FITNESS FORMULA EMPLOYEE 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

1. DESCRIPTION OF PLAN

The following description of the Fitness Formula 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Users of these financial statements should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by Fitness Formula, Ltd. and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective January 2018, the plan transferred to ADP Retirement Services (with the trustee being Reliance Trust Company) from Ascensus Trust Company. With the change from Ascensus, all employees that work more than 1,000 hours are eligible to join the plan. Previously, eligible employees also had to be 21 years of age or older. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of various investment options.

Contributions - Each year, participants may contribute up to 90% of annual compensation (salary reduction contributions), on a pretax or post tax basis, as defined in the plan document. For the 2017 plan year, participants could defer up to 100% of annual compensation. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). After one year of service, the Company provides a discretionary employer match. For the years ended December 31, 2018 and 2017, the match is equal to 20% of the first 5% of the participant's compensation that a participant contributes to the Plan. Matching contributions are made each payroll period. Contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with the participant's salary reduction contributions, rollover contributions, Company contributions and plan earnings or losses (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balance, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts - As of December 31, 2018 and 2017 the Plan had $147 and $8,165, respectively, included as forfeitures. Forfeited balances can be used to reduce future Company contributions or pay for plan expenses. During the years

ended December 31, 2018 and 2017 $13,677 and $0, respectively, from forfeited nonvested accounts were used to reduce employer contributions.

Participant Loans – Participants may borrow from their accounts up to a maximum amount equal to 50% of their vested account balance or $50,000, whichever is less and are limited to one outstanding loan. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Loan terms range from one to five years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime interest rate plus 1 percent. Principal and interest is paid ratably through payroll deductions.

Administrative Expenses – The Employer pays all administrative expenses of the Plan except for certain contract administrative and trustee fees. Such charges not paid by the Employer and not covered by Plan forfeitures are allocated directly to the accounts of the participants (generally based on account balance) and are classified as administrative expenses in the statement of changes in net assets available for benefits. Certain investment advisory fees are paid by the Plan and included in net appreciation (depreciation) in fair value of investments of the related fund as they are paid through a revenue sharing agreement, rather than a direct payment. Administrative expenses paid by the Employer are not included in the financial statements of the Plan.

Vesting – Participants are immediately vested in their salary reduction and rollover contributions, plus earnings thereon. Company matching contributions and earnings thereon vest in accordance with provisions of the plan document as follows:

Years of Vesting Service	Percentage
Less than 2	0%
At least 2, but less than 3	20%
At least 3, but less than 4	40%
At least 4, but less than 5	60%
At least 5, but less than 6	80%
6 or more	100%

Participants that leave the Plan because of death, normal retirement or total and permanent disability, as defined in the Plan, are considered 100% vested. For

vesting purposes, a year of service will be credited upon attaining 1,000 hours of service.

Payment of Benefits – Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan document. The Plan provides for normal retirement at age 65. In-service distributions are allowed if the participant has reached age 59-1/2. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the plan document.

Excess Contributions Payable - The Plan is required to perform certain non-discrimination testing each year. Testing failures may result in refunds of contributions to certain participants which were refunded timely during the subsequent year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Benefit Recording – Benefits are recorded when paid.

Investment Valuation and Income Recognition – The Plan's investments are valued at fair value using quoted market prices. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. The mutual funds held by the Plan are deemed to be actively traded.

Unit Values – Individual participant accounts invested in the common collective trust funds are maintained on a unit value basis. Participants do not have a beneficial ownership in specific underlying securities or other assets in the fund, but have an interest therein represented by units valued as of the last business

day of the period. The funds earn dividends and interest which are automatically reinvested in additional units. The Plan does not have any common collective trust fund investments with unfunded commitments or with any redemption restrictions.

Participant Loans Receivable – The Company has classified participant loans as notes receivable from participants. These notes are measured at their unpaid principal balance plus any accrued and unpaid interest. Interest income from notes receivable from participants is recognized when accrued based on individual agreements.

2. INVESTMENT TRANSFER IN PROCESS

The plan assets transferred out of Ascensus Trust Company (the predecessor trustee) in December 2017. The assets were not received by Reliance Trust Company (the current trustee) until January 2018. Assets in transit are recorded as investment transfer in process at December 31, 2017.

3. PARTIES-IN-INTEREST

The Plan holds notes receivable from participants. Certain fees paid by the Plan for investment management services are included in net appreciation in fair value of investment, as they are paid through revenue sharing, rather than a direct payment. These transactions are exempt from being prohibited transactions under ERISA.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. AMOUNTS OWED TO PARTICIPANTS WITHDRAWING FROM THE PLAN

There are no amounts owed to participants who have withdrawn from the Plan as of December 31, 2018 or 2017 that have not been paid and therefore included in net assets available for benefits.

6. FAIR VALUE MEASUREMENTS

The Plan follows generally accepted accounting principles associated with fair value measurements and disclosure. Generally accepted accounting principles define fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

Generally accepted accounting principles related to fair value disclosure also establish a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels of inputs that may be used to measure fair value are as follows:

Level 1 - quoted prices in active markets for identical assets or liabilities;

Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy:

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 3,891,004	$ -	$ -	$ 3,891,004
Stable Value Option (a)				133,582
				$ 4,024,586

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. For the years ended December 31, 2018 and 2017, there were no transfers in or out of Level 1, Level 2 or Level 3.

The Plan's valuation methodology used to measure the fair values of mutual funds were derived from quoted market prices as all of these instruments have active markets. Common collective trust funds are stated at fair value based on net asset value of units held by the Plan at year end.

7. INVESTMENTS

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

8. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and

Disclosure under ERISA. Accordingly, the trustees have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

The following table presents the fair value of investments held at December 31, 2018 and 2017 and the investment activity for the year ended December 31, 2018.

	2018	2017
Investments	$ 4,024,587	$ -
Participant loans receivable	$ 47,821	$ 69,870

	Year ended December 31, 2018
Net depreciation in fair value of investments	$ (526,522)
Interest and dividends	212,037
	$ (314,485)

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	2018	2017
Net assets available for benefits per the financial statements	$ 4,045,688	$ 4,162,115
Plus:		
Excess contributions payable	26,720	83,141
Net assets available for benefits per Form 5500	$ 4,072,408	$ 4,245,256

The following is a reconciliation of the change in net assets per the financial statements to the Form 5500 for the year ended December 31, 2018:

Decrease in net assets per the financial statements	$ (116,427)
Adjustment for excess contributions payable	
Plus: current year	26,720
Less: prior year	(83,141)
Change in net assets per Form 5500	$ (172,848)

9. TAX STATUS

For the year starting January 1, 2018, the Plan adopted a prototype defined contribution plan and trust sponsored by ADP Retirement Services. The Internal Revenue Service has determined and informed Principal in a determination letter dated July 16, 2014, that the Plan is qualified and tax exempt under the appropriate sections of the Internal Revenue Code ("IRC"). The plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

Generally accepted accounting principles require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or DOL. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Management is currently reviewing previously filed Form 5500’s to determine if the count of eligible participants was properly calculated and if amended returns and additional audits are necessary. No related costs associated with amended filings are expected to be paid by the Plan. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. SUBSEQUENT EVENTS

The Company has evaluated subsequent events occurring through January 6, 2020, the date that the financial statements were available to be issued, for events requiring recording or notes disclosure in the Plan's financial statements.
