NOTES TO FINANCIAL STATEMENTS

JANUARY 24, 2019

NOTE A - DESCRIPTION OF PLAN

The following description of the Shoreline Ophthalmology, PLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering employees of Shoreline Ophthalmology, PLC (the Company) who have attained the age of twenty-one years. The Plan was established in June of 1996 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). As of January 24, 2019, all plan assets were transferred and merged with another plan and this plan was terminated.

PARTICIPANT CONTRIBUTIONS

Each year, participants may elect to contribute a portion of their pre-tax and post-tax annual compensation not to exceed the annual limits established by the Internal Revenue Code, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Rollover contributions from other qualified plans are also permitted at the discretion of the Plan administrator. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds as investment options for participants. Participants may change their investment options daily.

EMPLOYER CONTRIBUTIONS

The Company may make discretionary contributions to the Plan each year. Discretionary matching contributions, equaling a percentage of the employee's salary deferrals, are determined annually by the Company's management. In 2018, the Company contributed 3% of base compensation regardless of whether or not the employee contributed to the Plan. An additional discretionary contributions may also be made as determined annually by the Company's board of directors and was 1.5% in 2018. Contributions are subject to certain limitations. All employer contributions were paid into the new plan after January 24, 2019.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions, allocations of (a) the Company's matching contribution and, when made, the Company discretionary contribution, and (b) Plan earnings (losses), and charged with an allocation of administration expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled are the benefits that can be provided from the participant's vested account.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 5.25% to 7.25%, which is commensurate with local prevailing rates. Principal and interest is paid ratably through bi-weekly payroll deductions.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value (except for the guaranteed investment contract with Nationwide Life Insurance Company which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees, and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of January 24, 2019 or December 31, 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 24, 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. After the close of the stock market, Nationwide receives a daily price from each fund house. This figure includes the net asset value and any dividends and capital gains declared. This allows Nationwide to calculate a gross investment rate which is used to compute the unit value.

Insurance Company General Account (unallocated contracts): Guaranteed investment contracts (GIC) with Nationwide Life Insurance Company is an insurance company issued Nationwide Virtuoso Z which is a fixed return product with annual interest rate guarantees (after first period). Deposits are guaranteed in both principal and interest by Nationwide Life Insurance Company's general account and are credited on a net daily basis at annual effective rates. This contract is not fully benefit responsive and is reported at contract value. The fair market value is equal to the contract value less any Contingent Deferred Sales Charge, if applicable, and Market Value Adjustment.

NOTE E – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Nationwide Financial Services, Inc., the trustee of the Plan, manages certain Plan investments. Therefore, these transactions qualify as party in interest transactions and are denoted as such on the supplemental Schedule of Assets (Held at End of Year).

The Plan engaged in transactions involving Rehmann Retirement Builders, the Plan's third-party administrator; Baird, Cotter and Bishop, P.C., the Plan auditor; and Shoreline Ophthalmology, PLC, the Plan sponsor, which are party-in-interest with respect to the Plan. These transactions are not considered "prohibited transactions" under the Internal Revenue Code and are not prohibited by ERISA.

NOTE F - PLAN TERMINATION (MERGER)

The Plan transferred its assets to the Blue Sky Vision, LLC Savings and Retirement Plan on January 24, 2019.

NOTE G - TAX STATUS

The Internal Revenue Service has ruled in a determination letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
