NOTE 1: DESCRIPTION OF PLAN

The following description of the ACM 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan, is a defined contribution retirement plan covering substantially all employees of Advanced Cleanroom Microclean Corp., Cleanroom Facility Services, Inc. and Cleanroom Tecs Inc. (collectively referred to as the "Company"). The Plan has an effective date of January 1, 2017. The Plan Administrator oversees governance of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performances. Effective January 1, 2017, employees are eligible to participate after having completed at least 60 days of service. Eligible participants may enter the Plan on the first day of the next month after they become eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS AND FUNDING POLICY

Participants may contribute up to 100 percent of their pretax annual compensation, or after-tax Roth contributions, subject to IRS limitations, as defined in the Plan. Participants who have attained age 50 before year end are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make, in its sole discretion, matching contributions on participant deferrals up to a percentage of the elective deferral determined by the Company. The discretionary matching contribution is made at the end of the Plan year.

The Company may also make a qualified non-elective contribution to eligible, nonhighly compensated employees. The qualified non-elective contribution is allocated based on the percentage of the participant's compensation to the total compensation of all participants. Qualified non-elective contributions are funded annually.

There were no employer contributions for the years ended December 31, 2018 and 2017.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and employer's contributions and an allocation of the Plan's earnings and losses including administrative fees paid by the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their contributions, any employer qualified-nonelective contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution and earnings thereon is based on periods of continuance service. Participants are 100% vested after 4 years of credited service, or if they were an employee upon retirement, disability, death, or termination of the Plan.

NOTE 1: DESCRIPTION OF PLAN, Continued

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow a minimum of $1,000, and up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid through after-tax payroll deductions.

INVESTMENT OPTIONS

Each participant directs contributions to his or her account among different investment options offered by the Plan. These investment options are comprised of pooled separate accounts, common collective trusts, and a stable value fund. An investment balance reallocation may be made at any time.

PAYMENT OF BENEFITS

Upon attainment of age 59 1/2, or termination of service, due to death, disability, or retirement, a participant may elect to receive a distribution equal to the value of the participant's vested interest in his or her account, or in installments. Under certain circumstances, participants may make a financial hardship withdrawal.

FORFEITED ACCOUNTS

A participant's unvested portion of Company contributions is forfeited upon termination of employment for reasons other than death or permanent disability. Forfeitures may be used to pay administrative expenses or to reduce employer contributions. There were no forfeited nonvested accounts as of December 31, 2018 and 2017.

ADMINISTRATIVE EXPENSES

The trustees have elected to have the Company pay for the Plan expenses. For the years ended December 31, 2018 and 2017 there were no expenses paid by the Company.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value, except for the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

In May 2015, the FASB issued ASU 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured at net asset value (NAV) per share (or its equivalent) using the practical expedient and removes certain disclosures. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with early adoption permitted, and is to be applied retrospectively. The Trustees adopted ASU 2015-07 for the year ended December 31, 2017. As a result of applying ASU 2015-07, the pooled separate accounts using NAV as a practical expedient are excluded from the fair value hierarchy at December 31, 2018 and 2017.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The Trustees have adopted ASU 2015-12 Parts I and II for the year ended December 31, 2017.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

POOLED SEPARATE ACCOUNTS

The pooled separate accounts are amounts allocated to variable investment accounts within a Principal Life Insurance Company (Principal) separate account which is credited to a participant's account in the form of accumulation units. The value of an accumulation unit of any investment account is determined at the close of each business day and is directly related to the net asset value of the shares of the underlying investment adjusted for any dividends or distributions received by Principal and the daily equivalent of any fee charged by Principal pursuant to the contract. The value of each accumulation unit is published each business day on the Principal website for the Plan. The net asset value is the basis for current transactions and the pooled separate account can be redeemed at the net asset value as of the measurement date, therefore, the Plan Sponsor has determined that the pooled separate account has a readily determinable fair value. Each investment account is invested by Principal exclusively in shares of a specific mutual fund or other investment entities as directed by the contract holder. These funds have no redemption restrictions or unfunded commitments.

COLLECTIVE INVESTMENT TRUST

Collective Investment Trusts consist of the Principal LifeTime Hybrid Collective Investment Funds and a Stable Value Fund.

Principal LifeTime Hybrid Collective Investment Funds
Each Principal LifeTime Hybrid Collective Investment Funds (LifeTime Hybrid Funds) is a separate collective investment fund maintained by Principal Global Investors Trust Company, as trustee. The LifeTime Hybrid Funds seek a total return consisting on long-term growth of capital and income consistent with the investment strategy of a participant who expects to retire in the year identified in each respective Fund's name. The LifeTime Hybrid Funds invest in various type of investments, including but not limited to, mutual funds, collective investment trusts and pooled separate accounts. Neither the principal nor the underlying assets of the Principal LifeTime Hybrid CITS are guaranteed at any time, including the target date. The LifeTime Hybrid Funds are recorded at their net asset value which is determined daily. The net asset value is the current or fair value of the assets of that fund less expenses and liabilities divided by the number of units on the valuation date.

Stable Value Fund
The Stable Value Fund is a collective investment fund for collective investment in contracts issued by insurance companies, or other institutions that are designed for stability of principal. The Stable Value Fund is reported at the contract value as this is the relevant measurement attributable to fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The contract value is the invested principal plus accrued interest on investment contracts and balances invested overnight. The objective of the Fund is to provide preservation of capital, relatively stable returns consistent, with its low risk profile, and liquidity for benefit responsive plan or participant payments. Market value events may limit the ability of the Fund to transact at contract value with the issuer. Such events may include but are not limited to: Fund administration amendments or changes, merger or consolidation of investors, group terminations or layoffs, implementation of an early retirement program, termination or partial termination of the Fund, failure to meet certain tax qualifications, participant communication that is designed to influence participants not to invest in the Fund, transfers to competing options without meeting the equity wash provisions of the Fund, and plan sponsor withdrawals without the appropriate notice to the Fund. Investment income is accrued as earned.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management and the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. Payments are required to be made at least quarterly and the repayment period is 60 months or less. Unpaid notes receivable from participants for more than 90 days after due are considered in default. Upon default the entire principal balance and interest are immediately due and payable. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

As of December 31, 2018 and 2017, the Plan assets were held by the custodian, Principal Life Insurance Company. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Investments:	2018	2017
Pooled Separate Accounts at fair value	$ 53,921	$ 44,568
Collective Investment Trusts at fair value	156,799	77,175
Stable Value Fund at contract value	7,474	3,022
Total investments	$ 218,194	$ 124,765
Investment (loss) income:		
Net (depreciation) appreciation in fair value of investments	$ (23,597)	$ 10,705
Total investment (loss) income	$ (23,597)	$ 10,705

As of December 31, 2018, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $23,597. As of December 31, 2017, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $10,705.

NOTE 4: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical ass
(level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs are inputs other than quoted price included within Level 1 that are:
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2018 and 2017:

Pooled Separate Accounts
Each pooled separate account invests solely in shares of mutual funds or exchange traded funds. The fair value of the mutual funds are publicly quoted pricing inputs used in determining the net asset value which is available on the Plan's Principal website. The fair value of the underlying mutual fund is based on their-party pricing vendors and utilize observable market information. The pooled separate accounts are valued daily based on quoted net asset values of the units held by the Plan.

Collective Investment Trusts
The investments held by the collective investment trust ("CIT") are reported at their fair value based on the net asset value of the CIT. The net asset value is not a publicly quoted price in an active market but is available to the plan participants via the Principal webaccess. The net asset value is the basis for current transactions and the CIT can be redeemed at the net asset value as of the measurement date. The CITs are valued similar to mutual funds. Therefore, the CIT is considered to have a readily determinable fair value.

NOTE 4: FAIR VALUE MEASUREMENTS, Continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There are no restrictions on redemption by participants.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

December 31, 2018:

Description	Level 1	Level 2	Level 3	Total December 31, 2018
Pooled separate account	$ 53,921	$ -	$ -	$ 53,921
Collective Investment Trusts	156,799	-	-	156,799
Total investments at fair value	$ 210,720	$ -	$ -	$ 210,720

December 31, 2017:

Description	Level 1	Level 2	Level 3	Total December 31, 2017
Pooled separate account	$ 44,568	$ -	$ -	$ 44,568
Collective Investment Trusts	77,175	-	-	77,175
Total investments at fair value	$ 121,743	$ -	$ -	$ 121,743

NOTE 5: EXCESS CONTRIBUTIONS PAYABLE

Excess contributions from the plan year ended December 31, 2018 of $1,829 are expected to be refunded on or before December 31, 2019. Excess contributions from the plan year ended December 31, 2017 of $4,230, were refunded to the respective participants in 2018.

NOTE 6: INCOME TAX STATUS

The Plan has adopted a Prototype Non-standardized Profit Sharing Plan with CODA, in which the Internal Revenue Service has determined by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable requirements of the Internal Revenue Code. Therefore, the income of the Plan is exempt from federal income taxes under Section 501(a) of the Code.

The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The plan was amended for the Pension Protection Act (PPA). NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9: PARTY-IN-INTEREST

Certain Plan investments are units of pooled separate accounts, common collective trusts, and a stable value fund contract that is managed by Principal Life Insurance Company (Principal). Principal is the Plan's third-party administrator and custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 10: PROHIBITED TRANSACTIONS

During the years ended December 31, 2018 and 2017, certain participant contributions were not remitted to the Plan in a timely manner, resulting in prohibited transactions. Total delinquent contributions in 2018 and 2017 were $15,702 and $3,947, respectively. The Plan administrator will correct the delinquent contributions outside of the Department of Labor's Voluntary Fiduciary Correction Program.

NOTE 11: SUBSEQUENT EVENTS
