ADVISOR HR, INC. RETIREMENT SAVINGS PLAN
Huntersville, North Carolina

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of ADVISOR HR, INC. RETIREMENT SAVINGS PLAN (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2018, and the changes in net assets available for benefits for the year ended December 31, 2018, in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedule of assets held for investment purposes and schedule of delinquent participant contributions, as of December 31, 2018, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

We have compiled the accompanying statement of net assets available for benefits as of December 31, 2017. We have not audited or reviewed the accompanying statement of net assets available for benefits, and accordingly do not express an opinion or provided any assurance about whether the financial statement is in accordance with accounting principles generally accepted in the United States of America.

Our responsibility is to conduct the compilation in accordance with the Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist plan management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

ADVISOR HR, INC. RETIREMENT SAVINGS PLAN
Notes to Financial Statements
December 31, 2018

Note A - Description of Plan:

The following description of the Advisor HR, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Advisor HR, Inc. (the "Company"). The Plan is a multiple employer plan and exists for the exclusive benefit of its eligible employees and those employees of the Company's clients who have elected to adopt the provisions of the Plan. The Plan was formed effective September 1, 2015. Participants should refer to the Plan Document for a complete description. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute from 1% up to 98% of either their pre-tax or after tax compensation, subject to current statutory limits determined annually and prescribed by the Internal Revenue Service. The percentage of contribution may be changed as of any subsequent Plan entry date. As such change will apply only after its effective date, and after it is executed and filed with the Plan Administrator. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan and may change their fund allocation percentages at any time.

Participating employers can elect to make safe harbor contributions to the Plan on the employee's behalf, in which the employee is 100% vested in said contributions. Discretionary employer-provided matching contributions may be made to the Plan on the employee's behalf. The match, if any, will be a discretionary percentage of the elective contributions made to the Plan by the employee. The employer will determine the amount of the discretionary matching contribution, or profit sharing contribution, if any, that will be made to the Plan. Contributions are subject to certain limitations. Such contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal from the Plan. Total participant contributions in any calendar year are limited to the applicable limit under the Internal Revenue Code Section 402(g). The Plan also provides that certain limitations may be imposed on participants' contributions in order to comply with statutory requirements.

In addition, discretionary employer-provided non-elective (profit-sharing) contributions may also be made to the Plan. Allocation of these contributions to participants will be made in accordance with the formula selected by the Employers, as defined in the Plan.

Forfeitures shall be used as elected by the employer to either (a) reduce future employer contributions, (b) reduce current period contributions by the employer or (c) pay any administrative expenses of the Plan. There were no forfeitures used during the year ended December 31, 2018. At December 31, 2018, forfeited non-vested accounts amounted to approximately \$500.

Note A - Description of Plan (Continued):

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the non-elective profit sharing contributions, if any, and (b) Plan earnings. Allocations are based on participant's qualified compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Upon enrollment in the Plan, a participant may direct contributions to a selection of a money market fund, stock and bond funds under an arrangement with the custodian of the Plan investments. Participants may change the allocation of their account in different funds at any time.

Payment of Benefits

On termination of service due to death, disability, separation of service or retirement, a participant may elect to (a) receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, (b) elect to have the benefits paid in the form of a direct rollover to an individual retirement account or (c) elect to have the benefit paid to another qualified retirement plan described in Section 401(a) of the Internal Revenue Service. Also, upon reaching age 59 ½, participants may receive a lump-sum cash payment for any portion of their vested accounts on a yearly basis. Withdrawals other than for termination are permitted under certain circumstances provided by the Plan.

Vesting

Participants are immediately vested in their voluntary and employer safe harbor contributions and actual earnings thereon. Vesting of employer's matching contributions and discretionary contributions plus earnings thereon is based on various years of service. The vested portion of participant accounts containing discretionary employer contributions will be determined in accordance with the following schedule based upon years of service with the employer through the date of termination of employment with the employer:

Total Number Years of Service

Vest Interest

Plan Option 1:

Less than 2 years of service	0%
2 years, but less than 3 years	20%
3 years, but less than 4 years	40%
4 years, but less than 5 years	60%
5 years, but less than 6 years	80%
6 years or more	100%

Plan Option 2:

Less than 3 years of service	0%
3 years or more	100%

Plan Option 3:

The employer may elect either vesting schedule, and also has the ability to request a different vesting schedule. Participants should refer to the Plan Document for a complete description.

Participant Notes Receivable

A participant may borrow from the Plan through a loan from their account. Loans will be made on a uniform and non-discriminatory basis. The minimum total loan amount is \$1,000, up to a maximum of 50% of the participant's vested account balance. In no event can the participant borrow more than \$50,000, reduced by the excess, if any, of (1) the highest outstanding balance of any other loans from the Plan during the one-year period prior to the date of the new loan, or (2) the aggregate outstanding balance of any other loans from the Plan on the date of the new loan, or 50% of their vested account balance. Loan terms range from one to five years, unless the purpose of the loan is to purchase a primary residence. Participants can have two loans outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at an agreed-upon percentage based on prevailing market rates. Principal and interest is paid ratably through payroll deductions.

Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note B - Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

ADVISOR HR, INC. RETIREMENT SAVINGS PLAN
Notes to Financial Statements
December 31, 2018

Note B - Summary of Significant Accounting Policies (Continued):

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Valuation of Investments

Quoted market prices are used to value Plan investments. Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Fair Value Measurements

Accounting Standards Codification, (ASC) 820, defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (or exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's assumptions about the inputs that market participants would use in pricing the asset or liability and are developed based on the best information available in the circumstances.

The fair value hierarchy input levels are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

ADVISOR HR, INC. RETIREMENT SAVINGS PLAN
Notes to Financial Statements
December 31, 2018

Note B - Summary of Significant Accounting Policies (Continued):

Fair Value Measurements (Continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note C - Transactions with Parties-in-Interest:

Certain Plan investments are shares of registered investment companies managed by Slavic Integrated Administration ("third party administrator" or "Slavic") and held by Fidelity Investments ("custodian" or "Fidelity"). Fidelity, under terms of an investment contract, serves as the custodian and holds all the Plan's investment assets and executes transactions therein. Fidelity is the custodian as defined by the Plan and, therefore, the related transactions qualify as party-in-interest. Slavic provides to the Plan certain accounting and administrative services for which the fees are charged to the Plan. Slavic also provides broker related services to the Plan for which commissions are charged to the Plan. The Plan was charged fees related to maintaining custody of the Plan's assets and various Plan management services which amounted to approximately \$13,600 for the year ended December 31, 2018.

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Note D - Tax Status:

The Plan has received a favorable determination letter from the Internal Revenue Service dated March 31, 2014, stating the Plan, as then designed, was qualified under Section 401 of the Internal Revenue Code pertaining to amendments executed through the letter dated September 20, 2011. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Authoritative accounting standards require the Plan to examine its tax positions for uncertain positions. Management is not aware of any tax positions that are more likely than not to change in the next 12 months or that would not sustain an examination by applicable taxing authorities.

The Plan's policy is to recognize penalties and interest as incurred in its statement of changes in net assets available for benefits, which totaled \$0 for the year ended December 31, 2018.

ADVISOR HR, INC. RETIREMENT SAVINGS PLAN
Notes to Financial Statements
December 31, 2018

Note E - Administrative Expenses:

Administrative expenses paid from the Plan represent fees relating to the Plan which amounted to \$14,627 for the year ended December 31, 2018. Management fees, asset fees and account administrative fees are paid by the participants.

Note F - Fair Value Measurements:

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. The Company's policy is to recognize transfers between levels at the end of each reporting period, if applicable. There were no transfers between Level 1, 2 or 3 assets or liabilities during the year ended December 31, 2018.

Money market funds: Valued at the net asset value of shares held by the Plan at year-end.

Registered investment companies: Valued at the net asset value of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Assets at Fair Value as of December 31, 2018

	<u>Level 1</u>	<u>Total</u>

Registered investment companies	<u>1,013,892</u>	<u>1,013,892</u>

Note G - Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note H - Non-Exempt Transactions:

During 2018, the Company failed to remit \$128,996 of employee 401(k) deferral contributions and loan payments for certain payroll periods within the timeframe prescribed by the Department of Labor. This is deemed a prohibited transaction in accordance with ERISA and the IRC.

Note I - Management Evaluation of Subsequent Events:

The Companies have evaluated subsequent events through January 10, 2020, the date on which the financial statements were available to be issued.
