NOTE 1—DESCRIPTION OF THE PLAN

The following description of the Inhance Technologies 401(k) Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan, which was formerly named the Fluoro-Seal International 401(k) Savings Plan, was established on January 1, 1990 as a defined contribution plan under Section 401(k) of the Internal Revenue Code of 1986, as amended ("the IRC"). The Plan is a defined contribution plan covering substantially all salaried employees of Inhance Technologies (formerly Fluoro-Seal International) ("the Company") who have met the two-month service requirement. Participants may enter the Plan on the first day of the month on or after satisfying eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Company is the plan sponsor and serves as administrator of the Plan.

Effective September 15, 2016, the Company adopted a CCH Incorporated prototype plan. Lincoln Financial Group Trust Company, Inc., is the trustee of the Plan and holds the Plan assets.

Contributions

Eligible employees may elect to make salary deferral contributions, including Roth contributions, to the Plan on the effective date of participation and on the first day of any payroll period. Salary deferral elections may be modified on the first day of any payroll period. Participants may elect salary deferrals of up to 90% of compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan calls for the Company to make an enhanced matching contribution, whereby the Company matches 100% of each eligible participant's elective deferrals up to 6% of compensation, determined on a per-payroll-period basis.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) investment income or loss, and charged with an allocation of administrative expenses. Investment income or loss allocations are based on individual participant account balances as of the end of the day in which the income

was earned or the loss was incurred.

Vesting

Participants are immediately 100% vested in their contributions and earnings thereon. Vesting in the participant's portion of the Company's discretionary matching contributions plus actual earnings thereon is based on years of continuous service. For Company profit sharing contributions, a participant is vested in the following percentages based upon years of credited service: 20% after two years, 40% after three years, 60% after four years, 80% after five years, and 100% after six years. For Company matching contributions, a participant is immediately 100% vested.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to pay administrative expenses of the Plan or to reduce future Company contributions.

Payment of Benefits

The Plan is intended for long-term savings but provides for early withdrawals and loan arrangements under certain conditions. Upon termination of service, benefits may be paid in cash.

Participant Loans

Loans may be granted to Plan participants upon approval by the administrator. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.5% to 9.25%, as determined periodically by the Plan administrator. Principal and interest is paid ratably through payroll deductions. Interest on loans is allocated to the borrower's participant account.

Automatic Enrollment

Unless an employee chooses to opt out of the Plan, they will automatically be enrolled upon achieving eligibility in the Plan at a contribution rate of 6% of compensation. The contributions are invested in a money market account until the participant changes his investment election.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Management has evaluated subsequent events through December 31, 2019, the date which the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are allocated to participants' accounts. Loan setup fees, loan carrying fees and termination handling fees are paid by the participant from the Plan assets.

NOTE 3—FEDERAL INCOME TAX STATUS

The CCH prototype plan obtained an opinion letter from the Internal Revenue Service on March 31, 2014, in which the Internal Revenue Service stated that the form of the Plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code. The

Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 4—GROUP FIXED ANNUITY CONTRACT

In 2016, the Plan entered into a group fixed annuity contract issued by The Lincoln National Life Insurance Company. The contract is backed by the general account of the issuing company and provides a guarantee of principal and interest. The minimum effective interest rate credited will not be less than 1%. Assets backing the investment include all the assets of the issuing company's general account. Because the annuity contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed annuity contract. The fixed annuity contract is presented on the statement of net assets available for benefits at contract value. The Plan may terminate the contract by giving 90 days' notice. The issuing company may terminate the contract for reasons including unpaid charges in excess of 30 days, if the Plan ceases to meet the requirements of the IRC, or if the account balance is less than $15,000. The Plan does not believe the occurrence of these events is probable. Upon contract discontinuance, money may be withdrawn subject to a market value adjustment or according to a withdrawal schedule. Participant withdrawals can be taken without a market value adjustment for bona fide plan benefits. Participant-initiated periodic elective withdrawals may be limited to a percentage of the annuity assets or subject to the 90-day equity wash provision.

NOTE 5—FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) *820, Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the

reporting date.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted prices in active markets of the shares held by the Plan at year end. The fair value of self-directed brokerage accounts is based on the quoted values of the underlying assets as of year end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018, and 2017:

Assets at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Assets in FV hierarchy				
Mutual Funds	$ 5,942,536	$ -	$ -	$ 5,942,536
Total Investments at FV	$ 5,942,536	$ -	$ -	$ 5,942,536

Assets at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total
Assets in FV hierarchy				
Mutual Funds	$ 6,807,928	$ -	$ -	$ 6,807,928
Total Investments at FV	$ 6,807,928	$ -	$ -	$ 6,807,928

NOTE 6—PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7—RISKS AND UNCERTAINTIES

The Plan provides for various investments in equity funds and other funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment

securities, it is reasonably possible that changes in the values of investment securities will occur in the near term.

NOTE 8—FORFEITURES

At December 31, 2018, forfeited non-vested accounts totaled $532.

NOTE 9—ADMINISTRATIVE EXPENSES

The Company paid $9,850 for Plan expenses during 2018 and provided certain administrative services at no cost.

The service agreement with Lincoln Retirement Services Company, LLC calls for any revenue earned by them on investments in excess of the fees for recordkeeping services to be placed in an expense account, which may be used to pay administrative expenses of the Plan. As of December 31, 2018, the expense account totaled $1,999. During 2018, administrative expenses of $18,750 were paid from the account.
