Com-Corp Industries, Inc. Employee Stock Ownership Plan
Cleveland, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of the Com-Corp Industries, Inc. Employee Stock Ownership Plan (the Plan), which comprise the statement of net assets (deficit) available for benefits as of December 31, 2018, and the related statement of changes in net assets (deficit) available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets (deficit) available for benefits of the Com-Corp Industries, Inc. Employee Stock Ownership Plan, as of December 31, 2018, and the changes in its net assets (deficit) available for benefits for the year ended December 31, 2018 in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT (Continued)

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2018, and the Schedule H, Line 4j - Schedule of Reportable Transactions, for the year ended December 31, 2018, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

COM-CORP INDUSTRIES, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2018

NOTE 1 PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following brief description of the Com-Corp Industries, Inc. Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for complete information.

Com-Corp Industries, Inc. (the Company) established the Plan effective January 1, 2018. The Plan operates as a leveraged employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (Code), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administrated by an ESOP Committee. The Company retained the services of an independent third party as the Plan's trustee (the Trustee).

On November 20, 2018, the Plan purchased all 75,000 shares of the Company's outstanding common stock (Company Stock) using the proceeds of a loan from the Company (see Note 5), and holds the stock in a trust established under the Plan. The stock was purchased at a price of \$127.87 per share for an aggregate purchase price of \$9,590,539. During 2019, the Stock Purchase Agreement was amended to reduce the purchase price to \$7,309,614, or \$97.46 per share. The accompanying financial statements reflect the reduction in the purchase price.

The borrowings are collateralized by the unallocated shares of common stock and are guaranteed by the Company. The lender has no rights against shares once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of and for the year ended December 31, 2018, present separately the assets and liabilities and changes therein pertaining to:

- (a) the accounts of employees with vested rights in allocated stock (allocated), and
- (b) stock not yet allocated to employees (unallocated).

Eligibility – Employees of the Company and its adopting employers, aged 21 or older are generally eligible to participate in the Plan after one year of service, providing they worked at least 1,000 hours during such period. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of Company contributions for such year.

Contributions – The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. Employee contributions are not permitted.

Payment of Benefits – On termination of service due to death, disability, retirement, resignation, or dismissal, distributions will be made as soon as administratively feasible, subject to receipt of the current independent stock appraisal, and other provisions, in the case of shares acquired through an acquisition loan.

COM-CORP INDUSTRIES, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2018

NOTE 1 PLAN DESCRIPTION AND BASIS OF PRESENTATION (Continued)

Accounts consisting of shares which were originally purchased through an acquisition loan will not begin or be made until the end of the Plan year following the Plan year in which the loan is paid in full. However, in any case, payment of vested amounts will begin or be made no later than 60 days after the end of the Plan year in which the later of the participant's termination of employment or attainment of normal retirement age.

If the participant's vested account does not exceed \$1,000, then a single lump-sum payment will be made regardless of whether the participant elects to receive it. If the participant's vested account equals or exceeds \$1,000 at the time of distribution, the participant must consent to a distribution that commences prior to normal retirement age. Distributions will be paid in the form of cash either as a lump sum or through installment payments over a period of five years plus one year for each \$160,000 or a fraction thereof, by which the value of the participant's account exceeds \$800,000.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares which have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations.

Administrative Expenses – All expenses of maintaining the Plan may be paid from the Plan unless paid by the Company, in which case they are excluded from these financial statements. Such expenses are deducted from participant accounts pro-rata based on ending cash balances. During 2018, no administrative expenses were deducted from participant accounts.

Voting Rights – Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interests of plan participants and beneficiaries.

Participant Accounts – The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

Vesting – If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balance in his or her account based on total years of service with the Company. A participant becomes 20% vested after two years of credited service and increases ratably until fully vested after six years of credited service.

NOTE 1 PLAN DESCRIPTION AND BASIS OF PRESENTATION (Continued)

Put Option – Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification – Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company Stock into investments which are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution. The election to diversify is made subsequent to year-end based upon the shares of employer stock in the participant's account at year end.

Forfeitures – Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation of all participants for the Plan year. There were no forfeitures allocated to participants during 2018. There were no forfeited non-vested accounts to be allocated to participant accounts in future years as of December 31, 2018.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Allocations – The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (allocated) and (b) stock not yet allocated to employees (unallocated), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Investment Valuation and Income Recognition – The shares of Company common stock are reported at fair value. See Note 4 for discussion of fair value measurements. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – The Plan has evaluated subsequent events through January 6, 2020, the date which the financial statements were available to be issued.

NOTE 3 INVESTMENTS

At December 31, 2018, the Plan's investments are presented in the following table:

	Allocated	Unallocated
Com-Corp Industries, Inc. common stock:		
Number of shares	4,187	70,813
Cost	\$ 408,071	\$ 6,901,543
Fair value	\$ 11,180	\$ 189,070

NOTE 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted market prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the assets and liability.

COM-CORP INDUSTRIES, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2018

NOTE 4 FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodology used for assets measured at fair value.

The Company's common stock held by the Plan is reported at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and estimated fair value of company assets and liabilities.

Plan management has concluded that a market participant would also recognize a discount for lack of marketability.

The valuation process involves plan management's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the reviewed financial statements of the Company. The appraiser prepares a preliminary report which plan management, along with the ESOP Trustee, reviews in detail, discusses and approves. The results of this process are documented in minutes of the Plan fiduciary.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's fair value measurement of Level 3 investments at December 31, 2018 was \$200,250. There are no assets measured using Level 1 or Level 2 inputs.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2018:

	Investment in Company Common Stock
Balance - beginning of year	\$ -
Purchase of sponsor company common stock	7,309,614
Unrealized losses relating to assets still held at the reporting date	(7,109,364)
Balance - end of year	<u>\$ 200,250</u>
The amount of total gains or losses for the period included in changes in net assets attributable to the changes in unrealized gains or losses relating to assets still held at the reporting date	<u>\$ (7,109,364)</u>

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net depreciation in fair value of investments in the statement of changes in net assets (deficit) available for benefits.

COM-CORP INDUSTRIES, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2018

NOTE 5 LOAN PAYABLE

In 2018, the Plan entered into a \$9,458,243 term loan agreement with the Company. The proceeds of the loan were used to purchase all 75,000 shares of outstanding common stock of the Company. During 2019, the loan agreement was amended to reflect a reduction in the purchase price of \$2,280,925. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year will be the number of shares held as collateral, times the ratio of the current year principal and interest payments divided by the total of this year's principal and interest payments, plus all future years' principal and interest payments. This resulted in 4,187 shares being released and allocated for the Plan year ended December 31, 2018.

The loan agreement provides for the loan to be repaid based upon 20 annual installments of principal and interest beginning December 31, 2018 and ending December 31, 2037. The fair value of the note payable as of December 31, 2018, was approximately \$6,679,000 determined by using interest rates currently available for issuance of debt with similar terms, maturity dates, and nonperformance risk.

The term loan with the Company has a fixed interest rate of 3.22%. The note may be prepaid without penalty. The scheduled amortization of the loan at December 31, 2018, is as follows:

2019	\$	322,496
2020		282,794
2021		291,900
2022		301,300
2023		311,001
Thereafter		5,169,856
	\$	<u>6,679,347</u>

NOTE 6 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock and has indebtedness guaranteed by the Company. These are related party and party-in-interest transactions. As described in Note 1, the Company pays all plan expenses. The Plan has a number of service providers. Such providers are parties-in-interest under ERISA.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan's investment consists primarily of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets (deficit) available for benefits.

COM-CORP INDUSTRIES, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2018

NOTE 8 PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the ESOP Committee directs the Trustee to pay all liabilities and expenses of the Plan and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Internal Revenue Code (IRC).

NOTE 9 TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated August 2, 2019, stating that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified, and the related trust is tax-exempt as of the financial statement date.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
