INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Ellwood Texas Forge Retirement Income Plan
Houston, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ellwood Texas Forge Retirement Income Plan (Plan), which comprise the statements of net assets available for benefits as of March 29, 2019, and December 31, 2018, and the related statement of changes in net assets available for benefits for the period from January 1, 2019, through March 29, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by T. Rowe Price Trust Company, the Trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the Trustee as of March 29, 2019, and December 31, 2018, and for the period from January 1, 2019, through March 29, 2019, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified or provided by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

Plan Merger

As discussed in Note 1 to the financial statements, effective March 29, 2019, the Plan merged into the Ellwood 401(k) Retirement Plan. At that time, the rights to all Plan assets were transferred to the Ellwood 401(k) Retirement Plan. Our disclaimer of opinion has not been modified with respect to this matter.

ELLWOOD TEXAS FORGE RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Ellwood Texas Forge Retirement Income Plan (Plan) provides only general information. Participants should refer to the Plan document or the Summary Plan Description for a complete description of the Plan's provisions.

General: The Plan was a defined contribution plan covering substantially all salaried and hourly employees of Ellwood Texas Forge, L.P. (Ellwood Texas Forge Houston (ETFH)), Ellwood Texas Forge Navasota, LLC (ETFN), Ellwood Machining and Welding Company LLC (EMW) (ceased operations during 2018), C&J Cladding LLC (CJC), and Gulfco Forge Company, LLC (GFC) (collectively, Company and Plan Sponsor) and was in accordance with Section 401 of the Internal Revenue Code (IRC). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective March 29, 2019, the Plan merged with and transferred rights to the assets of the Plan to the Ellwood 401(k) Retirement Plan, which is sponsored by Ellwood City Forge Company.

Eligibility: ETFH employees were eligible to participate in the Plan on the first day of the calendar month following their employment commencement date. GFC employees who had completed 30 days of service were eligible to participate in the Plan on the first day of the calendar month after they met the service requirement. ETFN and CJC employees who had completed three months of service were eligible to participate in the Plan on the first day of the pay period after they met the service requirement.

In addition, the Plan included an automatic enrollment policy. Under this policy, if an employee did not submit an automatic enrollment waiver within 30 days of becoming eligible, he or she would be automatically enrolled in the Plan at a 3% deferral rate. The deferral rate increased 1% per year up to 6%. An employee had the option to cease enrollment, withdraw all contributions, and forfeit all Company contributions within 90 days of becoming eligible.

Contributions: Participants could contribute a pre-tax or post-tax portion of their compensation from 1% up to a maximum allowable by the Plan document and in accordance with other limiting provisions of the IRC and other applicable legal limits.

In any calendar year in which a participant was age 50 or older, an additional "catch-up contribution" (limited to \$6,000 in 2019) could be made. Participants could also contribute amounts representing distributions from other qualified defined contribution plans.

The Company determined a matching contribution on an annual basis. During 2019, the Company contributed a matching contribution according to the following schedule:

CJC, GFC	50% match up to 6% contributed
ETFH	75% match up to 6% contributed
ETFN	100% match up to 4% contributed
	50% match from 5 - 6% contributed

ETFH could also make discretionary contributions which were determined by management either annually or during each calendar quarter. ETFH did not make discretionary contributions in 2019. GFC could also make discretionary contributions which were determined by management annually. GFC did not make discretionary contributions in 2019. ETFN and CJC could also make discretionary contributions which were determined by management during each calendar quarter. ETFN and CJC did not make discretionary contributions in 2019.

Participant accounts: The Trustee maintained separate participant accounts for each participant. Each participant's account was credited with their voluntary and rollover contributions, earnings on account investments, Company matching contributions, and with an allocation of the Company's discretionary contributions. Allocations of the Company's discretionary contributions were based on participant compensation. The benefit to which a participant was entitled was the benefit that could be provided from his or her vested account.

ELLWOOD TEXAS FORGE RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS

Notes receivable from participants: Participants could request a loan from the Plan. Participants could borrow from their accounts a minimum of \$1,000 and a maximum equal to the lesser of (a) 50% of their vested balance, or (b) \$50,000, reduced by the participant's highest outstanding loan balance during the prior 12 months. Loan terms generally ranged from 12 to 60 months, unless the loan was made for the purchase of a participant's principal residence in which the loan term could not exceed 10 years. The loans were secured by the balance of the participant's account and bore interest at a reasonable rate, as defined by the Plan document.

Vesting: Participants were immediately vested in their contributions, any Company contributions, and earnings thereon.

Payment of benefits: Upon termination of service, death, disability, or attainment of age 59½, participants could receive a lump-sum amount equal to the vested value of the participant's account. Unless a lump-sum distribution was required by the Plan, participants could elect to receive alternate forms of distributions as defined by the Plan document. Participants were also entitled to receive all or a portion of their before-tax savings contributions in the form of a hardship withdrawal, if they had met Plan provisions for such a withdrawal.

As of March 29, 2019, and December 31, 2018, there were no significant amounts allocated to accounts of individuals who had withdrawn from the Plan but had not been paid.

Forfeitures: Forfeited balances of terminated participants' nonvested accounts could be applied to reduce administrative expenses of the Plan and then future Company contributions. As of March 29, 2019, and December 31, 2018, there were forfeited nonvested accounts of \$0 and \$20,200, respectively. Forfeitures of \$15,502 were used during the period January 1, 2019, through March 29, 2019.

Investment options: Participants could direct their contributions and any Company contributions made on their behalf to a variety of investment options provided by the Plan.

Note 2. Significant Accounting Policies

The accounting policies followed by the Plan and the method of applying those policies which materially affect the determination of net assets available for benefits and changes in net assets available for benefits are as follows:

Basis of accounting: The financial statements of the Plan were prepared under the accrual method of accounting, and the general practices within the employee benefit plan industry.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets available for Plan benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments were stated at fair value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments were recorded on a trade date basis. Dividend income was recorded on the ex-dividend date and interest income was recorded on the accrual basis. Net appreciation (depreciation) included the Plan's gains and (losses) on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants were recorded as distributions based upon the terms of the Plan document.

Payments of benefits: Benefits were recorded when paid.

ELLWOOD TEXAS FORGE RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS

Investment management fees and operating expenses: Investment management fees and operating expenses charged to the Plan for investments in the various funds were deducted from income earned on a daily basis and were reflected as a component of net appreciation (depreciation) in fair values of investments.

Administrative fees and expenses: Administrative fees and expenses were paid by the Company or the Plan, as provided by the Plan document.

Subsequent events: In preparing these financial statements, the Plan evaluated events that occurred through January 15, 2020, the date the financial statements were available to be issued, for potential recognition or disclosure.

Note 3. Information Certified by T. Rowe Price Trust Company, the Trustee

The following is a summary of the investment information as of March 29, 2019, and December 31, 2018, and for the period from January 1, 2019, through March 29, 2019, included throughout the Plan's financial statements, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the information which appears throughout the financial statements related to the following investments as of March 29, 2019, and December 31, 2018:

	March 29, 2019	December 31, 2018
Investments at fair value:		
Mutual funds	\$ -	\$ 29,293,058
Common collective trust	-	8,918,686
	<u>\$ -</u>	<u>\$ 38,211,744</u>

The Trustee also certified to the completeness and accuracy of \$3,336,387 of net appreciation in fair value of investments, \$74,871 of dividends earned on investments, \$2,079 of other income, and \$18,985 of interest related to notes receivable from participants for the period from January 1, 2019, through March 29, 2019. Notes receivable from participants that were certified as of March 29, 2019, and December 31, 2018, amounted to \$0 and \$1,575,860, respectively.

Note 4. Investments and Fair Value Measurements

Authoritative guidance regarding *Fair Value Measurements* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Level I Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

ELLWOOD TEXAS FORGE RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are the descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2018:

Mutual funds: Mutual funds are public investment vehicles valued using the net asset value provided by the administrator of the fund on the last day of the Plan's year end using a quoted price in an active market.

Common collective trust: The T. Rowe Price Stable Value Common Trust Fund N (Fund) is a collective trust fund which holds interests in fully benefit-responsive contracts. The Fund is valued using net asset value (NAV), as provided by the Trustee on the last day of the Plan's year end, as a practical expedient to estimate fair value. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the Fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 (there were no assets to report for the Plan as of March 29, 2019):

	Assets at Fair Value as of December 31, 2018	
	Level I	Total
Investments in the fair value hierarchy:		
Mutual funds	\$ 29,293,058	\$ 29,293,058
Investment measured at net asset value (a):		
Common collective trust	-	8,918,686
Total assets at fair value	\$ 29,293,058	\$ 38,211,744

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statement of net assets available for benefits.

Transfers Between Levels

For the year ended December 31, 2018 (there were no assets to report for the Plan as of March 29, 2019), there were no significant transfers between Levels I and II and no transfers in or out of Level III.

ELLWOOD TEXAS FORGE RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS

Investments Measured Using NAV per Share as Practical Expedient

The following table summarizes the investment for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018 (there were no assets to report for the Plan as of March 29, 2019). There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
	2018			
Common collective trust: Stable Value Common Trust Fund N	\$ 8,918,686	N/A	Daily	Daily

Note 5. Related Party Transaction

Certain Plan investments in mutual funds and the common collective trust were managed by the Trustee. Therefore, these transactions qualified as party-in-interest transactions. Fees paid by the Plan for custodian and recordkeeping services were not significant for the period from January 1, 2019, through March 29, 2019.

Certain administrative functions were performed by officers or employees of the Company at no cost to the Plan. Certain other administrative expenses were paid directly by the Company for which they were not reimbursed.

Note 6. Plan Termination

Although it had not expressed any intent to do so, the Plan Sponsor had the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of the ERISA (Note 8).

Note 7. Tax Status

The Plan had adopted the PDS Premier Volume Submitter 401(k) Savings/PS Plan document, available through T. Rowe Price Retirement Plan Services, Inc. The Plan document had received an opinion letter from the Internal Revenue Service dated March 31, 2014, as to the Plan document's qualified status. The Plan had been amended and restated since receiving the determination letter; however, the Plan Administrator and the Trustee believed that the Plan was designed and operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, tax returns for years ended December 31, 2016, and thereafter remain subject to examination by the appropriate taxing authorities.

Note 8. Plan Transfers

Funds transferred out of the Plan reflected amounts transferred to the Ellwood 401(k) Retirement Plan related to the merger, effective March 29, 2019 (Note 1).

ELLWOOD TEXAS FORGE RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS

Note 9. Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities would have occurred in the near term and that such changes could have materially affected participants' account balances and the amounts reported on the statements of net assets available for benefits.
