INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Management of
Nissin Brake Georgia, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Nissin Brake Georgia, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of March 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended March 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Massachusetts Mutual Life Insurance Company, as the administrative services provider for the Hartford Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended March 31, 2019 and 2018, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles. Our opinion is not modified with respect to that matter.

Other Matter

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of the year ended March 31, 2019, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Nissin Brake Georgia, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was adopted September 1, 2003, to provide retirement benefits for employees of Nissin Brake Georgia, Inc. (the "Plan Sponsor"). The Plan covers substantially all employees who have completed two months of service ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may voluntarily make traditional 401(k) contributions to the Plan which are deductible by the participants for federal income tax. Participant contributions are permitted up to 100% of compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan provides that the Plan Sponsor will make matching contributions in an amount equal to 50% of each participant's contributions up to 4% of each participant's compensation.

The Plan Sponsor may contribute a discretionary amount authorized by the Plan Sponsor's Board of Directors; however, such discretionary contributions by the Plan Sponsor are not required. No discretionary employer contribution was made by the Plan Sponsor during 2019.

Plan Sponsor and participant contributions may not exceed the maximum amounts allowed for federal income tax purposes.

Participant Accounts

Each participant's account is credited or charged with the participant's contribution and allocations of Plan Sponsor contributions, investment earnings and losses. Allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Vesting in the Plan Sponsor's matching contributions are based on years of continuous service. Participants vest 20% after one year of service and vesting increases 20% for each year thereafter, until the participant is fully vested upon attaining five years of service.

Payment of Benefits

Upon a participant's termination of service due to death, permanent disability, retirement, or other reason, a participant's interest will normally be distributed in a single lump-sum payment.

Forfeited Accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. At March 31, 2019, and 2018, forfeited nonvested accounts totaled $7,552 and $4,687, respectively. Such forfeitures reduce the Plan Sponsor's contributions or expenses to the Plan. In 2019, Plan Sponsor contributions were not reduced from forfeited nonvested accounts.

NOTE A - DESCRIPTION OF THE PLAN (continued)

Hardship Withdrawals

The Plan permits distributions in the event of a hardship, as defined in the Plan document. Hardship withdrawals are limited to the participant's contributions less any losses on those contributions.

Administrative Expenses

The Plan Sponsor pays substantially all administrative expenses of the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the modified cash basis of accounting. Under that basis, certain revenues and the related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred. That basis differs from accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as reported by the Custodian. Quoted market prices are used to value investments. Investment contracts with insurance companies are stated at fair value determined periodically by Hartford Life Insurance Company, and approximate contract value. Pooled separate accounts are stated at the net asset value of the underlying mutual fund shares held at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Date of Management's Review

Subsequent events were evaluated through December 18, 2019, which is the date the financial statements were available to be issued.

NOTE C - INVESTMENTS

The following information was certified as complete and accurate by Massachusetts Mutual Life Insurance Company, as the administrative services provider for the Hartford Life Insurance Company, the custodian, as of March 31, 2019 and 2018, respectively:

	2019	2018
Investments:		
Guaranteed interest account	$ 104,901	$ 40,933
Pooled separate accounts	849,073	742,972
	$ 953,974	$ 783,905

NOTE D - INVESTMENT CONTRACT WITH INSURANCE COMPANY:

The Plan is party to an investment contract with an insurance company, Hartford Life Insurance Company. This investment contract is not considered fully-benefit responsive. The insurance company maintains the Plan's contributions in guaranteed interest accounts which are credited with earnings on the underlying investments and charged for Plan withdrawals, losses and administrative expenses. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value, which approximates contract value, of the guaranteed interest accounts was $104,901 and $40,933 as of March 31, 2019 and 2018, respectively. The average yield and crediting interest rate was 3.00% for 2019 and 2018. The crediting interest rate is based on a formula agreed upon with the issuer and may be reviewed on a daily, monthly or quarterly basis for resetting.

NOTE E - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits - modified cash basis. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Financial instruments measured at fair value are categorized into a three-level classification. The lowest level input that is significant to the fair value measurement of a financial instrument is used to categorize the instrument and reflects the judgment of management. Financial assets and liabilities are presented at fair value are categorized as follows:

Level 1:
Inputs are unadjusted and represent quoted prices in active markets for identical assets or liabilities at the measurement date.

Level 2:
Inputs (other than quoted prices included in Level 1) are either directly or indirectly observable for the asset or liability through correlation with market data at the measurement date and for the duration of the instrument's anticipated life.

Level 3:
Inputs are unobservable and supported by little or no market activity.

The Plan uses the following methods and assumptions in estimating the fair values of the Plan's financial instruments:

Pooled separate accounts - fair values equal the net asset value (NAV) per unit of shares held by the Plan at year end. The NAV per unit is based on the market value of the underlying investments held by the pooled separate accounts at year end. The net asset value per unit is not a publicly-quoted price in an active market.

Guaranteed interest account - fair values are based on the amount the Plan would receive if the contract was terminated at the reporting date, which is book value less an early withdrawal charge, discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

NOTE E - FAIR VALUE MEASUREMENTS (continued)

The categorization of fair value measurements of the Plan's assets, by input level, is as follows:

		Fair Value Measurements Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
March 31, 2019				
Guaranteed interest account	$ 104,901	$ -	$ 104,901	$ -
Total assets in the fair value hierarchy	104,901	$ -	$ 104,901	$ -
Investments measured at NAV (a)	849,073			
Investments at fair value	$ 953,974			
March 31, 2018				
Guaranteed interest account	$ 40,933	$ -	$ 40,933	$ -
Total assets in the fair value hierarchy	40,933	$ -	$ 40,933	$ -
Investments measured at NAV (a)	742,972			
Investments at fair value	$ 783,905			

(a) Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. There are no participant redemption restrictions for these investments.

NOTE F - INCOME TAX STATUS

The Company adopted a prototype plan, which received a favorable determination letter from the Internal Revenue Service ("IRS") on March 31, 2014, stating that the form of the prototype plan is acceptable under Section 401 (a) of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401 (a) of the IRC. However, the plan administrator believes that the adopted prototype plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and is therefore qualified and exempt from taxation. Effective December 1, 2018, the Plan was restated to comply with the Pension Protection Act of 2006.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE G - RELATED PARTY TRANSACTIONS

All Plan investments are currently managed by Hartford Life Insurance Company, the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. $200 were paid to the custodian by the Plan during 2019 for fees.

NOTE H - RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in completing the Form 5500 Schedule C[1] by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 04/01/2017 - 03/31/2018 and indirect compensation is presented on a calendar year basis ending 12/31/2017.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

[1]Please refer to the Schedule C of the Form 5500 and its instructions (available at: http://www.dol.gov/ebsa/5500main.html), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Massachusetts Mutual Life Insurance Company ("MMLIC") are the net result of aggregating direct compensation after the effects of adjustments processed in 2017, some of which may have pertained to prior years.

Indirect Compensation

Float compensation **$3.38**

Bank accounts and investments associated with short-term investment pool

This is an estimate based on the annual average rate of float (0.00% for 2017) earned on the bank accounts and investments associated with the short-term investment pool for the 2017 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor, subject to applicable regulation. The Plan Sponsor should consult with the Plan's/Plan Sponsor's tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. MassMutual's Code of Conduct generally restricts MassMutual employees from giving to or receiving gifts from customers and/or business partners having a value of over $100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including MassMutual, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual.

Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Massachusetts Mutual Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2017 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

[*]This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. Please note that some of the funds available through your service contract or arrangement are funds from the Oppenheimer family of mutual funds, which are affiliated with MassMutual (The Oppenheimer Funds). These affiliated mutual funds have contracts for services with companies that are affiliated with MassMutual. INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Management of
Nissin Brake Georgia, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Nissin Brake Georgia, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of March 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended March 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Massachusetts Mutual Life Insurance Company, as the administrative services provider for the Hartford Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended March 31, 2019 and 2018, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles. Our opinion is not modified with respect to that matter.

Other Matter

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of the year ended March 31, 2019, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Nissin Brake Georgia, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was adopted September 1, 2003, to provide retirement benefits for employees of Nissin Brake Georgia, Inc. (the "Plan Sponsor"). The Plan covers substantially all employees who have completed two months of service ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may voluntarily make traditional 401(k) contributions to the Plan which are deductible by the participants for federal income tax. Participant contributions are permitted up to 100% of compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan provides that the Plan Sponsor will make matching contributions in an amount equal to 50% of each participant's contributions up to 4% of each participant's compensation.

The Plan Sponsor may contribute a discretionary amount authorized by the Plan Sponsor's Board of Directors; however, such discretionary contributions by the Plan Sponsor are not required. No discretionary employer contribution was made by the Plan Sponsor during 2019.

Plan Sponsor and participant contributions may not exceed the maximum amounts allowed for federal income tax purposes.

Participant Accounts

Each participant's account is credited or charged with the participant's contribution and allocations of Plan Sponsor contributions, investment earnings and losses. Allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Vesting in the Plan Sponsor's matching contributions are based on years of continuous service. Participants vest 20% after one year of service and vesting increases 20% for each year thereafter, until the participant is fully vested upon attaining five years of service.

Payment of Benefits

Upon a participant's termination of service due to death, permanent disability, retirement, or other reason, a participant's interest will normally be distributed in a single lump-sum payment.

Forfeited Accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. At March 31, 2019, and 2018, forfeited nonvested accounts totaled $7,552 and $4,687, respectively. Such forfeitures reduce the Plan Sponsor's contributions or expenses to the Plan. In 2019, Plan Sponsor contributions were not reduced from forfeited nonvested accounts.

NOTE A - DESCRIPTION OF THE PLAN (continued)

Hardship Withdrawals

The Plan permits distributions in the event of a hardship, as defined in the Plan document. Hardship withdrawals are limited to the participant's contributions less any losses on those contributions.

Administrative Expenses

The Plan Sponsor pays substantially all administrative expenses of the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the modified cash basis of accounting. Under that basis, certain revenues and the related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred. That basis differs from accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as reported by the Custodian. Quoted market prices are used to value investments. Investment contracts with insurance companies are stated at fair value determined periodically by Hartford Life Insurance Company, and approximate contract value. Pooled separate accounts are stated at the net asset value of the underlying mutual fund shares held at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Date of Management's Review

Subsequent events were evaluated through December 18, 2019, which is the date the financial statements were available to be issued.

NOTE C - INVESTMENTS

The following information was certified as complete and accurate by Massachusetts Mutual Life Insurance Company, as the administrative services provider for the Hartford Life Insurance Company, the custodian, as of March 31, 2019 and 2018, respectively:

	2019	2018
Investments:		
Guaranteed interest account	$ 104,901	$ 40,933
Pooled separate accounts	849,073	742,972
	$ 953,974	$ 783,905

NOTE D - INVESTMENT CONTRACT WITH INSURANCE COMPANY:

The Plan is party to an investment contract with an insurance company, Hartford Life Insurance Company. This investment contract is not considered fully-benefit responsive. The insurance company maintains the Plan's contributions in guaranteed interest accounts which are credited with earnings on the underlying investments and charged for Plan withdrawals, losses and administrative expenses. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value, which approximates contract value, of the guaranteed interest accounts was $104,901 and $40,933 as of March 31, 2019 and 2018, respectively. The average yield and crediting interest rate was 3.00% for 2019 and 2018. The crediting interest rate is based on a formula agreed upon with the issuer and may be reviewed on a daily, monthly or quarterly basis for resetting.

NOTE E - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits - modified cash basis. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Financial instruments measured at fair value are categorized into a three-level classification. The lowest level input that is significant to the fair value measurement of a financial instrument is used to categorize the instrument and reflects the judgment of management. Financial assets and liabilities are presented at fair value are categorized as follows:

Level 1:
Inputs are unadjusted and represent quoted prices in active markets for identical assets or liabilities at the measurement date.

Level 2:
Inputs (other than quoted prices included in Level 1) are either directly or indirectly observable for the asset or liability through correlation with market data at the measurement date and for the duration of the instrument's anticipated life.

Level 3:
Inputs are unobservable and supported by little or no market activity.

The Plan uses the following methods and assumptions in estimating the fair values of the Plan's financial instruments:

Pooled separate accounts - fair values equal the net asset value (NAV) per unit of shares held by the Plan at year end. The NAV per unit is based on the market value of the underlying investments held by the pooled separate accounts at year end. The net asset value per unit is not a publicly-quoted price in an active market.

Guaranteed interest account - fair values are based on the amount the Plan would receive if the contract was terminated at the reporting date, which is book value less an early withdrawal charge, discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

NOTE E - FAIR VALUE MEASUREMENTS (continued)

The categorization of fair value measurements of the Plan's assets, by input level, is as follows:

		Fair Value Measurements Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
March 31, 2019				
Guaranteed interest account	$ 104,901	$ -	$ 104,901	$ -
Total assets in the fair value hierarchy	104,901	$ -	$ 104,901	$ -
Investments measured at NAV (a)	849,073			
Investments at fair value	$ 953,974			
March 31, 2018				
Guaranteed interest account	$ 40,933	$ -	$ 40,933	$ -
Total assets in the fair value hierarchy	40,933	$ -	$ 40,933	$ -
Investments measured at NAV (a)	742,972			
Investments at fair value	$ 783,905			

(a) Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. There are no participant redemption restrictions for these investments.

NOTE F - INCOME TAX STATUS

The Company adopted a prototype plan, which received a favorable determination letter from the Internal Revenue Service ("IRS") on March 31, 2014, stating that the form of the prototype plan is acceptable under Section 401 (a) of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401 (a) of the IRC. However, the plan administrator believes that the adopted prototype plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and is therefore qualified and exempt from taxation. Effective December 1, 2018, the Plan was restated to comply with the Pension Protection Act of 2006.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE G - RELATED PARTY TRANSACTIONS

All Plan investments are currently managed by Hartford Life Insurance Company, the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. $200 were paid to the custodian by the Plan during 2019 for fees.

NOTE H - RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.
