This presentation was prepared as part of our audit, has consequential limitations, is restricted to those charged with governance and, if appropriate, management, and is not intended and should not be used by anyone other than those specified parties.

Matters to be Communicated to Those Charged with Governance

Generally accepted auditing standards (GAAS) require the auditor to ensure that those charged with governance receive information regarding the results of the audit that may assist those charged with governance in overseeing management's financial reporting and disclosure process. Below we summarize these required communications.

The Auditor's Responsibility Under Generally Accepted Auditing Standards

We were engaged to conduct an audit of the financial statements as of and for the year ended December 31, 2018 for YSK Corporation Retirement and Savings Plan (the Plan). The financial statements are the responsibility of management. Our audit was designed in accordance with GAAS, which provides for reasonable, rather than absolute, assurance that the financial statements are free of material misstatement. We have the responsibility to opine on whether the financial statements are fairly stated in accordance with accounting principles generally accepted in the United States of America.

As part of our audit, we obtained a sufficient understanding of the internal controls to plan our audit, to determine the nature, timing and extent of testing performed and not to provide assurance on internal controls.

We have issued our Independent Auditor's Report reflecting a DOL limited scope disclaimed opinion for the year ended December 31, 2018.

Significant Accounting Policies

The significant accounting policies used by the Plan are described in the notes to the financial statements. No new accounting policies were adopted and application of existing policies was not changed during 2018. The accounting policies used are appropriate and are in compliance with generally accepted accounting principles.

Management Judgments and Accounting Estimates

The preparation of financial statements requires the use of accounting estimates. Certain estimates are particularly sensitive due to their significance to the statements and the possibility that future events may differ significantly from management's expectations. The accounting estimates made by management for the preparation of the financial statements for the year ended December 31, 2018 were determined to be appropriate under generally accepted accounting principles.

Financial Statement Disclosures

The overall goal of the disclosures in the financial statements is to provide relevant information to the reader in as neutral, concise, consistent and clear a manner as possible while also complying with the disclosure requirements of generally accepted accounting principles. In addition, the disclosures made also require judgment due to the potential sensitive nature of certain items. The disclosures made in the financial statements for the year ended December 31, 2018 were determined to be appropriate and in compliance with generally accepted accounting principles.

Matters to be Communicated to Those Charged with Governance (continued)

Unrecorded Audit Differences

No uncorrected misstatements were identified during the course of the December 31, 2018 audit.

Audit Adjustments

No audit adjustments or reclassifications were identified during the course of the December 31, 2018 audit.

Significant Changes to Planned Audit Strategy or Significant Risks Initially Identified

There were no significant changes to the planned audit strategy or significant risks initially identified and previously communicated to those charged with governance as part of our Audit Planning Communications.

Difficulties Encountered in Performing the Audit

We encountered no major difficulties in working with any Plan personnel while performing and completing our audit. Further, we encountered no difficulties of any other nature in completing our audit.

Disagreements with Management

We had no disagreements with management.

Representations the Auditor is Requesting from Management

See the attached copy of the management representation letter.

Consultation with Other Accountants

We are not aware of management consulting with other independent accountants subsequent to our appointment.

Irregularities and Illegal Acts

No such items were noted during the completion of our audit.

Significant Issues Discussed with Management

In planning and performing our audit of the financial statements of YSK Corporation Retirement and Savings Plan (the Plan) as of and for the year ended December 31, 2018, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal controls over financial reporting (internal controls) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal controls.

Our consideration of internal controls was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal controls that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies or material weaknesses have been identified.

We are required to communicate, in writing, to those charged with governance all material weaknesses and significant deficiencies that have been identified in the Plan's internal controls over financial reporting. The definitions of control deficiency, significant deficiency and material weakness follow:

Category	Definition
Deficiency in Internal Control	A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis.
Significant Deficiency	A deficiency or combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.
Material Weakness	A deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented, or detected and corrected on a timely basis.

In conjunction with our audit of the financial statements, we noted no material weaknesses.

Significant Issues Discussed with Management (continued)

This communication is intended solely for the information and use of those charged with governance and, if appropriate, management, and is not intended to be and should not be used by anyone other than these specified parties.

This representation letter is provided in connection with your audits of the financial statements and supplemental schedule of YSK Corporation Retirement and Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements, for the purpose of expressing an opinion as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States (U.S. GAAP) and whether the supplemental schedule is fairly stated in all material respects in relation to the financial statements as a whole. As permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have instructed you not to perform any auditing procedures with respect to information prepared and certified to by Massachusetts Mutual Life Insurance Company, the custodian of the Plan, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedule. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedule taken as a whole. We understand that the form and content of the information in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian have been audited by you in accordance with auditing standards generally accepted in the United States of America, and was subjected to tests of our accounting records and other procedures you considered necessary to enable you to express an opinion as to whether they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

 - Intentions to terminate the Plan.
25. Amendments to the plan instrument, if any, have been properly recorded or disclosed in the financial statements.
26. The Plan has complied with all aspects of debt and other contractual agreements that would have a material effect on the financial statements in the event of noncompliance.
27. The methods and significant assumptions used to estimate fair values of financial instruments, including non-readily marketable securities, are as follows:
- Pooled separate accounts are valued at fair value based on the underlying investments as reported to the Plan by MassMutual.
 - Mutual funds are valued at the net asset value of shares held by the Plan at year-end.
 - The guaranteed investment contract is valued at fair value, by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.
 - Common collective trusts valued at the NAV provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. For this fund, there are no unfunded commitments, redemption restrictions, and participants can transact daily.
- The methods and significant assumptions used result in a measure of fair value appropriate for financial measurement and disclosure purposes.
28. All required amendments to and filings of Plan documents with the appropriate agencies have been made.

29. The Plan (and the trust established under the Plan) is qualified under the appropriate section of the Internal Revenue Code and we intend to continue them as a qualified plan (and trust). The plan sponsor has operated the Plan (and trust) in a manner that did not jeopardize this tax status. Required nondiscrimination testing related to Code Section 401(k) and 401(m) arrangements, as applicable, has been completed for the Plan, and any excess deferrals or contributions have been disposed of in accordance with regulations.
30. The Plan has complied with the Department of Labor's regulations concerning the timely remittance of participant contributions to trusts containing assets for the Plan.
31. The Plan has complied with the fidelity bonding requirements of ERISA.
32. We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operation of the Plan.

33. We have obtained appropriate fee disclosures from covered service providers and have concluded the fees are reasonable. The Plan is in compliance with DOL regulations regarding ERISA Section 408(b)(2).
34. We believe the form and content of the supplemental schedule of assets (held at end of year) is fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

YSK CORPORATION RETIREMENT AND SAVINGS PLAN

Notes to Financial Statements
December 31, 2018 and 2017

Plan Description

The following description of the YSK Corporation Retirement and Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of YSK Corporation (the Company) who have completed one year of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation as defined in the plan agreement and as allowable by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan provides for employer matching contributions of 100% of the participant's contribution not to exceed 3% of the employee's deferred compensation. The Company may also make discretionary employer non-elective contributions, as determined by the Company. For the years ended December 31, 2018 and 2017 there were no employer non-elective contributions.

Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the employer contributions, (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer matching and non-elective contribution portions of their accounts plus actual earnings is based on continuous years of service according to the following vesting schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Plan Description (continued)

Notes Receivable from Participants

Participants may borrow from their individual accounts a minimum amount of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Notes must be repaid within five years unless the note is granted to allow the participant to purchase his or her principal residence. The notes are secured by the balance in the participant's account and bear interest commensurate with local prevailing rates plus 2%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to separation of service, death, disability or retirement, a participant may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account or elect an annuity contract to be purchased and distributed by the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited non-vested accounts totaled \$4,947 and \$2,597, respectively. These accounts will be used to first pay administrative expenses of the Plan and then to be used to reduce future employer contributions. During 2018, forfeitures of \$8 were used to pay administrative expenses of the Plan and \$0 were used to reduce employer contributions. During 2017, forfeitures of \$11 were used to pay administrative expenses of the Plan and \$8,458 were used to reduce employer contributions.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the *Fair Value Measurements* footnote herein.

YSK CORPORATION RETIREMENT AND SAVINGS PLAN

Notes to Financial Statements
December 31, 2018 and 2017

Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefits Paid

Benefits are recorded when paid.

Administrative Expenses

The majority of the administrative expenses of the Plan are paid by the Company.

Information Prepared and Certified by the Custodian

Information Prepared and Certified by the Custodian (continued)

The custodian also certified the completeness and accuracy of the following related to the aforementioned assets for the years ended December 31:

	2018	2017
Net (depreciation) appreciation in fair value of investments	\$(197,459)	\$ 747,519
Interest and dividend income	137,560	135,878
Interest on notes receivable from participants	22,307	19,411

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

*Pooled
Separate
Accounts:*

Valued at fair value based on the underlying investments as reported to the Plan by MassMutual.

*Mutual
Funds:*

Valued at the net asset value of shares held by the Plan at year-end.

YSK CORPORATION RETIREMENT AND SAVINGS PLAN

Notes to Financial Statements
December 31, 2018 and 2017

Fair Value Measurements (continued)

*Common
Collective
Trusts:*

Valued at the net asset value (NAV) of units of the bank collective trusts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. For these funds, there are no unfunded commitments, redemption restrictions, and participant can transact daily.

*Guaranteed
Investment
Contract:*

Valued at fair value, by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 124	\$ -	\$ 124
Mutual funds	334,465	-	-	334,465

Group Investment Contract with Insurance Company

The Plan entered into a guaranteed investment contract with MassMutual. MassMutual maintains the contributions in an unallocated fund to which it added interest at a rate of 2.83% and 2.92% for 2018 and 2017, respectively. The interest rate is reset annually. The contract does not have a maturity date and continues in force until all assets have been distributed or no further payments are due. A contract holder may request a lump sum distribution or an installment payout. The contract restricts the amount of participant-directed exchanges.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Tax Status

The Company has adopted a prototype non-standardized profit sharing plan with a cash or deferral arrangement sponsored by MassMutual, which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Party-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts, mutual funds and a guaranteed investment contract managed by MassMutual. MassMutual is the custodian as defined in the plan agreement and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for administrative expenses amounted to \$38,998 and \$38,355 during 2018 and 2017, respectively.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the accompanying 2018 statement of net assets available for benefits.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.
