Notes to Financial Statements

1. Description of the Plan

The following description of the Omni Ophthalmic Management Consultants 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Omni Ophthalmic Management Consultants LLC (formerly Omni Eye Specialists, P.A.) (the Company or the Employer). The following employers have adopted the Plan: Omni Eye Surgery of New York; New Jersey Center for Cornea & Refractive Surgery and Essex Specialized Surgical Institute. Effective April 1, 2018, Delaware Valley Vision Associates Group Practice, LLC and TLC Management (Delaware Valley), LLC adopted the Plan due to acquisitions. Thus, when reference is made to the Company, it will include all employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On August 9, 2018 employee assets were transferred from Access & Integrated Practice Holdings 401k Plan (A&I 401(k) Plan), due to acquisitions, into the Plan for an aggregated total of \$3,741,387. All benefits accrued under the A&I 401(k) Plan were incorporated into the Plan to the extent required by law. The transfer of the assets is reflected in the statement of changes in net assets available for benefits.

Plan Administration

Transamerica Life Insurance Company (Transamerica) is the Plan's custodian and Transamerica Retirement Solutions is the recordkeeper.

Eligibility

All employees that attained the age of 21 and are not excluded employees, as defined in the Plan document, are eligible to participate in the Plan following the completion of three months of service. To be eligible for participation in the Employer components of the Plan, employees must have completed at least six months of service, as defined, in the Plan document.

Contributions

Each year, participants may contribute to the Plan by either a percentage or fixed-dollar amount from eligible compensation, as defined in the Plan document. Eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rates set at 3% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). The Company may make discretionary matching and profit-sharing contributions to the Plan. For the year ended December 31, 2018, the Company made matching contributions equal to 50% of the 6% of eligible compensation that a participant contributes to the Plan. For the Plan year ended December 31, 2018, the Company made \$518,868 in matching contributions to the Plan. The Company did not make a discretionary profit-sharing contribution for the 2018 Plan year. Contributions are subject to maximum annual limitations as imposed by the Internal Revenue Code (the Code).

Notes to Financial Statements

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with contributions and investment earnings and is charged with investment earnings, withdrawals, and an allocation of expenses paid out of the Plan. Allocations are based on participant earnings, account balances, and specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their deferral, catch-up and rollover contributions. The Employer's matching and profit-sharing contributions are vested as follows:

Years of Service	Vested Percentage (%)
Less than 2	0
2	20
3	40
4	60
5	80
6	100

Investment Options

Participants may direct contributions in any investment options of the Plan, which are investments in securities offered through Transamerica's Pooled Separate Accounts. Participants may change their options at any time.

Payment of Benefits

A participant is eligible to receive a distribution of their vested account balance under the following circumstances: (a) retirement, (b) termination of employment, (c) disability and (d) death. A participant is also eligible for in-service withdrawals. Types of in-service withdrawals available under the Plan are withdrawals after attaining 59½ years of age and hardship withdrawals.

Cash Outs of Accounts and Consent to Distribution

If the participant stops working for the Plan sponsor and the value of a participant's vested interest in their account is \$5,000 or less, the participant's account will be "cashed out" by distributing the participant's vested interest by a single-sum payment or by direct rollover to an IRA or other eligible retirement plan as soon as reasonably practicable following the date the participant's employment terminates. The participant's account will be cashed out even if the participant does not consent to the distribution. If the value of the participant's vested interest is more than \$5,000, distribution of the account balance cannot be made before the participant's normal retirement date without the participant's written consent.

Omni Ophthalmic Management Consultants 401(k) Profit Sharing Plan

Notes to Financial Statements

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Employer contributions and/or offset Plan administrative expenses. Forfeited nonvested accounts at December 31, 2018 and 2017 amounted to \$2,998 and \$862, respectively. For the year ended December 31, 2018, the administrative expenses were reduced by \$10,810 from forfeited nonvested accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans are repaid within a period not to exceed five years, except for the purchase of a primary residence, which may be repaid over a reasonable period of time. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 2%, as determined on the origination date of the loan. Principal and interest is paid ratably through payroll deductions. For the loans outstanding at December 31, 2018 and 2017, the interest rate range was 4.5% to 7.25%.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distribution fees are charged directly to each participant's account and are included in administrative expenses. Investment-related expenses are included in the net depreciation of fair value of investments.

The Plan has a revenue sharing agreement with Transamerica for the reimbursement of Plan expenses. Revenue earned from this agreement was used to pay Plan expenses. Any excess revenue over the Plan expenses during the year form part of the Plan assets and will be used to pay future Plan expenses. For the year ended December 31, 2018, revenue earned from this agreement and Plan expenses paid out of this revenue amounted to \$6,084 and \$0, respectively. These amounts are reflected in administrative expenses on the statement of changes in net assets available for benefits.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Omni Ophthalmic Management Consultants

401(k) Profit Sharing Plan

Notes to Financial Statements

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation/depreciation includes the Plan's gains or losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Relevant Accounting Developments

In September 2018, the FASB issued ASU No. 2018-13, "Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement." ASU 2018-13 amends the disclosure requirements for recurring and nonrecurring fair value measurements by removing, modifying and adding certain disclosures. ASU 2018-13 removes the following disclosures: the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of transfers, the valuation process for Level 3 fair value measurements, and changes in the unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. The ASU modifies the following disclosure requirements: transfers in and out of Level 3 and purchases and issues of Level 3 assets and liabilities; for investments in certain entities that calculate net asset value (NAV), the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse if timing has been communicated or announced publicly; and clarifies that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date. The additional disclosures required under ASU 2018-13 are applicable only for public entities. The ASU is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. Certain amendments of the ASU may be applied prospectively while others should be applied retrospectively to all periods presented upon the effective date. It is permissible to early adopt any removed or modified disclosures and delay adoption of the additional disclosures, if applicable, until the effective date. Plan management is currently evaluating the impact that the ASU will have on the Plan financial statements.

Omni Ophthalmic Management Consultants 401(k) Profit Sharing Plan

Notes to Financial Statements

3. Risks and Uncertainties

The Plan provides for investments in various investment securities that, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

4. Information Certified by Transamerica

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform, and they did not perform, auditing procedures with respect to this information, except for comparing such information certified by Transamerica to the related information included in the financial statements and supplemental schedules. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net depreciation in fair value of investments and interest income on notes receivable from participants for the years ended December 31, 2018 and 2017, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Transamerica.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 "Fair Value Measurement" are described as follows:

Level 1 – Valuations are based on unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity can access at the measurement date.

Level 2 – Valuations are based on: (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability, and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Valuations are based on inputs that are unobservable for the asset or liability and reflect management's best estimate of what market participants would use as fair value.

Omni Ophthalmic Management Consultants 401(k) Profit Sharing Plan

Notes to Financial Statements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017:

Pooled separate accounts- These assets are valued at their accumulation unit value (AUV), which approximates fair value. The AUV is determined daily based on the NAV of shares of the underlying funds and the separate account charges (i.e., the daily asset charge). The Plan's investments in the pooled separate accounts may be redeemed daily. There are no redemption fees or notice periods and no unfunded commitments as of December 31, 2018.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with ASU 2015-07, investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy.

The Plan had no financial assets that were measured at fair value on a nonrecurring basis during the years ended December 31, 2018 and 2017. There were no transfers between levels during the years ended December 31, 2018 and 2017.

6. Fully Benefit-Responsive Stable Value Option

The Plan entered into a fully benefit-responsive investment contract with Transamerica. Transamerica maintains the contributions in a general account. The Transamerica Stable Value Option investment choices are backed by the general account of Transamerica or Transamerica Financial Life Insurance Company. While Transamerica declares rates periodically and back the principal and interest of these investment choices, any guarantees are subject to the claims paying ability of Transamerica or Transamerica Financial Life Insurance Company. The investment choice is not guaranteed by the FDIC or any other government agency. Although Plan participants generally may withdraw assets from the Stable Value Option investment choice without restrictions, Transamerica may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Stable Value Option, as a deposit liability of Transamerica with no underlying assets, would have no direct investments on behalf of the Plan. The assets are based on the general unallocated account of Transamerica and the risk of investment is based on their insurance ratings. The average

Omni Ophthalmic Management Consultants 401(k) Profit Sharing Plan

Notes to Financial Statements

yield earned is equal to the average yield earned by the Plan adjusted to reflect the actual interest rate credited to Plan participants.

Since the Stable Value Option investment choice is an obligation of Transamerica, the occurrence of an event that limits the ability of the investment to transact at contract value between Transamerica and a participant holding the investment is not probable.

7. Related-Party and Party-in-Interest Transactions

Certain investment transactions relating to funds that are under the pooled separate accounts managed by Transamerica qualify as party-in-interest transactions, which are exempt from the prohibited transaction rule. Notes receivable from participants also qualify as exempt party-in-interest transactions.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

9. Tax Status

The Plan has adopted Sungard Business Systems LLC's volume submitter profit sharing plan with CODA. Accordingly, the Plan is permitted to rely on the opinion letter dated March 31, 2014 from the Internal Revenue Service (IRS), which stated that the volume submitter profit sharing plan was designed in accordance with the applicable sections of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualifications. The Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Late Remittances

During the Plan year ended December 31, 2018, certain participant contributions in the amount of \$116,724 were not remitted within the appropriate time period by the Plan sponsor, respectively. These transactions constitute prohibited transactions as defined by ERISA.

The Plan sponsor has taken the appropriate steps to correct the issue relating to Plan year ended December 31, 2018 contributions totaling \$144,702. Lost earnings resulting from the delinquent transmittal of participant contributions were also computed and transmitted by the Plan sponsor to Principal during 2019.
