Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, however, it is inappropriate to express, and we do not express, an opinion on the supplemental schedules referred to above.

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation, Transactions and Income Recognition -

General - Investments are carried at fair value, which is determined, presented and disclosed in accordance with Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurements and Disclosures*. Under FASB ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumptions about inputs that market participants would use in pricing the investments developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels, based on the inputs, as follows:

Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Valuations based on quoted prices in markets that are not active, quoted prices for similar investments in active markets or model-based valuations for which all significant assumptions are observable and can be corroborated by observable market data.

Level 3 - Valuations based on unobservable inputs that are supported by little or no market activity and are significant to the overall fair value measurement. Values are determined using proprietary pricing models, discounted cash flow models that include the investment entities' own judgments and estimations, or some other pricing method using unobservable inputs.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Inputs and Valuation Methods - In determining fair value, FASB ASC 820 allows various valuation approaches. The specific methods used for each of the Plan's investment classes are presented below.

Mutual funds including money market fund: The fair value of mutual funds is generally based on quoted prices in active markets (Level 1). The money market fund is valued at amortized cost, which approximates fair value (Level 2).

Valuation Methods, Consistency - The valuation techniques used in the accompanying financial statements have been consistently applied.

Transactions and Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Refundable - After year-end, various compliance calculations are performed on the total participant contributions made into the Plan and any excess contributions are refunded to the participants. There was only one contribution to refund for the year ended December 31, 2017. The refund was not made by the deadline of March 15, 2018, to avoid tax penalties. As such, excise taxes of 10% were paid in December 2018 to the Internal Revenue Service by Friant & Associates, LLC (the Company) prior to the January 15, 2019, deadline. The Plan passed all required testing for the year ended December 31, 2018, and therefore, no refunds were required.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in mutual funds. Such investments are exposed to various risks, such as interest rate, market fluctuations and credit. Due to the level of risk associated with certain investments and the level of uncertainty with respect to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTE 2. DESCRIPTION OF THE PLAN

The following description of Friant & Associates 401(K) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions. Effective January 1, 2017, the Company established the 401(K) plan for its employees.

General - The Plan is a defined contribution plan covering all full-time employees of the Company. Employees become eligible to participate upon date of hire and attainment of age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Participant Contributions - The Plan allows participants to contribute up to 100% of eligible annual compensation, as defined in the Plan, not to exceed the limit established by law. The limit for Plan years 2018 and 2017 was $18,500 and $18,000, respectively. A participant who attains age 50 or older by the end of the Plan year can elect to defer additional amounts, called "catch-up contributions," to the Plan. The catch-up contribution limit for 2018 and 2017 was $6,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participant Accounts - Each participant's account is credited with the participant's contribution, rollover and earnings, and is charged with an allocation of administrative expenses based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participant notes are secured by the participant's account balance. Participant notes must be repaid to the Plan within a five-year period, unless the note is used for the purchase of a principal residence. Borrowings bear interest at the prime interest rate, at the date the participant note is effective, plus one percentage point. The Plan allows only one outstanding borrowing at a time. There were no borrowings during the years ended December 31, 2018 and 2017.

Investment Options - Upon enrollment in the Plan, a participant may direct employee contributions to any of the investment options offered by the Plan. Participants may change their investment options daily. Participants may also reallocate contributions among investment funds at any time.

NOTE 2. DESCRIPTION OF THE PLAN (CONT'D)

Distributions - On retirement, disability, death or termination of service, a participant will receive either a lump sum or a rollover amount equal to the value of the vested portion of his or her account. Distributions are subject to the applicable provisions of the Plan Agreement. The Plan allows in-service withdrawals under certain conditions.

NOTE 3. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company reserves the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant will be fully vested in all benefits earned to date.

NOTE 4. TAX STATUS

The Company has adopted a standardized prototype plan document that received an opinion letter from the Internal Revenue Service, dated March 31, 2014, indicating that the prototype plan is designed in accordance with the applicable sections of the Internal Revenue Code (the IRC). Although the Plan has been amended, the Company and the Plan Administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2018, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified by Ascensus Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule, as follows:
