, 2018, and interim periods within fiscal years beginning after December 15, 2019. Plan management is currently evaluating the impact of this guidance on the Plan's net assets available for plan benefits, the changes in net assets available for plan benefits, and disclosures.

In February 2017, the FASB issued ASU 2017-06, *Plan Accounting - Defined Benefit Pension Plans, Defined Contribution Pension Plans, Health and Welfare Benefit Plans: Employee Benefit Plan Master Trust Reporting*, which includes guidance to require an employee benefit plan to report an interest in a master trust and the change in the value of that interest as separate line items on the statement of net assets available for plan benefits and the statement of changes in net assets available for benefits, respectively.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

The guidance also requires employee benefit plans to provide certain additional disclosures and to remove certain other disclosures from the footnotes to the financial statements. This guidance is effective for all employee benefit plans in fiscal years beginning after December 15, 2018. This guidance requires retrospective application to each period for which financial statements are presented. The Plan had no master trusts as of December 31, 2018. The adoption of this guidance is not expected to have a significant impact on the Plan's statement of net assets available for plan benefits, statement of changes in net assets available for plan benefits, or disclosures

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimates

The preparation U.S GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments generally are reported at fair value, but may also be reported at contract value or net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements and NAV.

The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and trustee.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES (Continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Expenses

Expenses attributable to general Plan administration were paid by the Plan and allocated among the accounts of all participants, in proportion to their account balances, unless paid by the Employer.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

NOTE 3: INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by Nationwide Trust Company, FSB, under such regulation:

a) Total investments, at fair value, included in the statements of net assets available for benefits at December 31, 2018 and 2017.
b) Investment income information included in the statement of changes in net assets available for benefits for the year ended December 31, 2018.
c) All amounts included in Note 4, *Fair Value Measurements (Unaudited).*
d) All information included in the supplemental schedule of assets (held at end of year) as of December 31, 2018.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

The Plan applies ASC 820, *Fair Value Measurements and Disclosures*, which establishes a framework for measuring fair value and expands disclosures about fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are observable for the asset or liability; or
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

> *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Management evaluated the significance of transfer between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2018, there were no transfers in or out of Levels 1, 2 or 3.

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 6: INCOME TAX STATUS

The Plan adopted is a prototype plan which meets the requirement of Section 401(k) of the Internal Revenue Service code and is exempt from taxation. The Plan administrator believes that the Plan, as amended, has been operated in a manner that does not jeopardize this tax status. Plan management believes the Plan is no longer subject to income tax examinations for tax returns filed for years prior to 2015.

NOTE 6: INCOME TAX STATUS (Continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken.

NOTE 7: PARTIES-IN-INTEREST TRANSACTIONS

Certain expenses of the Plan, including legal and accounting fees, are paid by the Employer. In addition, certain services to the Plan by the Employer were performed at no charge.

NOTE 8: PROHIBITED TRANSACTIONS

During the years ended December 31, 2018 and 2017, it was discovered that, with respect to some plan participants, certain bonuses had been excluded from compensation as required by the Plan's terms. Corrective action for this operational error is expected to be finalized during 2020.

NOTE 9: RECONCILIATION TO FORM 5500

A reconciliation of net assets available for benefits and changes in net assets available for benefits per the financial statements to the Plan's Form 5500 is as follows as of December 31, 2018 and 2017:

December 31,	**2018**	**2017**
Net assets available for benefits, per the Form 5500	**$ 2,691,192**	**$ 2,767,874**
Employer receivable	**-**	**1,399**
Net assets available for benefits, per the financial statements	**$ 2,691,192**	**$ 2,769,273**

Net decrease in net assets available for benefits per the Form 5500	**$ (76,682)**
Reversal of Prior Year Employer receivable	**(1,399)**
Net increase in net assets available for benefits per the financial statements	**$ (78,081)**

NOTE 10: SUBSEQUENT EVENTS

Management of the Plan evaluated all events or transactions that occurred after December 31, 2018 through December 19, 2019, the date the Plan's financial statements were available to be issued.
