NOTE 1. DESCRIPTION OF THE PLAN

General - The following description of Tavant Technologies 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

The Plan is a 401(k)-salary deferral and profit-sharing plan covering all employees of Tavant Technologies (the Company) and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan sponsor and serves as the plan administrator.

Administration - The Company has appointed the 401(k) Committee (the Committee) to manage the operation and administration of the Plan. The Company has contracted with Reliance Trust Company (Reliance) to act as the trustee, and a third-party administrator to process and maintain the records of the participant data. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code) and the provisions of ERISA.

Eligibility - Employees are eligible to participate in the Plan upon reaching age 21 and on the first day of the month subsequent to their hire date. Employees are not eligible to participate if they are employees covered by a collective bargaining agreement or nonresident aliens.

Participant contributions - Participants may elect to defer up to 90% of pretax and Roth 401(k) of the annual eligible compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to regulatory limitations.

The limit was $18,500 for 2018. In addition, participants age 50 or older before the end of the Plan year, are able to make catch-up contributions. The catch-up dollar limit for 2018 was $6000.

Employer contributions - The Plan allows discretionary matching employer contributions. For the year ended December 31, 2018, the Company matched 50% of employee contributions, up to a maximum of 3% of eligible compensation. The participant must make elective deferrals in order to receive matching contributions. Matching contributions are made each pay period that the elective deferrals are made.

Following the end of the Plan Year, the matching contribution will be recalculated based on the eligible earnings for the entire Plan year, and an additional matching contribution will be made if applicable.

The Plan also allows for an additional discretionary profit-sharing contribution. The participant must have completed at least 500 hours of service to receive this. No discretionary profit-sharing contribution was made during the year ended December 31, 2018.

Investment – A participant could direct the investment of all their contributions to any of the investment options offered by the Plan. Participants may change their investment options any time directly through the plan record keeper.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest in the Company's contributions based on the following schedule:

Years of Service	Employer Match	Employer Profit Sharing
	Vesting %	
0	0%	0%
1	20%	0%
2	40%	20%
3	60%	40%
4	80%	60%
5	100%	80%
6 and more	100%	100%

Forfeited accounts - Forfeitures are the non-vested portion of a participants' account that is lost upon termination of employment. Forfeitures are retained in the Plan and are first used to pay plan administrative expenses, with any remaining amount used to reduce future company contributions. As of December 31, 2018, and 2017, forfeited non-vested accounts totaled approximately $84 and $1,400, respectively. Forfeitures of approximately $6,497 were utilized to reduce employer match contributions for the year ended December 31, 2018.

Participant accounts - Each participant's account is credited with the participant's contributions and Company matching contributions as well as allocations of the Company profit sharing contributions as well as Plan earnings. Further the participant account is charged with withdrawals and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a 10-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan allows for the automatic lump-sum distribution of participant vested account balances that do not exceed $1,000.

Notes receivable from participants - Participants may borrow from their account a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the vested balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed 10 years. Under the terms of the Plan Agreement, plan loans will bear a reasonable rate of interest determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. As of December 31,

2018, the rate of interest on the outstanding loans ranged between 6.25% to 7.25% with maturity dates through December 2023.

Expenses – General plan administrative expenses may be paid out of the forfeiture account or paid by the Company. Investment management, distribution, and loan transaction fees are paid by the Plan participants.

Plan Termination - The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition - The investments are reported at fair value. Reliance certifies the market value of all investments If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price.) in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded at December 31, 2018 or 2017.

Payment of benefits - Benefits are recorded when paid.

Income taxes - The Plan has adopted a prototype plan that has received an opinion letter from the Internal Revenue Service. The plan administrator believes that the Plan is operated in accordance with, and

qualifies under, the applicable requirements of the Internal Revenue Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and uncertainties - The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants. account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent events - The Plan has evaluated subsequent events through January 6, 2020 which is the date the financial statements were available to be issued.

NOTE 3. MATCHING CONTRIBUTIONS

Additional matching contribution due to true up computation for the years 2016 to 2018 amounting to $42,548 was funded in October 2019. This is included in the employer contribution receivable in the financials statements.

Further, to ensure compliance with ERISA provisions, the Plan sponsor has taken corrective action and paid the Plan the required sum of $42,548 along with the lost earnings amounting to $4560. The loss earnings of $4,560 is shown as other receivables. The Plan administrator also directed the Plan to pay the required amount to the participants towards the previous years' under-contribution along with the lost earnings in the year 2019.

NOTE 3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The Hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2 - Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asses or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Registered investment companies (Mutual Funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust - Units held in a common/collective trust (CCT) are valued using the NAV practical expedient of the CCT as reported by the CCT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a CCT is calculated based on a compilation of primarily observable market information. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following sets forth, by level within the fair value hierarchy, the Plan's assets at fair value at December 31, 2018:

Description	Level 1	Level 2	Level 3	Total

NOTE 4: INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017;
- Net appreciation in the fair value of investments, dividends and interest reflected in the accompanying statement of changes in the net assets available for benefits for the year ended December 31, 2018;
- Investments reflected on the schedule of assets (held at end of year)

NOTE 5: RELATED PARTY TRANSACTIONS

The Plan's investments in the shares of registered investment companies are managed by Reliance Trust. Reliance Trust Company is the Custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. The Plan issues loans to participants, which are secured by the balances in the participant's account. These transactions also qualify as party-in-interest transactions.
