NOTE A - DESCRIPTION OF PLAN

The following description of the GSPANN Technologies, Inc. ("Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on October 1, 2007, restated on April 1, 2016 to bring the Plan into compliance with the Pension Protection Act. The Plan was most recently amended and restated on January 1, 2018. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan provides benefits for all eligible employees of the Company.

Plan administration

The Company is the Plan Administrator and retains the services of third parties to assist in the administration of the Plan. The Plan's record-keeper and administrative service provider is ADP Retirement Services, and Plan's custodian is Reliance Trust Company.

Eligibility

All employees of the Company receiving wages in the United States and 21 years old or older, are eligible to participate in the Plan on the first day of the month after a twelve-consecutive month period in which they complete 1,000 hours of service.

Participant contributions

Participants may elect to contribute up to 80% of their eligible compensation, as defined in the Plan, subject to the maximum allowed under section 401(k) of the Internal Revenue Code ("IRC"). Participant contributions are withheld from pre-tax payroll deductions each payroll period. In accordance with the IRC, Participant contributions were limited to $18,500 in the 2018 Plan year and remain subject to periodic adjustment by the Internal Revenue Service ("IRS").

Participants who have attained age 50 before the end of the Plan year are eligible to make "catch-up" contributions. Participants are also permitted to deposit into the Plan distributions received from other eligible retirement plans (rollovers). Plan does not permit Roth deferrals and after-tax contributions made by a Participant at his discretion. Participants direct the investment of their account balances into various investment options offered by the Plan.

Employer contributions

The Plan Administrators have elected the Plan to be Traditional Safe Harbor 401(k) Plan. The employer makes matching contributions of 100% on the first 4% of participant's compensation which is deferred as an elective deferral.

Participant accounts

Each participant's account is credited with the participant's contribution, employer's contributions, and allocations of Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options

Both the employer and participant contributions are directed solely through each participant's election into investment alternatives offered by the Plan. At any time, participants may also elect to reallocate existing account balances between investment alternatives or to change their investment elections for future contributions. Earnings of each investment fund are allocated to participant's accounts in proportion to each participant's share of that fund.

Vesting

Participants become immediately vested in their contributions, including rollovers of funds from other qualified retirement plans and earnings thereon. Since the Plan only allows for Traditional Safe Harbor Matching Contributions, participants are also immediately vested in employer contributions.

Forfeitures

Participants account balances are always 100% vested, so they never have any contributions forfeited. Upon termination of employment participants are entitled to their entire account balance.

Notes receivable from participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The minimum note amount is $500, and participants may have no more than one note outstanding at any particular time. The loans are secured by the balance in the participant's account and bear interest at the prime rate, as published on the 14th of each month of note issuance, plus 2%, with a maximum note term of five years for personal notes or 30 years for mortgage notes.

Payment of benefits

The Plan provides for the payment of benefits to the participants (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship (as defined in the Plan), or termination of employment. Participants may elect to receive a single lump sum payment equal to the value of the participant's vested interest in his or her account, or have the payment paid as a "direct rollover" to an individual retirement account or individual retirement annuity (an "IRA") or to another employer's tax qualified plan. Participants may also elect to receive installments, request a partial withdrawal, or defer receiving payments until normal retirement age. In-service distributions of a participant's vested account balance are permitted providing the participant has attained age 59½. Unless otherwise instructed by the participant, participants with vested account balances of $1,000 or less upon separation will receive a lump sum cash payout and participants with vested account balances ranging from $1,000 to $5,000 will automatically be rolled over to an individual retirement account ("IRA").

Required minimum distributions

If an employee who is more than 5% owner continues working for the Company after age 70½, the employee must begin to receive benefits by April 1 following the year in which they reach age 70½. Other employees must begin to receive benefits by April 1 following the later of the year in which they reach age 70½ or terminate employment.

Administrative expenses

Substantially all administrative expenses of the Plan are paid by the Plan. Separate fees for loan processing and certain investments as specified in the service agreement, are charged to individual participant's accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and schedule. Actual results could differ from those estimates.

Investment valuation and income recognition

Reliance Trust serves as the Plan's custodian and holds all investments of the Plan.

The Plan's investments are stated at fair value. The shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The common collective trust is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of shares held by the Plan. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. See Note C for discussion of fair value measurements.

Fair value measurements

The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. Refer to Note C for the fair value measurement disclosures associated with the Plan's investments.

Net appreciation in fair value of investments

The earnings, expenses, realized gains or losses, and unrealized appreciation (depreciation) in registered investment companies and other investments are recorded in the accompanying financial statements as net appreciation in fair value of investments.

Investment management fees and operating expenses

Investment management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair value of investments.

Notes receivable from participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Principal and interest are paid ratably through payroll deductions. In the event of default, foreclosure on the note and attachment of security will not occur until a distributable event occurs for the Participant.

Subsequent events

The Plan has evaluated subsequent events through the date that the financial statements were available to be issued which is the date of the independent auditors' report.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan performs fair value measurement in accordance with ASC 820. ASC 820 defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument’s categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used at December 31, 2018.

Mutual Funds - Valued at a readily determinable net asset value ("NAV") of shares held by the Plan at year end. Investments in this category can be redeemed immediately without notice at the current net asset value per share as published by the Trustee based on the fair value of the underlying assets. These funds were open-ended mutual funds that are registered with the Securities and Exchange Commission. They are valued at the daily closing price as reported by the fund which are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Accordingly, these investments have been classified as Level 1.

Invesco Stable Asset - Invesco Stable Asset Trust is a Collective Trust of Invesco Trust Company. The Trust's primary investment objectives are to seek the preservation of principal and to provide interest income. The Trust's investment contracts are carried at contract value which is equal to principal balance plus accrued interest plus deposits and less withdrawals. The estimated value of the collective trust funds and insurance company separate accounts is net asset value, exclusive of the adjustment to contract value, and is considered Level 2. The use of net asset value as fair value is deemed appropriate as the collective trust funds and insurance company separate accounts do not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable values or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis was as follows as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Totals
Mutual funds, at quoted prices	$ 3,854,701	$ -	$ -	$ 3,854,701
Stable value collective trust, at NAV	-	405,420	-	405,420
Total assets in the fair value hierarchy	3,854,701	405,420	-	4,260,121
Total Investment at Fair Value				$ 4,260,121

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Totals
Mutual funds, at quoted prices	$ 3,657,412	$ -	$ -	$ 3,657,412
Stable value collective trust, at NAV	-	231,722	-	231,722
Total assets in the fair value hierarchy	3,657,412	231,722	-	3,889,134
Total Investment at Fair Value				$ 3,889,134

Investment securities, such as the mutual funds listed above, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

NOTE D – INVESTMENT INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company, the custodian of the Plan, as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

The following information included in the financial statements and supplemental schedule was provided by and certified by the Plan's custodian as complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of December 31, 2018 and 2017.
- Investment income as shown in the Statement of Changes in Net Assets Available for Benefits for the years presented.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018

NOTE E – PARTY-IN-INTEREST TRANSACTIONS

Investments of the Plan are held by Reliance Trust Company, which is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. ADP Strategic Plan Services LLC (an ADP broker dealer) receives indirect compensation for investment management services provided to the Plan. As the DOL allows financial institutions to utilize the alternative reporting method, the Plan has elected to reflect eligible indirect compensation on a service code basis rather than a dollar amount. The eligible indirect compensation is charged to the Plan as investment related expenses and is included in net appreciation of fair value of investments.

A portion of the Plan's administrative expenses are paid for by GSPANN Technologies Inc, the principal Plan sponsor. Other than these, the Plan has no agreements or transactions with any other party-in-interest.

NOTE F - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right at any time to amend the Plan document to discontinue future matching contributions or to terminate the Plan, subject to the provisions of ERISA.

NOTE G – INCOME TAX STATUS

The prototype plan adopted by the Plan sponsor obtained its latest opinion letter on July 8, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Subsequent to receiving this determination letter, the prototype plan was amended. The Plan has not received a separate determination letter however the Plan Administrator believes that the prototype plan, as adopted by the sponsor, is operating in compliance with the requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE H – RISKS AND UNCERTAINTIES

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.

NOTE I - SUBSEQUENT EVENTS

Events or transactions occurring after year-end through January 7, 2020, which is the date the financial statements were available to be issued, have been evaluated by management in the preparation of the financial statements. There has been no significant event which requires disclosure in the financial statements.

NOTE J - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500
