Nivel Parts 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Nivel Parts 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Nivel Parts, LLC (the Company, Plan Sponsor or Employer) who meet the eligibility requirements. Employees become eligible to participate in the Plan after completing six months of service and reaching age 21. Employees covered by a collective bargaining agreement are excluded from the Plan. The Plan Administrator is responsible for oversight of the Plan. The Plan Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Plan participants may make contributions to the Plan up to the dollar limitation as defined by the Internal Revenue Service (IRS) for each taxable year but not greater than 90% of the participant's compensation. Participants are automatically enrolled in the Plan and will defer 3% of their annual eligible compensation, as defined, as a pre-tax contribution unless they inform the Plan Sponsor to contribute a different percentage or elect not to participate in the Plan. Effective January 1, 2018, the Plan was amended to increase the automatic enrollment deferral rate from 3% to 4% for those participants becoming eligible on or after January 1, 2018. Participant contributions are limited to a maximum deferral of \$18,500 for 2018 as determined by the IRS. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make after-tax Roth contributions to the Plan and rollover amounts representing distributions from other eligible retirement plans into the Plan.

The Plan Sponsor may, at its discretion, contribute a discretionary matching contribution as determined at the end of each year. The discretionary matching contribution for 2018 was 50% of the participants' contributions up to a maximum of \$2,500. The Plan Sponsor may make additional non-elective contributions, at the discretion of the Company, within various limitations specified by the Internal Revenue Code (IRC). Participants must be eligible at the end of the plan year to receive a non-elective contribution. No additional non-elective contributions were made for the year ended December 31, 2018.

Investment options: Upon enrollment in the Plan, participants may direct their contributions and the employer contributions into various investments offered by the Plan. Participants may change their contribution percentages and their investment options any time throughout the year via internet or direct phone access.

Participant accounts: Each participant's account is credited with the participant's contributions, their portion of Plan Sponsor's matching contributions, allocations of Company discretionary contributions, if any, and an allocation of Plan earnings, and charged with withdrawals and allocation of Plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant's contributions or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Nivel Parts 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: Participants' contributions, plus or minus actual earnings and losses, have full and immediate vesting. Except for terminations due to death, disability or attaining normal or early retirement age, employer contributions, plus earnings or losses thereon, vest according to the following schedule:

Years of Service	Vested Percentage
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 but less than 6	90%
6 or more	100%

Participant accounts become fully vested (regardless of the above vesting schedule) upon death, disability, attainment of normal or early retirement age (65 or 55 respectively) or termination of the Plan.

Notes from participants: Participants may borrow from their fund accounts a minimum of \$1,000 to a maximum equal to the lesser of up to 50% of the vested account balance or \$50,000. Such notes are collateralized by each respective participant's account and bear fixed interest rates based on rates available for similar notes from commercial lending institutions. Interest rates are determined as of the first day of each calendar quarter for new notes. Participant note interest rates ranged from 4.25% to 6.25% as of December 31, 2018, and mature through 2027. Notes generally must be repaid within five years, except for notes used for the purchase of a participant's principal residence, which may be repaid over a period not to exceed 30 years. Principal and interest is paid ratably through bi-weekly payroll deductions. If a participant ceases to make note repayments and the Plan Administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Payment of benefits: Upon termination or retirement of service, vested account balances less than \$5,000 will be paid in a lump sum as soon as practicable thereafter, after allowing a participant sufficient time within which to elect whether to receive the distribution in cash or as a rollover to another qualified plan. Vested account balances greater than \$5,000, at the election of the participant, may remain in the Plan or be distributed. When a participant attains retirement age, benefits will be paid from the vested account balance based upon the election of the participant either in the form of a lump-sum cash payment or a nontransferable annuity contract providing for installment payments. The normal retirement age, as defined by the Plan, is 65. In addition, under certain circumstances, a participant may receive a financial hardship distribution.

Forfeited accounts: Any non-vested account balance after the distribution of a terminated participant's vested account balance is forfeited. Forfeitures of participants' non-vested account balances are used to reduce administrative expenses of the Plan or to reduce future Plan Sponsor's contributions. As of December 31, 2018 and 2017, forfeited non-vested accounts totaled \$31,416 and \$16,289, respectively. During 2018, \$0 was used to reduce employer matching contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes from participants: Notes from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Contributions: Contributions from Plan participants and the matching and discretionary contributions from the Plan Sponsor are recorded in the year in which the participant contributions are withheld from amounts paid. All participant and employer contributions are participant directed. Participant contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 2. Summary of Significant Accounting Policies (Continued)

Adoption of accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU or Update) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement*. The amendments in this ASU modify the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement, based on the concepts in the FASB Concepts Statement, including the consideration of costs and benefits.

The following disclosure requirements were removed from Topic 820:

1. The amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy.
2. The policy for timing of transfers between levels.
3. The valuation processes for Level 3 fair value measurements.
4. For nonpublic entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

The following disclosure requirements were modified in Topic 820:

1. In lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities.
2. For investments in certain entities that calculate net asset value (NAV), an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly.
3. The amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date.

The amendments in this Update are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The entity is permitted to early adopt any removed or modified disclosures upon issuance of this Update and delay adoption of the additional disclosures until their effective date. The Plan adopted this Update for the removal, modification or addition of certain fair value measurement disclosures presented in the financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events (events occurring after December 31, 2018) through December 23, 2019, which is the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Great-West Trust Company, LLC (Trustee)

The following is a summary of the Plan's asset information, as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information certified or provided by Great-West Trust Company, LLC (Great-West), the trustee under the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets and asset activity is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedules related to the following assets:

	December 31	
	2018	2017
Investments at fair value:		
Shares of registered investments companies (mutual funds)	\$ 6,112,473	\$ 6,026,876
Common collective trust fund	508,145	475,021
	<u>\$ 6,620,618</u>	<u>\$ 6,501,897</u>
Notes receivable from participants	<u>\$ 78,179</u>	<u>\$ 84,722</u>

Great-West, the trustee, also certified to the completeness and accuracy of \$866,152 of net depreciation in fair value of investments and \$455,656 of dividends and interest related to the aforementioned Plan assets for the year ended December 31, 2018.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Nivel Parts 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the best level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Valued based on the NAV of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Description	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 6,112,473	\$ -	\$ -	\$ 6,112,473
Investments measured at NAV (a)				508,145
				<u>\$ 6,620,618</u>

Description	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 6,026,876	\$ -	\$ -	\$ 6,026,876
Investments measured at NAV (a)				475,021
				<u>\$ 6,501,897</u>

- (a) In accordance with the Fair Value Measurement topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Nivel Parts 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments whose fair value is estimated using the NAV per share (or its equivalent) as a practical expedient of December 31, 2018 and 2017:

	Fair Value Estimated Using NAV Per Share				
	Fair Value		Unfunded	Redemption	Redemption
	December 31				
	2018	2017	Commitment	Frequency	Notice Period
Common collective trust fund:					
Putnam stable value trust fund	\$ 508,145	\$ 475,021	None	Immediate	None

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 5. Related Party and Parties-in-Interest Transactions

Great-West is the trustee of the Plan and, therefore, transactions with the trustee qualify as parties-in-interest transactions. Fees paid by the Plan to Great-West totaled approximately \$29,000 for the year ended December 31, 2018. Clearview Group provides investment advisory services to the Plan. Fees paid by the Plan to the investment advisor totaled approximately \$17,000 for the year ended December 31, 2018, which are included with net depreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits. Certain other administrative expenses are paid by the Plan Sponsor on behalf of the Plan.

Note 6. Plan Termination and Amendment Tax Status

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7. Tax Status

The Plan has adopted a non-standardized form of a prototype plan sponsored by Great-West. The prototype plan has received an opinion letter from the IRS, dated March 31, 2014, as to the prototype plan's qualified status and the prototype plan opinion letter has been relied upon by this Plan. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualifications. The Plan Administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Nonexempt Transactions

During 2017, the Plan Sponsor inadvertently failed to deposit \$49,724 of participant deferrals within the required timeframe as stated by the DOL's regulations. The Plan Sponsor reimbursed the Plan for lost earnings in 2018 related to the \$49,724 of late deposits. The Plan Sponsor filed a Form 5330 and paid applicable excise taxes in 2018. The lost earnings were paid from the Plan Sponsor's assets and not from assets of the Plan.
