PRIMCO INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

March 31, 2019

Note 1. Plan Description

The Primco Inc. 401(k) Profit Sharing Plan (the "Plan") is a defined contribution plan covering eligible employees of Primco, Inc., Speedway Construction Products, Speedway Redi-Mix, Speedway Transit Mix and Speedway Sand & Gravel (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, ("ERISA"). The Plan was amended, effective October 2018, to allow for participant loans. The provisions of the Plan are included in the official Plan document which legally governs the operations of the Plan and is available for more detailed information.

Eligibility

To be eligible to participate in the Plan, employees must be 21 years of age or older and have completed one year of service. Participants may enter the Plan on January 1, April 1, July 1, and October 1 after eligibility requirements have been met. Employees hired under a prevailing wage contract are eligible to participate upon date of hire.

Contributions

Participants may make voluntary pre-tax and Roth contributions of up to 100% of compensation limited to the applicable limit under the Internal Revenue Code. The Company makes a safe harbor contribution of 3% of participant eligible compensation. The Company may also make additional discretionary profit sharing contributions. The discretionary contributions for the years ended March 31, 2019 and 2018 were \$- and \$474,266, respectively. The Company also makes prevailing wage contributions. Total prevailing wage contributions for the year ended March 31, 2019 were \$302,228.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's safe harbor contribution, prevailing wage contributions, an allocation of the profit sharing contribution, Plan earnings and administrative expenses. Allocations of the Company's profit sharing contribution, Plan earnings and administrative expenses are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into a variety of investment options offered by Charles Schwab Bank, the custodian of the Plan. All amounts in participant accounts are participant-directed. Participants may change their investment options daily.

PRIMCO INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements (Continued)

March 31, 2019

Note 1. Plan Description (Continued)

Notes Receivable from Participants

The Plan allows participants to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Only two loans can be outstanding from the Plan, one of which is available for general purposes and one for hardship or necessity. Loans are typically for terms up to 5 years, but may be for a longer period, not to exceed 15 years, if the purpose of the loan is for the purchase of a principal residence. The loans bear interest at a fixed rate equal to 1% above the prime rate and are secured by the participant's interest balance in the participant's account. For the year ended March 31, 2019 there were no outstanding loans in the Plan.

Vesting

Participants are immediately vested in their elective (voluntary) contributions, the Company's safe harbor contributions and prevailing wage contributions. Participants become 20% vested in the Company's profit sharing contribution after two years of service and increase by 20% a year until they become 100% vested after six years of service.

Forfeitures

Participants who terminate employment prior to becoming fully vested must forfeit a percentage of their profit sharing contributions. These forfeitures are used to reduce Company contributions or Plan expenses. Forfeitures used to reduce Company contributions and/or expenses amounted to \$280 for the year ended March 31, 2019. Forfeitures available to reduce future Company contributions were \$5 and \$3,108 for the years ended March 31, 2019 and 2018, respectively.

Benefit Payments

Benefit payments are payable as a single lump-sum payment or partial payments. The full value of a participant's account is payable upon retirement, death or disability. For termination of service due to other reasons, a participant may elect to receive a lump-sum amount, a joint and survivor annuity or a pre-retirement survivor annuity.

Termination of the Plan

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time, subject to the provisions set forth in ERISA.

Note 2. Significant Accounting Policies

Basis of Financial Statements

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

PRIMCO INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements (Continued)

March 31, 2019

Note 2. Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of March 31, 2019. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is offset by the participant's vested account balances to the extent permitted by law. The Plan Administrator will treat the loan as repaid to the extent of any permissible offset and, pending final disposition of the loan, the participant remains obligated for any unpaid principal and accrued interest.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Payment of benefits to participants is recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Certain distribution fees and individually-directed account fees are paid by the Plan and allocated to each participant. Certain investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan Administrator has evaluated events and transactions for possible recognition or disclosure through December 19, 2019, the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the custodian, Charles Schwab Bank, and was not subjected to any auditing procedures performed by the independent public accounts.

- a. Total investments as shown in the accompanying statements of assets available for benefits.
- b. Total investment income, as shown in the accompanying statement of changes in net assets available for benefits, including interest and dividend income and net realized and unrealized appreciation in fair value of investments.
- c. The supplemental schedule of assets (held at end of year).

Note 4. Fair Value Measurements

Fair value measurements are based upon the exit price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, and are determined by either the principal market or the most advantageous market.

Inputs used in the valuation techniques to derive fair values are classified based on a three-level hierarchy to prioritize the inputs used in the valuation techniques to derive fair values. The basis for fair value measurements for each level within the hierarchy is described below with Level 1 measurements having the highest priority and Level 3 measurements having the lowest priority.

- | | |
|---------|--|
| Level 1 | Fair value is based on unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access at the measurement date. |
| Level 2 | Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets or liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability. |
| Level 3 | Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. |

The asset's or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

PRIMCO INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements (Continued)

March 31, 2019

Note 4. Fair Value Measurements (Continued)

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value. There have been no changes in the methodologies used at March 31, 2019 and 2018.

Money market funds: Valued at quoted market prices, which represent the net asset values (NAV) of shares held by the Plan at year end.

Mutual funds: Valued at quoted market prices, which represent the net asset values (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of March 31, 2019 and 2018.

Note 6. Income Tax Status

The Plan, which is a prototype plan, obtained an opinion letter on January 1, 2018, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of Section 401(a) of the Internal Revenue Code (IRC) and therefore not subject to tax. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Note 7. Risks and Uncertainties

The Plan provides for various investment options. The underlying investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
