Winsight, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Winsight, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility: The sponsor of the Plan is Winsight, LLC (the Company). The Plan is a defined contribution plan. Certain employees, including nonresident aliens who have no earned income from sources within the United States, union employees, employees not eligible for the Company-provided health and welfare benefits, and independent contractors are not eligible for participation in the Plan. Employees may begin making salary deferral contributions and are eligible to participate in discretionary employer matching contributions on the first day of the quarter following the date the eligible employee's date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendment and merger: Effective January 1, 2018, the Plan was amended to include Technomic, Inc. as a participating employer and to merge the assets of the Technomic, Inc. 401(k) Plan into this Plan. Thus, effective January 1, 2018, the Technomic, Inc. 401(k) Plan was merged into the Winsight, LLC 401(k) Plan, resulting in net assets of approximately \$5.1 million being transferred to the Winsight, LLC 401(k) Plan. The merger does not impact participant benefits or participant account balances.

Participant contributions: Participants may make salary deferral contributions of eligible annual compensation as defined in the Plan document, up to current statutory limits determined annually and prescribed by the Internal Revenue Service (IRS). Participants are automatically enrolled at 6%, with an annual escalation of 1% up to a maximum of 15%, unless the participant makes a contrary election. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also permits participants to make additional voluntary contributions of qualified rollovers from other retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Employer contributions: Employer contributions are at the Company's discretion. For the year ended December 31, 2018, the Company elected to make discretionary employer matching contributions of 50% of employee deferral contributions up to 4% of the participant's eligible compensation.

Participant accounts: Each participant's account is credited with the participant's contributions and the Company's contributions, as well as an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their elective deferral and any rollover contributions made to the Plan, plus actual earnings thereon. Vesting in the Company's contribution plus actual earnings is based on years of credited service. Participants vest at 33% after one year of service, 66% after two years, and are 100% vested after three years of service. Additionally, participants may become fully vested upon normal retirement age, death or total disability prior to retirement.

Notes receivable from participants: Participants may borrow from their account. Notes receivable cannot exceed 50% of the vested portion of the participant's account (or \$50,000 if less), and must be a minimum of \$1,000. The note receivable must be repaid within five years unless the entire proceeds are used to purchase the participant's primary residence, in which case the note may be repaid over a 10-year period. All notes receivable will provide for the repayment of interest at rates commensurate with local prevailing rates, as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Payment of benefits: On termination of service due to death, disability, retirement or other reasons, a participant whose vested account balance exceeds \$1,000 may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his/her account. Participants with account balances less than \$1,000 must take a lump-sum distribution as soon as practicable following termination.

Participants who are at least 59 1/2 years of age may take an in-service distribution of their vested account balance.

Forfeitures: The Plan allocates participant forfeitures first to reduce Plan expenses and then for Company contributions. At December 31, 2018 and 2017, forfeited nonvested accounts totaled approximately \$200 and \$0, respectively. During 2018, approximately \$29,500 in forfeitures were used to pay for the Plan's administrative expenses.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make repayments and the Plan Administrator deems the note receivable from participant to be in default, the note receivable from participant balance is reduced and a benefit payment is recorded.

Payments of benefits: Benefits paid to participants are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

Note 2. Summary of Significant Accounting Policies (Continued)

Recent accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements.

Subsequent events: The Plan has evaluated subsequent events through January 2, 2020, the date the financial statements were available to be issued.

Note 3. Tax Status

The Plan has adopted a prototype nonstandardized plan sponsored by Principal Financial Group. The IRS has determined and informed the sponsor of the prototype plan by a letter dated March 31, 2014, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since the date of the opinion letter, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4. Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures, provides a framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Winsight, LLC 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 or 2017.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end shares of registered investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2018			
	Total	Level 1	Level 2	Level 3
Shares of registered investment companies	\$ 11,259,471	\$ 11,259,471	\$ -	\$ -

	2017			
	Total	Level 1	Level 2	Level 3
Shares of registered investment companies	\$ 6,358,552	\$ 6,358,552	\$ -	\$ -

Note 5. Guaranteed Investment Contract

The Plan invests in a fully benefit-responsive guaranteed return account with the trustee. The trustee maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed return account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the trustee, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Winsight, LLC 401(k) Plan

Notes to Financial Statements

Note 5. Guaranteed Investment Contract (Continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

Note 6. Information Certified and Provided by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal)

The following is a summary of the Plan's asset information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedules related to the following:

- Investments of \$13,760,919 and \$7,863,280 as shown in the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, respectively.
- Notes receivable from participants of \$68,973 and \$43,917 as shown in the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, respectively.
- Net depreciation in fair value of investments of \$1,238,849 as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018.
- Dividend income of \$203,549 as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018.
- Interest income on notes receivable from participants of \$3,748 as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018.

Winsight, LLC 401(k) Plan

Notes to Financial Statements

Note 7. Related-Party Transactions

Certain Plan investments are guaranteed investment contracts managed by Principal. Principal is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Principal totaled approximately \$75,400 for the year ended December 31, 2018. The Company pays directly any other fees related to the Plan's operations.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan.

Note 8. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 9. Prohibited Transactions

During 2015, the Plan sponsor of the Technomic, Inc. 401(k) Plan inadvertently failed to deposit approximately \$138,804 of participant contributions and repayments of notes receivable from participants within the required timeframe as stated by the United States Department of Labor regulations. The Plan sponsor deposited lost earnings to correct this failure in 2018, and paid applicable excise taxes to the IRS. The correction and excise taxes were made from the Plan sponsor's assets and not from assets of the Plan.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11. Reconciliation of the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:
