KELLOGG COMMUNITY CREDIT UNION 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS MARCH 21, 2019 AND DECEMBER 31, 2018

Note 1 - Description of the Plan

The following description of the Kellogg Community Credit Union 401(k) Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Effective March 15, 2019, the Credit Union approved the adoption of the Retirement Plan for Michigan Credit Union Employees' - 401(k) Savings Plan as a participating employer. The assets and participant accounts of the Kellogg Community Credit Union 401(k) Plan and Trust were transferred on March 21, 2019 pursuant to the agreement. Participants are eligible to begin participation in the Retirement Plan for Michigan Credit Union Employees' - 401(k) Savings Plan on March 15, 2019 under the terms of that Plan.

General

The Plan is a defined contribution plan covering eligible employees of Kellogg Community Credit Union (the Credit Union). Hourly employees who have completed one year of service with the Credit Union become a participant in the Plan on the first day of the plan year or the first day of the seventh month of the plan year coinciding with or next following completion of the eligibility requirements. Salaried employees become a participant in the Plan on the first day of the month coinciding with or next following completion of the eligibility requirements. There is no service requirement for salaried employees.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Plan Administrator is Kellogg Community Credit Union. The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator has formed an Investment Committee made up of Credit Union officers and members of the human resources department. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and fees. The Trustees of the Plan are Credit Union officers and human resources representatives. The investment Custodian is CMFG Life Insurance Company (formally known as CUNA Mutual Group). The investment Custodian holds all of the Plan's assets. The Company has also retained CMFG Life Insurance Company (CMFG) to provide participant recordkeeping and administration services.

NOTES TO FINANCIAL STATEMENTS
MARCH 21, 2019 AND DECEMBER 31, 2018

Note 1 - Description of the Plan (Continued)

Contributions to the Plan

Each year, participants may elect to contribute a portion of their eligible compensation, as defined in the plan document, to their accounts through payroll withholdings as a before-tax contribution. Participants who have attained age 50 before the end of the year are eligible to make additional 'catch-up' contributions. Participants may also contribute amounts representing distributions from other defined benefit or defined contribution plans (rollovers).

Upon meeting the eligibility requirements, as defined in the plan document, participants are automatically enrolled at a before-tax contribution of 6%.

For the period ended March 21, 2019, the Credit Union made discretionary matching contributions, on behalf of participants, equal to 50% of the participant's deferral, up to a maximum of a 6% deferral. Total employer matching contributions for the period ended March 21, 2019 amounted to \$26,776.

The Credit Union has a fixed Safe Harbor contribution. For the period ended March 21, 2019, the Credit Union made Safe Harbor contributions on behalf of eligible participants equal to 3% of those participants' eligible compensation. Compensation for plan purposes is limited to \$280,000 for 2019. For the period ended March 21, 2019, total Safe Harbor contributions to the Plan amounted to \$45,268. Participants who are eligible to make salary deferrals to the Plan are eligible for Safe Harbor contributions.

The employer may also make an additional discretionary profit sharing contribution to each eligible participant based on a uniform per capita dollar amount. These annual employer contributions to the Plan are determined at the discretion of the Board of Directors. There was no profit sharing contribution made for the period ended March 21, 2019. Profit sharing contributions totaling \$494 were made during the period ended March 21, 2019 to true-up the December 31, 2018 profit sharing contribution. Participants must be employed on the last day of the plan year to be eligible regardless of the amount of service completed during the plan year unless termination of employment during the plan year was the result of death, disability or retirement.

Participants direct the investment of both their individual contributions plus their share of employer contributions into the various investment options offered by the Plan. The Credit Union's contributions are allocated in the same manner as that of the participant's elective contributions.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS
MARCH 21, 2019 AND DECEMBER 31, 2018

Note 1 - Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the respective contributions. The benefit to which a participant is entitled upon termination or retirement is the benefit that can be provided from the participant's vested account. Funds contributed by participants and the Credit Union are invested at percentages as directed by participants in any one or more of several investment alternatives.

The income, gains or losses in each fund are allocated daily to the applicable participant's accounts in that fund based on the previously reported account balances, adjusted for current period contributions and withdrawals.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant will automatically receive an annuity unless an alternative form of distribution is elected. The distributable amount is equal to the value of the participant's vested interest in his or her account. Employees who elect to have their benefit payments deferred continue to share in allocations of investment income and losses but do not share in subsequent allocations of Safe Harbor and discretionary contributions.

The Plan allows for in-service distributions prior to termination of service due to financial hardship, as defined in the plan document, from all salary deferral contributions.

Vesting

The balance in each participant's salary deferral, Safe Harbor match, and rollover accounts is 100% vested at all times.

Employer matching and discretionary employer contributions are subject to a graded vesting schedule based on years of service. A participant is 100% vested after five years of credited service. There was no change to vesting provisions upon adoption of the Retirement Plan for Michigan Credit Union Employees' - 401(k) Savings Plan.

Participants also become 100% vested in employer contributions upon attaining normal retirement age, as defined in the plan document, as well as upon death or total disability.

**NOTES TO FINANCIAL STATEMENTS
MARCH 21, 2019 AND DECEMBER 31, 2018**

Note 1 - Description of the Plan (Continued)

Forfeitures

Forfeitures attributable to employer contributions shall be used to offset employer contributions or expenses for the plan year in which such forfeitures occur. Approximately \$1,500 in forfeitures were allocated to participants as an employer discretionary contribution for the period ended March 21, 2019 for the December 31, 2018 profit sharing contribution. A balance of approximately \$-0- remains in the forfeiture account at both March 21, 2019 and December 31, 2018.

Participant Notes Receivable

Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as participant directed investments. Loan terms range from one to five years. Loan terms may exceed five years only in the event the loan proceeds are used to purchase or construct the participant's principal residence. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the prevailing prime rate. Principal and interest is paid ratably through payroll deductions.

Transfer of Assets/Plan Termination

Effective March 15, 2019, the Trustees of Kellogg Community Credit Union 401(k) Plan and Trust approved the adoption of the Retirement Plan for Michigan Credit Union Employees' - 401(k) Savings Plan as a participating employer. Total assets of \$7,583,199, representing 100% of the Kellogg Community Credit Union 401(k) Plan and Trust participants' balances, were transferred from the Plan to the Retirement Plan for Michigan Credit Union Employees' - 401(k) Savings Plan on March 21, 2019 to complete the merger. The financial statements are presented as of March 21, 2019, when the Kellogg Community Credit Union 401(k) Plan and Trust ceased to exist.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Income from investments is recorded when it is earned. Employee contributions are recorded when withheld from pay. Employee contributions are recorded in the period to which they pertain. Expenses are recorded in the accounting period in which they are incurred.

NOTES TO FINANCIAL STATEMENTS
MARCH 21, 2019 AND DECEMBER 31, 2018

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment Custodian. See Note 3 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in the fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

Realized gains and losses on investment transactions are recorded as the difference between proceeds received and carrying value. Net unrealized appreciation or depreciation in the fair market value of investments is recorded as the change in carrying value of the investment portfolio from the beginning of the year or date of purchase to the end of the year.

Participant Notes Receivable

Participant notes receivable are valued at their unpaid principal plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of March 21, 2019 and December 31, 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Fees and Expenses

The Plan's administration expenses, such as attorney, audit fees and direct fees for custodian and recordkeeping services, are paid partly by the Plan and partly by the participants. These fees are allocated to the participants on a pro rata basis. Fees related to the administration of loans and benefit payments are charged directly to the participant's accounts and are included in administrative expenses. Investment-related expenses are included in the net appreciation in fair value of investments.

NOTES TO FINANCIAL STATEMENTS
MARCH 21, 2019 AND DECEMBER 31, 2018

Note 2 - Summary of Significant Accounting Policies (Continued)

Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including January 13, 2020, which is the date the financial statements were available to be issued.

Employer matching contributions totaling approximately \$8,000 were not remitted to the Plan during the period ended March 21, 2019. Plan management made the appropriate corrections subsequent to plan termination to the successor plan.

Note 3 - Fair Value Measurements

Generally accepted accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

401(k) PLAN AND TRUST**

**NOTES TO FINANCIAL STATEMENTS
MARCH 21, 2019 AND DECEMBER 31, 2018**

Note 3 - Fair Value Measurements (Continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The tables below segregate all financial assets as of March 21, 2019 and December 31, 2018 that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments at fair value	\$ -	\$ -	\$ -	\$ -

Note 3 - Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 21, 2019 and December 31, 2018.

Group Annuity Contracts

The Group Annuity Contracts are not publicly traded and are measured at fair value based on the fair value of the underlying assets of the Group Annuity Contract, using net asset value as the practical expedient.

Note 4 - Fully Benefit-Responsive Investment Contract

The Plan has entered into fully benefit-responsive investment contracts with CMFG Life Insurance Company (CMFG) with regard to the CUNA Mutual Stable Value Fund and the Guaranteed Investment Contracts. These contracts meet the fully benefit-responsive investment contract criteria and therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The Stable Value Fund and the Guaranteed Investment Contracts are group annuity products, whereby amounts contributed to the contracts are deposited into CMFG's general account. Payment obligations and the fulfillment of any guarantees specified in the group annuity contracts are insurance claims supported by the full faith and credit of CMFG. Contract value, as reported to the Plan by CMFG, represents contributions made under the contract, plus earnings, less participant withdrawals, and administration expenses. The contract value of the Stable Value Fund at March 21, 2019 and December 31, 2018 was \$-0- and \$302,545, respectively. The contract value of the Guaranteed Investment Contracts at March 21, 2019 and December 31, 2018 was \$-0- and \$23,327, respectively.

Note 4 - Fully Benefit-Responsive Investment Contract (Continued)

The Stable Value Fund held by the Plan is a general account backed evergreen group annuity spread product with no maturity date. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.45 percent. The crediting rate is reviewed on a quarterly basis for resetting.

The Guaranteed Investment Contract held by the Plan is a general account backed evergreen group annuity spread product with a maturity date of 1 to 5 years. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.25 percent. The crediting rate is reviewed on a monthly basis for resetting. There is an early withdrawal fee assessed on any withdrawals of maturity proceeds prior to the maturity date. The amount of the fee is equal to six months interest credited at the guaranteed rate attributable to the maturity period.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its financial obligations may be affected by future economic and regulatory developments.

A Plan Sponsor initiated termination of the contract is an event that could limit the ability to transact at contract value paid within 90 days. Certain other events may limit the ability of the Plan to transact at contract value with the issuer. Such events include: 1) amendments to the plan document including complete or partial termination or merger of the Plan, 2) activity such as bankruptcy that causes significant withdrawals from the Plan or contract, and 3) the failure of the Plan to continue to qualify for tax-exempt status. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value are remote.

Note 5 - Plan Amendment and Tax Status

The Credit Union utilizes a volume submitter defined contribution plan, which was most recently amended effective March 15, 2019, and that has received a favorable opinion letter dated March 31, 2014 from the IRS stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). While the plan document has been amended subsequent to the date of this letter and has not yet received an updated IRS opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, that the Plan is qualified under Section 401(a) and that the related Trust is tax-exempt as of March 21, 2019.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of March 21, 2019, the Plan Administrator believes that the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is currently not being examined. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2016.

Note 6 - Unaudited Information Certified by the Custodian

The Credit Union has engaged CMFG Life Insurance Company to act as Custodian of the Plan. For the period ended March 21, 2019 and the year ended December 31, 2018, the financial statements were prepared based on information certified by the Custodian. The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as of March 21, 2019 and December 31, 2018, and for the period ended March 21, 2019, the financial statements have been prepared based on information certified as complete and accurate by the Custodian. This includes the investment information reflected in the accompanying statements of net assets available for benefits and the statement of changes in net assets available for benefits. Additionally, participant notes receivable balances as well as interest income on participant notes receivable have also been certified.

Note 7 - Party-in-Interest Transactions

Certain plan investments are managed by CMFG Life Insurance Company, who is the Plan's Custodian. In addition, the Plan pays direct compensation to the third-party administrator related to recordkeeping and administration services. Indirect compensation (that is netted against investment income on the statement of changes in net assets available for benefits) is paid to the Custodian from total annual operating expenses charged on the balance of fund investments, depending on the particular fund. Transactions involving these investments are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Note 8 - Reconciliation of Form 5500 to the Financial Statements

The following is a reconciliation of net assets available for benefits per the Form 5500 to the financial statements as of March 21, 2019 and December 31, 2018:

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
