## Note 1 - Plan Description

The following description of the Waterloo Industries 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

***General***

The Plan is a defined contribution plan covering substantially all employees upon hire of Waterloo Industries Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

***Contributions***

Effective December 31, 2017, the Company amended the Plan and ceased making employee or employer contributions. Prior to December 31, 2017, the Plan provided for employee salary 401(k) contributions and Roth after-tax contributions up to a maximum of 100 percent of eligible annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants were automatically enrolled with a 3 percent deferral in the Plan after 30 days of employment, unless they affirmatively decline to participate in the Plan. Deferral percentages were also automatically increased by 1 percent each year until a participant's deferral percentage attains 10 percent. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants were also allowed to make contributions to the Plan in the form of a rollover of funds from another qualified plan.

During 2017, the Plan made discretionary employer-matching contributions of 50 percent of the participant's contribution not to exceed 3 percent of the participant's eligible compensation.

***Participant Accounts***

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

***Benefit Payments***

Distributions are payable upon the retirement, death, disability, or termination of employment in the form of a lump-sum, partial, or installment amount equal to the vested balance of a participant's account. Participants may also make in service withdrawals upon reaching age 59½.

Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document. The plan administrator must approve any such hardship withdrawals.

***Vesting***

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Prior to December 31, 2017, vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, was based on years of service. Participants vested in contributions made by the Company at a rate of 20 percent per year until they become fully vested after five years of service. Effective December 31, 2017, the Plan was amended, and all participant accounts became fully vested.

***Forfeitures***

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan.

## Note 1 - Plan Description (Continued)

***Participant Notes Receivable***

Participants may borrow from their accounts a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance, whichever is less. The notes receivable are secured by the balance in the participant's account and bear interest at rates determined in accordance with the Plan, which are commensurate with local prevailing rates, as determined periodically by the plan administrator. Repayment terms generally may not exceed five years, unless the loan is used for the purchase or construction of a principal residence. Principal and interest are paid ratably through monthly payroll deductions.

***Termination***

The Company exercised its right to permanently discontinue participant and employer contributions to the Plan effective December 31, 2017. In 2018, all assets of the Plan were transferred to another plan, as described in Note 6, and the Company subsequently terminated the Plan subject to the provisions set forth in the plan agreement and ERISA.

***Party-in-interest Transactions***

Certain plan assets are in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

## Note 2 - Summary of Significant Accounting Policies

***Investment Valuation***

The Plan's investments are stated at fair value.

The common collective trust fund is valued at net asset value per share (NAV) (or its equivalent) of the fund, which is based on the fair value of the fund's underlying assets. There are no redemption restrictions or unfunded commitments on this investment. All other investments are valued based on quoted market prices reported in active markets.

See Note 4 for additional information.

***Participant Notes Receivable***

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

***Benefit Payments***

Benefits are recorded when paid.

***Administrative Expenses***

Various administrative costs are paid by the Company or the Plan.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

## Note 2 - Summary of Significant Accounting Policies (Continued)

***Risks and Uncertainties***

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

***Subsequent Events***

The financial statements and related disclosures include evaluation of events up through and including October 3, 2018, which is the date the financial statements were available to be issued.

## Note 3 - Unaudited Information

Fidelity Management Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at December 31, 2017 are based solely on information certified by the Trustee.

## Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The following tables present information about the Plan’s assets measured at fair value on a recurring basis at December 31, 2017 and 2016.

As a result of the merger described in Note 6, there were no assets held as of February 28, 2018.

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management’s own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan’s assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

## Note 4 - Fair Value Measurements (Continued)

| | Assets Measured at Fair Value on a Recurring Basis at December 31, 2017 | |
|---|---|---|
| | Investments (at Fair Value) | Level 1 |
| Mutual funds | $ 27,502,369 | $ 27,502,369 |
| Investment measured at NAV - Common collective trust fund | 223,274 | |
| Total investments at fair value | $ 27,725,643 | |

| | Assets Measured at Fair Value on a Recurring Basis at December 31, 2016 | |
|---|---|---|
| | Investments (at Fair Value) | Level 1 |
| Mutual funds | $ 23,710,755 | $ 23,710,755 |
| Investment measured at NAV - Common collective trust fund | 201,472 | |
| Total investments at fair value | $ 23,912,227 | |

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.

## Note 5 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2014. The Plan has not individually sought its own determination letter.

## Note 6 - Plan Merger

As of February 28, 2018, the Plan merged with the Stanley Black & Decker Retirement Account Plan. Accordingly, all assets of approximately $26,472,000 and related participants were transferred to the Stanley Black & Decker Retirement Account Plan.
