Independent Auditors' Report

To the Oversight Committee of the Third Street Administration Profit Sharing Plan and Trust

We were engaged to audit the accompanying financial statements of Third Street Administration Profit Sharing Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2018, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Matrix Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2018, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions as of December 31, 2018, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter- 2017 Financial Statements

The financial statements of the Plan as of December 31, 2017, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Matrix Trust Company, the custodian of the Plan. Their report, dated October 12, 2018, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 Description of Plan

Third Street Administration Profit Sharing Plan ("Plan") is a defined contribution plan covering eligible employees as defined. The Plan became effective January 25, 1982 and was most recently amended effective March 22, 2018. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All Plan assets are held by Matrix Trust Company. as of December 31, 2018 and 2017. Complete information regarding the Plan is included in the Plan Agreement. Significant plan provisions are summarized below.

Eligibility

Employees of the Company are eligible to participate in the Plan upon the attainment of 21 years of age and have obtained one year of service, as defined. Eligible employees may enter the Plan on the Plan entry date, as defined.

Contributions

Each year, participants may contribute up to the maximum allowed by the Internal Revenue Code ("IRC") that would not cause the Plan to be in violation of regulations. Participants who have attained age fifty before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan and can make changes to their elections at any time. The Company may make a discretionary profit-sharing contribution each year. As of December 31, 2018, and 2017, the Company did not make a profit-sharing contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant salary deferrals may be treated as either "pre-tax" or "Roth" (after tax) contributions. This election can be made upon entrance to the Plan. Elections can be changed by the participant at any time via the Plan website.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or a rollover to another qualified plan. For termination of service due to other reasons, a participant may defer receipt of the distribution until a later date if the vested account balance is above $5,000. However, if the vested account balance is $5,000 or less, then the entire account balance will be distributed to the participant in a lump-sum distribution. Hardship withdrawals are permitted if certain criteria are met. In-service withdrawals are available in certain limited circumstances, as defined by the Plan and are allowed upon attainment of age 59-1/2.

Note 1 Description of Plan, Continued

Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum of i) $50,000, reduced by the highest outstanding note receivable balance over the prior twelve months less the outstanding balance on the date the new note receivable is made or ii) 50 percent of their vested account balance, whichever is less. The repayment period may not exceed five years unless the loan is for the purchase of the participant's principal residence in which case the repayment period may not exceed ten years. The interest rate is determined by the Company based on prevailing interest rates. A participant may have no more than 4 loans outstanding at a time.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

Years of Service	Vested Benefits
Less than 3 years	0%
3 years	100%

Forfeitures

The Plan provides that forfeitures of non-vested employer contributions, if any, shall be used to offset expenses and employer contributions as such obligations accrue. Forfeited non-vested accounts totaled $0 at December 31, 2018 and 2017. There were $0 and $476 in forfeitures used by the Plan to reduce administrative expenses during 2018 and 2017, respectively.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Correction of an Error

During the 2018 audit, it was discovered that the 2017 audited financial statements incorrectly disclosed the basis of accounting as modified cash when the financial statements were presented in accordance with US GAAP. Therefore, prior year disclosures and notes to the financial statements have been revised to reflect this error correction.

Note 2 Summary of Significant Accounting Policies, Continued

Investment Valuation and Income Recognition

Investments are presented at fair value as determined by the custodian, based on the quoted market prices of the underlying securities within each fund at December 31, 2018 and 2017. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Expenses

Administrative expenses consist of accounting and custodial costs of servicing the Plan. The Company has chosen to pay all of these costs except those shown in the accompanying financial statements.

Note 3 Investments

All information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2018 and 2017, and net appreciation in fair value of investments and investment income for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Matrix Trust Company, custodian of the Plan.

Note 4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: a) quoted prices for similar assets or liabilities in active markets, b) quoted prices for identical or similar assets or liabilities in inactive markets, c) inputs other than quoted prices that are observable for the asset or liability, and d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Registered Investment Companies: The fair values of mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (level 1 inputs). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange Traded Funds: Valued at the closing price reported on the active market in which the individual securities are traded.

Note 4 Fair Value Measurements, Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$ 1,107,035	$ -	$ -	$ 1,107,035

Total assets at fair value	$ 1,750,505	$ -	$ -	$ 1,750,505

	December 31, 2017			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$ 1,178,633	$ -	$ -	$ 1,178,633
Exchange Traded Funds	1,007,083	-	-	1,007,083
Total assets at fair value	$ 2,185,716	$ -	$ -	$ 2,185,716

Note 5 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

Note 6 Risks and Uncertainties

The Plan (participants) invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Note 7 Related Party Transactions and Party-In-Interest Transactions

Certain expenses of the Plan, including legal and accounting fees, are paid by the Sponsor. In addition, certain services to the Plan, provided by the Sponsor, were performed at no charge. These transactions are exempt party-in-interest transactions.

Note 8 Guaranteed Investment Contract

The Plan entered into a fully benefit-responsive guaranteed investment contract with CMFG Life Insurance Company. CMFG Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by CMFG Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan's management believes that any events that would limit the Plan's ability to transact at contract value with participant's are probable of not occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 9 Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2016.

Note 10 Delinquent Participant Contributions

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable or 15 business days in the month following the date in which amounts are withheld from wages, whichever is earlier. During 2018, the Company failed to remit to the Plan's Custodian certain employee contributions totaling $22,804 within the period prescribed by Department of Labor regulations. Delays in remitting contributions to the custodian were due to administrative errors. The delayed contributions are considered prohibited, or nonexempt transactions. As of the date of the financial statements, the Plan administrator is in the process of taking corrective action, including payment of lost earnings totaling $23.

Note 11 Subsequent Events

The plan administrator and the plan sponsor have evaluated subsequent events through January 6, 2020, the date on which the financial statements were available to be issued.
