NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2019 AND JUNE 30, 2018

(1) DESCRIPTION OF PLAN:

The following brief description of the Petersen Aluminum Corporation Money Purchase Pension Plan and Trust (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

On December 27, 2018, the plan sponsor approved a resolution to terminate the Plan. During the period ended March 31, 2019, the plan assets were fully liquidated, and final distributions were made to participants in accordance with the participant's directives. The termination was a standard termination and the Plan had sufficient assets to meet all benefit obligations.

General -

The Plan, established July 1, 1990, is a defined contribution plan covering all eligible employees. An employee becomes eligible to participate upon completion of one year of company service as defined in the Plan and attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan benefits all eligible employees of Petersen Aluminum Corporation (Company), and Petersen Finishing Corporation, an affiliated company through common ownership.

Funding -

Company contributions to the Plan are a fixed percentage of eligible wages, as defined in the Plan document. The Company's funding policy is to provide 100% of required contributions. The Company has met the ERISA minimum funding requirements as of March 31, 2019 and June 30, 2018. There are no employee contributions made to the Plan.

Participant Accounts -

Each participant's account is credited with the Company's contribution and an allocation of Plan earnings. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) DESCRIPTION OF PLAN (continued):

Forfeitures -

At March 31, 2019 and June 30, 2018, forfeited non-vested accounts totaled $0 and $17,424, respectively. During the period ended March 31, 2019, the Plan used $15,000 of forfeitures to reduce employer contributions, and $11,080 of forfeitures was allocated to participant accounts in an equitable distribution based on account balance.

Payment of Benefits -

Under the provisions of the Plan, a participant, who is terminated by reason of death, disability or retirement, shall receive the amount in their separate account in the form of a qualified joint and survivor annuity, an annuity for the life of the participant or as a lump sum payment. The Trustees shall determine the manner in which distribution is to be made after consulting with the participant or beneficiary.

Vesting -

Vesting is based on years of continuous service. A participant is 100% vested after six years of credited service. All participants became 100% vested in their account balances due to termination of the Plan.

Plan Termination -

The Company notified participants on January 21, 2019 that the Plan will be terminated. All participants became 100% vested in their accounts and all balances have been distributed based on options selected by Plan participants.

Administration of Plan's Assets -

The Plan provides for Trustees to administer the Plan's assets. The assets of the Plan are invested in accordance with the policies established by the Plan Agreement and the Trustees. The Trustees also process and distribute benefit payments to separated participants or their beneficiaries based on information furnished to them by the Company. The Trustees receive no compensation for their services to the Plan.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting -

The accompanying financial statements were prepared using the accrual method of accounting.

Use of Estimates -

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition -

Investments are reflected at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits -

Benefits are recorded when paid.

Expenses -

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in the net depreciation of fair value of investments.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Subsequent Events -

The Plan has evaluated subsequent events though January 14, 2020, the date the financial statements were available to be issued.

(3) INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	March 31, 2019	June 30, 2018
Investments, at fair value	$ -	$ 21,440,564
Investments, at contract value	-	232,158
Investment income	205,777	1,306,511

(4) TRANSACTIONS WITH PARTIES-IN-INTEREST:

Certain legal and accounting fees and other administrative fees of the Plan are paid by the Company. Certain plan investment funds are managed by JPMorgan. JPMorgan is the Plan trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

(5) FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

(5) FAIR VALUE MEASUREMENTS (continued):

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2019 and June 30, 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan had no assets as of March 31, 2019. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2018:

	Level 1	Total
Mutual funds	$21,440,564	$21,440,564
Investments at fair value	$21,440,564	$21,440,564

(6) STABLE ASSET PORTFOLIO:

The Plan has a stable asset portfolio option that is considered a benefit responsive guaranteed investment contract with JPMorgan totaling $0 for March 31, 2019 and $232,158 for June 30, 2018. JPMorgan maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were able to initiate transactions under the terms of the Plan. Contract value, as reported to the Plan by JPMorgan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to quality for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, OR (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

(7) RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(8) TERMINATED PARTICIPANTS:

Net assets available for benefits at March 31, 2019 and June 30, 2018, include approximately $0 and $1,172,000 respectively, allocated to the accounts of participants who are no longer active in the Plan as of that date.

(9) TAX STATUS:

The IRS has determined and informed the Company by letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Earnings from Plan investments and employer's contributions are exempt from federal income taxes under Section 501(a) of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.
