Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITORS' REPORT

To the Participants and Administrative Committee
Morris Bean & Company Pension Plan
for Hourly Bargaining Unit Employees
Yellow Springs, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Morris Bean & Company Pension Plan for Hourly Bargaining Unit Employees (the "Plan"), which comprise the statements of net assets available for benefits as of March 31, 2019 and 2018, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by U.S. Bank, National Association, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of March 31, 2019 and 2018, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of March 31, 2019 and the supplemental schedule of reportable transactions for the year ended March 31, 2019 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN:

The following description of the Morris Bean & Company Pension Plan for Hourly Bargaining Unit Employees (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory, defined benefit plan that provides retirement benefits for employees who are members of United Steelworkers of America, have attained age 21, and have completed one year of continuous service. The Plan is sponsored by Morris Bean & Company (the "Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Sponsor contributes amounts actuarially determined to be sufficient to pay all benefits awarded to employees under the Plan. Pension funding includes normal cost and the amortization of past service costs. The Plan has met the ERISA minimum funding requirements.

Pension benefits

Eligible employees become participants in the Plan upon completion of twelve months of continuous service from their date of employment. After five years of continuous service, participants are entitled to monthly payments for life beginning at the normal retirement age of 65. After attaining age 55 and 10 years of service, participants may also elect early retirement. However, the pension benefit is reduced based on the number of years the retirement date precedes the employee's normal retirement date. Participants may elect to receive their benefit in the form of a lump sum payment, life annuity, life annuity with 10 years guaranteed or one of three joint-and-survivor annuity options.

Monthly life annuity benefits are based on an employee's number of years of credited service at date of termination (maximum of 35 years) multiplied by a dollar amount specified in the collective bargaining agreement and plan document as amended.

Death and disability benefits

In the event of a participant's death after 10 years of continuous service, the surviving spouse of the participant will receive the survivor portion of the joint-and-survivor benefit.

Participants who have attained 10 or more years of service are eligible for retirement benefits if they become permanently disabled while they are employed.

Vesting

An employee is fully vested after completing five years of service.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments

Benefit payments are recorded when paid.

Administrative expenses

Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. Administrative expenses associated with plan administration are paid by the Plan.

Subsequent events

The Plan has evaluated subsequent events through the report date, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

Management has elected the method of compliance permitted by 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, U.S. Bank, National Association, the trustee, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of March 31, 2019 and 2018, the supplemental schedule of assets (held at end of year) as of March 31, 2019, the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended March 31, 2019 and 2018, and the information reflected on the supplemental schedule of reportable transactions for the year ended March 31, 2019.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2019 and 2018.

Registered investment companies: Consist of mutual funds and exchange traded funds registered with the Securities and Exchange Commission. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds are required to publish their daily net asset value ("NAV") per share and to transact at that price at the end of each trading day. Exchange traded funds are valued at the closing price reported on the active market on which the funds are traded. Exchange traded funds can be traded throughout the day on national securities exchanges at market prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of March 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

5. ACCUMULATED PLAN BENEFITS:

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

Benefits payable under all circumstances are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits shown in the financial statements is determined by actuaries and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment.

The more significant assumptions underlying the actuarial computations are as follows:

Mortality – RP-2014 Total Dataset Mortality with scale MP-2017

Normal Retirement Age – 65

Discount Rate – 6.25%

Funding Cost Method – Unit Credit Method

The actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of plan benefits.

Contributions to the Plan are made by the Sponsor based on the minimum funding requirements in amounts that are actuarially determined to be necessary to provide benefits to the participants under the Plan.

The actuarial present value of accumulated plan benefits as of April 1, 2018 is summarized as follows:

Vested benefits:

Participants currently receiving payments	\$ 2,739,485
Terminated participants with deferred vested benefits	165,650
Other participants	512,556
	<u>3,417,691</u>

Non-vested benefits	15,730
---------------------	--------

Actuarial present value of accumulated plan benefits	<u>\$ 3,433,421</u>
--	---------------------

The changes in the accumulated benefits for the year ended March 31, 2018 is summarized as follows:

Actuarial present value of accumulated plan benefits at beginning of year	\$ 3,443,403
--	--------------

Decrease during the year attributable to:

Benefits accumulated/decrease in discount period	206,045
Benefits paid	(297,874)
Change in actuarial assumptions	(99,132)
Actuarial gain (loss)	180,979
Net increase (decrease)	<u>(9,982)</u>

Actuarial present value of accumulated plan benefits at end of year	<u>\$ 3,433,421</u>
--	---------------------

The changes in the present value of accumulated plan benefits as of April 1, 2018 include a decrease of \$99,132 due to changes in actuarial assumptions updating the mortality table from the RP-2014 Total Dataset Mortality with Scale MP-2016 to the RP-2014 Total Dataset Mortality with Scale MP-2017.

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

Certain plan investments include shares of a cash equivalent mutual fund managed by U.S. Bancorp Asset Management, a company affiliated through common ownership with the U.S. Bank National Association, the trustee as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the net assets of the Plan will be distributed to the participants in order of priority determined in accordance with ERISA and its applicable regulations, and the Plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the Plan's termination date, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for those benefits, the priority of the benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the existing assets and the PBGC guaranty, while other benefits may not be provided for at all.

8. TAX STATUS:

The Plan uses a prototype plan document sponsored by Jacob, Haxton & Boord, LLC (currently known as JHBenefits Ltd.), that received an opinion letter from the Internal Revenue Service (IRS), dated January 31, 2011, which states that the prototype plan document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Reasonable efforts were made in the valuation to ensure items that are significant to the actuarial liabilities or cost are treated appropriately and not included or excluded inappropriately.

A range of results different from those shown in this report could also be considered reasonable. The results are shown to the nearest dollar for convenience and do not imply a precision not inherent in actuarial calculations.

Future actuarial measurements may differ significantly from the current measurements in this report due to factors such as plan experience differing from anticipated demographic or economic assumptions, increases or decreases inherent in the methodology used for the measurements, changes in plan provisions, or changes in applicable law.

Cost Methods

Funding

The actuarial cost method used for funding purposes is frequently described as the Unit Credit funding method. This method sets the accrued liability equal to the present value of accrued benefits, and sets the normal cost equal to the present value of the benefit accrued in the current year. This method is required by Internal Revenue Code.

Asset Method

Funding

Assets are valued at Market Value with receivable contributions adjusted as required by law.

Other Methods

The valuation date was set as of the beginning of the plan year.

Interest rates used are the three Segment Rates as published monthly by the Internal Revenue Service for the first full month prior to the valuation date. The first Segment Rate is applicable for benefit payments made during the first 5 years from the valuation date, the second Segment Rate is applicable for benefit payments during the next 15 years, and the third segment rate is applicable for all benefits payments after 20 years.

Funding relief was not elected for the 2009, 2010 nor 2011 plan years.

Minimum funding interest rates are limited by a corridor over the next few valuations in accordance with the following table per the current law:

Valuation Cycle Beginning	Percentage of the 25 year Average of IRS Rates	
	Minimum	Maximum
2012-2020	90%	110%
2021	85%	115%
2022	80%	120%
2023	75%	125%
2024 and thereafter	70%	130%

Schedule SB, Part V – Summary of Plan Provisions

Morris Bean and Company Retirement Plan for Hourly Bargaining Unit Employees

EIN: 31-0510640 PN: 004

Plan Effective Date

April 1, 1979

Plan Year

From April 1 to March 31

Eligibility

All employees not excluded by class are eligible to enter on the April 1 in which completion of the following requirements are met:

1 year of service

Minimum age 21

Normal Retirement Age

All participants are eligible to retire with their full Normal Retirement Benefit upon attainment of age 65.

Normal Retirement Benefit

Upon normal retirement each participant will be entitled to a benefit payable in the normal form equal to the following:

For service prior to April 1, 2016:

\$13.00 per month multiplied by years of service;

For service on or after April 1, 2016:

\$14.00 per month multiplied by years of service

Total service not to exceed 35 years.

Credited years are years commencing with the date of hire and ending with the retirement year using only completed whole calendar months, with a maximum of 35 years being credited.

Normal Form of Benefit

The normal form of payment is a monthly benefit payable for the life of the participant with no additional payments after death.

Optional forms of payment at retirement include a one-time lump sum payment, a monthly life annuity with payments guaranteed for ten (10) years, a monthly joint and survivor annuity that pays a survivor benefit of 50%, 75%, or 100% for the surviving spouse's lifetime upon the death of the participant.

Accrued Benefit

A monthly pension based on the union contract in place at the time of determination.

Termination Benefit

Upon termination for any reason other than death, disability or retirement, a participant shall be entitled to a portion of the actuarial equivalent of his Accrued Benefit in accordance with the following vesting schedule payable at Normal Retirement:

Vesting Years of Service	Vesting Percent
0 to 4	0%
5 or more	100%

Vesting years are continuous years commencing with the date of hire and ending with the year of separation from service.

Early Retirement Benefit

Upon attaining age 55 and ten years of continuous service a participant may elect to retire, receiving his vested accrued benefit reduced one-half of one percent for each month by which the date of first payment precedes his normal retirement date.

Death Benefit

Qualified Survivor Annuity payable at the participant's earliest retirement age.

This is merely a basic summary of the some of the provisions and is not intended to be the governing document. The plan sponsor reserves the right to amend or terminate the plan. Please refer to the Plan Document and Adoption Agreement for details and additional provisions.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
