NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of Enlighted, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan sponsored by Enlighted, Inc. (a wholly-owned subsidiary of Siemens Corporation since 2018) (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On March 26, 2019 the Company approved a merger of the Plan into the Siemens Savings Plan. As a result, the participants of the Plan and the assets in their accounts were transferred to the Siemens Savings Plan. Contributions to the Plan ceased for pay dates after December 31, 2018. On March 29, 2019, the legal rights and obligations to all assets and liabilities of the Plan were transferred to the Siemens Savings Plan.

The following is a description of the significant terms of the Plan prior to the merger:

Administration:

The Plan Administrator was responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

Eligibility:

All employees of the Company were eligible to participate in the Plan on the first of the month following their date of hire.

Contributions:

The Plan allowed participants to make voluntary pre-tax and Roth contributions to the Plan up to 90% of their eligible compensation, as defined. In addition, the Plan allowed participants who are fifty years and older to make catch-up contributions. Participants were also allowed to contribute amounts representing distributions from other qualified plans (rollover).

Contributions were subject to certain limitations of the Internal Revenue Code (the Code). Participants directed the investment of contributions into various investment options offered by the Plan.

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

Participant accounts:

Each participant's account was credited with the participant's contributions, an allocation of Plan earnings, reduced for benefits paid, and charged directly for loan origination and benefit processing fees, if applicable. Allocations of Plan earnings were based on the investments held by the participant. The benefit to which a participant was entitled was limited to that which can be provided from the participant's vested account.

Vesting:

Participants were vested immediately in their contributions plus actual earnings thereon.

ERISA expense account:

The Plan received reimbursements for certain Plan expenses paid through revenue sharing arrangements with certain investment funds owned by the Plan amounting to \$2,675 for the period from January 1, 2019 to March 29, 2019. These reimbursements from revenue sharing arrangements are included in other income on the statement of changes in net assets available for benefits. Amounts reimbursed are included in a Plan administrative budget account until they are used to pay for Plan administrative expenses.

Payment of benefits:

On termination of service due to death, disability, or retirement, a participant could elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, periodic payments, or partial withdrawals. Distributions were also permitted in the event of financial hardship, as defined by the Plan, and for participants who have attained age 59½.

Notes receivable from participants:

Participants could borrow from their account a minimum of \$500 up to a maximum loan equal to the lesser of \$50,000 or 50% of their vested account. A participant could not have more than three loans outstanding at any given time and only one loan with an initial term greater than five years could be outstanding at any time. The loans were secured by the balance in the participant's account and bore interest at a rate determined by the Plan Administrator. Loans were to be repaid in at least monthly installments over a maximum term of five years for personal loans and thirty years for the purchase of a participant's primary residence. Principal and interest were paid ratably through monthly payroll deductions.

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

Administrative expenses:

Certain expenses of maintaining the Plan were paid directly by the Company and are excluded from these financial statements. The Plan paid for fees related to the origination of notes receivable from participants and benefit processing fees which were charged directly to the participant's account. The Plan also paid for certain recordkeeping fees and investment advisory fees. Investment expenses related to fund management were included in net appreciation in fair value of investments, as they were paid through revenue sharing, rather than a direct payment from the Plan.

Note 2. Significant Accounting Policies

Basis of accounting:

The accounts of the Plan are maintained on the modified cash basis of accounting.

Income is recorded on the basis of cash receipts. Expenses are recorded on the basis of cash disbursements. Investments are reported at fair value. Therefore, receivables, payables, accrued income and expenses which would be recognized under accounting principles generally accepted in the United States of America, and which may be material in amount, are not recognized in the accompanying financial statements.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's trustee, Reliance Trust Company (Reliance). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. Related fees are recorded as administrative expenses when paid. No allowance for credit losses has been recorded as of March 29, 2019 or December 31, 2018. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan document.

Note 2. Significant Accounting Policies (Continued)

Benefits:

Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events:

Subsequent events have been evaluated through December 23, 2019, which is the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following table presents the value of investments of the Plan that has been certified as complete and accurate by Reliance at March 29, 2019 and December 31, 2018:

	2019	2018
Investments at fair value:		
Mutual funds	\$ -	\$ 3,031,654
Notes receivable from participants	\$ -	\$ 20,092

Reliance has also certified to the completeness and accuracy of net appreciation in fair value of investments of \$283,970, dividend income of \$4,154 and interest income on notes receivable from participants of \$71 for the period from January 1, 2019 to March 29, 2019.

Note 4. Fair Value Measurements

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

ENLIGHTED, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements (Continued)

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018.

Mutual funds: Mutual funds, except for the money market mutual fund, are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The funds held by the Plan are deemed to be actively traded.

Money market mutual fund: Valued at the daily closing price as reported by the fund. The money market mutual fund held by the Plan is an open-end mutual fund that is registered with the SEC that generally transacts at a stable \$1.00 NAV representing its estimated fair value. On a daily basis the fund's NAV is determined by the fund based on the amortized cost of the fund's underlying investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2018. The classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,887,717	\$ 143,937	\$ -	\$ 3,031,654

Note 5. Tax Status

The Plan adopted a nonstandardized form of a prototype plan sponsored by ADP, LLC (ADP). The prototype plan has received an opinion letter from the Internal Revenue Service (IRS) as to the prototype plan's qualified status dated July 8, 2014. The prototype plan opinion letter has been relied upon by this Plan.

NOTES TO FINANCIAL STATEMENTS

Note 5. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan for any uncertain positions, and has concluded that as of March 29, 2019 and December 31, 2018, there are no uncertain positions taken or expected to be taken that would require payment of income taxes or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is subject to income tax examinations for all years since the Plan's inception in 2016.

The Plan's 2018 Form 5500 was rejected by the DOL for failure to attach the 2018 financial statements audited by an independent qualified public accountant. Additionally, the Plan's 2017 Form 5500-SF was rejected by the DOL as an incorrect filing and a failure to attach the 2017 financial statements audited by an independent qualified public accountant. Upon further analysis by management, the Company determined the 2016 Form 5500-SF was incorrectly filed and that Form 5500 should have been filed with financial statements audited by an independent qualified accountant. The Plan will refile its 2018, 2017 and 2016 Forms 5500 with audited financial statements upon completion of the audits. During 2019, the Plan identified certain instances of non-compliance with the plan document consisting of missed participant salary deferrals related to prior plan years. Plan management is in the process of correcting the identified matters of non-compliance in accordance with applicable regulations. Other than the late filings and non-compliance with the plan document described, the Plan Administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the Code.

Note 6. Party-In-Interest Transactions

A party-in-interest is defined under the DOL's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, certain participants, and others. The Plan allows participants to take loans from their accounts in the Plan. Certain notes receivable from participants and income thereon qualify as party-in-interest transactions.

ADP and its affiliates provided certain recordkeeping and retirement advisory services to the Plan. Therefore, transactions with ADP qualify as party-in-interest transactions. Fees paid by the Plan to ADP for these services amounted to \$1,538 for the period from January 1, 2019 to March 29, 2019.

Kestra Advisory Services (Kestra) provided broker-dealer services to the Plan. Therefore, transactions with Kestra qualify as party-in-interest transactions. Fees paid by the Plan to Kestra for these services amounted to \$2,675 for the period from January 1, 2019 to March 29, 2019.
