Angels of Care 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

A - DESCRIPTION OF PLAN

The following description of the Angels of Care 401(k) Plan (the “plan”) is provided for general information purposes only. AOC Senior Home Health Corp is the plan sponsor and administrator. Participants should refer to the Summary Plan Description (SPD) for additional information.

General

The plan was established in 2017 and is a qualified defined contribution plan covering all eligible employees of AOC Senior Home Health Corp and affiliates (see note J.), who are 21 years of age and have completed three months of service. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The sponsor has contracted with Transamerica Financial Life Insurance Company to act as custodian of the plan. American Pension Services, LLC is the third party administrator of the plan.

The custodian of the plan has been designated to hold the assets of the plan for the benefit of plan participants and their beneficiaries in accordance with the terms of the plan. The trust fund established by the plan's custodian will be the funding medium used for the accumulation of assets from which plan benefits will be distributed.

Allocations

Assets of the plan are allocated to participant accounts based on specific contributions made by each participant and respective matches made by the sponsor. Investment income (loss) is credited to each account based on appreciation (depreciation) of specific assets held in each participant's account and any earnings thereon.

Participant accounts

Each participant's account is credited with the participant's contribution, plan earnings or losses, and an allocation of the sponsor's contribution, if any. Allocation of the sponsor's contribution is based on participant contributions or eligible employee compensation, as defined in the plan.

Vesting

Participants are immediately vested in their contributions. Participants are fully vested in any employer's matching or discretionary contributions allocated to their account after six years of credited service.

Angels of Care 401(k) Plan
NOTES TO FINANCIAL STATEMENTS (Continued)

A - DESCRIPTION OF PLAN (Continued)

Forfeitures

If any benefits are forfeited, those forfeited amounts may first be used to pay plan expenses. If any forfeitures remain after paying plan expenses, such forfeited amounts will be used to offset other employer contributions for the year in which the forfeitures occur. There were no unallocated forfeitures as of December 31, 2108.

Contributions

Participants may elect to have the sponsor contribute their eligible pre-tax, or after-tax compensation to the plan up to the amount allowable under the plan document and current income tax regulations. Participants who have the sponsor contribute a portion of their compensation to the plan agree to accept an equivalent reduction in taxable or taxed compensation. Contributions withheld are invested in accordance with the participant's direction.

The sponsor is allowed to make discretionary contributions, as defined in the plan, and as approved by the plan trustees. The sponsor did not make any contributes during the month ended January 31, 2019.

Corrective distributions may be required in the event that employee contributions exceed contribution limitations of the plan. Such amounts, if incurred, are recorded as a liability in the year in which they are initially contributed to the plan. In addition, they are netted against contributions received in the statement of changes in net assets available for benefits. There were no corrective distributions recorded during 2019.

Participant rollovers

Participants are allowed to transfer or rollover funds into the plan from other qualified plans.

Investment options

The plan allows a participant to direct the investment of the entire balance of their participant account. If a participant does not elect to direct the investment of their account, then the account will be invested in accordance with the default investment alternatives established under the plan.

Notes receivable from participants

Participant loans are permitted under the plan. A participant may borrow the lesser of fifty percent of the present value of their vested interest in the plan (less any outstanding loans) or \$50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. The minimum amount of any loan is \$ 1,000. All loans are considered directed investment of the participant's account and all payments of principal and interest will be credited to their account. Loan terms may not exceed 59 months. The participant's loan is collateralized by the balance in the participant's account and bears interest at a fixed, commercially reasonable rate. Each loan will be amortized with level payments of principal and interest paid at least quarterly.

A - DESCRIPTION OF PLAN (Continued)

Payment of benefits

Upon termination, the participants or beneficiaries may elect to leave their account balance in the plan or receive their total benefits in a lump sum amount, partial withdrawals, or installments equal to the value of the participant's vested interest in their account. The plan allows for the automatic distribution of participant vested account balances that do not exceed \$5,000.

Plan termination

The sponsor has the right under the plan to discontinue its contributions at any time, and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts. Because the plan is a defined contribution plan, it is not covered by Pension Benefit Guaranty Coverage insurance. (See note K.)

B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following summary of the plan's significant accounting policies is presented to assist in understanding the financial statements. The financial statements and notes are representations of the plan's management, who is responsible for their integrity and objectivity.

Basis of presentation and use of estimates

The plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The accrual basis of accounting requires the use of estimates and assumptions that affect the assets, liabilities, revenues and expenses reported in the financial statements, as well as amounts included in the notes thereto, including discussion and disclosure of contingent liabilities. Although the plan uses its best estimates and judgments, actual results could differ from these estimates as future confirming events occur.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the cash basis when received. Related fees are charged directly to the borrowing participant's account when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Participant accounts

Each participant's account is credited with the participant's contribution, plan earnings or losses, and an allocation of the sponsor's contribution, if any. Allocation of the sponsor's contribution is based on participant contributions or eligible employee compensation, as defined in the plan.

Administrative expenses

The plan pays substantially all administrative fees and expenses related to maintaining the plan. The sponsor pays audit fees and other overhead and administrative costs. Indirect fees from investments are paid by the plan and are reductions to the earnings of the investments.

Payment of benefits

Benefit payments are recorded as an expense in the period they are disbursed.

Fair value measurements

The framework for measuring fair value is a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted price in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1

Fair values are based on unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2

Fair values are based on inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly.

Level 3

Fair values are based on at least one significant unobservable input for the asset.

As of January 31, 2019 and December 31, 2018, the plan did not own any investments which were required to be measured at fair value. Consequently, the tabular presentation of the fair value hierarchy of investments (required by GAAP) which would normally appear in these types of financial statements has been excluded. The carrying value of notes receivable from participants approximate their fair values at December 31, 2018.

For the month ended January 31, 2019 the plan had net realized/unrealized gain (loss) from investments of \$13,497.

C - INCOME TAX STATUS

On January 1, 2017, the Company adopted the prototype plan of David W. Ralston, P.C. The IRS has determined and informed the volume submitter, by letter dated March 31, 2014 that the Plan and related trust are designed in accordance with the applicable regulations of the IRC. It is the view of the plan administrator and the plan's counsel that the plan continues to be designed and operated in compliance with the applicable requirements of the IRC and the plan and the related trust continue to be tax exempt. Therefore, no provision for federal or state income tax has been included in these financial statements.

D - OTHER INVESTMENTS

Pooled separate accounts

Pooled separate accounts (PSAs), by definition, are investment vehicles established and maintained by an insurance company. PSAs may only be accessed through the purchase of an insurance contract such as a group annuity. A pooled separate account is not a separate legal entity; it is part of the insurance company that established it. They are regulated by state insurance laws and are subject to review by state examiners on a regular basis. Pooled separate accounts are valued using the net asset value method, with no liquidity restrictions.

Stable Value Core Account

Stable value core account is an investment that seeks to preserve principal and provide consistent returns and liquidity. Stable value investment choices seek capital preservation, but they do carry potential risks. Stable value investment choices may be comprised of or may invest in annuity or investment contracts issued by life insurance companies, banks, and other financial institutions. Stable value investment choices are subject to the risk that the insurance company or other financial institution will fail to meet its commitments, and are also subject to general bond market risks, including interest rate risk and credit risk.

The Transamerica stable value investment choices are backed by the general account of Transamerica Financial Life Insurance Company, which declare rates and back the principal and interest of these investment choices, any guarantees are subject to the claims paying ability of the insurance company. This investment choice is not guaranteed by the FDIC or any other government agency. For financial statement purposes the investments are reported at contract value.

E - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (Unaudited)

The Company has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Financial Life Insurance Company, as custodian of the plan, has certified that all the following data included in the accompanying financial statements is complete and accurate through January 31, 2019 and December 31, 2018.

G - CONCENTRATIONS OF RISK

The following is a summary of financial instruments subject to credit risk at year end.

Notes receivable from participants

As discussed in Note A above, if a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

Investment securities

The plan's investments are not insured by agencies of the United States government. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits. The maximum amount of loss due to credit risk that the plan would incur if parties to the financial instruments failed to perform according to the terms of the contracts and the collateral, if any proved to be of no value, would approximate the balances that appear on the Statement of Net Assets Available for Benefits.

General business economy

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

H - PARTY IN INTEREST TRANSACTIONS

Transamerica Financial Life Insurance Company is custodian of the plan and as such is a party in interest with respect to the plan. Transamerica Financial Life Insurance Company manages certain plan investments. Any purchases and sales of these funds are performed in an open market at fair value. Such transactions, while considered party in interest transactions under ERISA regulation, are permitted under the provisions of the plan and are specifically exempt from prohibition of party in interest transactions under ERISA. American Pension Services, LLC is the third party administrator for the plan and, as such, is a party in interest with respect to the plan.

NOTES TO FINANCIAL STATEMENTS (Continued)

I - SINGLE EMPLOYER PLAN (RELATED PARTIES)

As defined in ERISA, single employer plans are generally established by the management of one employer (or a controlled group of corporations) either unilaterally or through collective bargaining, and the employer is the plan sponsor. By contrast, multiemployer plans are normally negotiated and established pursuant to a collective bargaining agreement between an associated group of employers, such as in the construction trades, and the union representing the employees.

For financial reporting purposes, Angels of Care 401(k) Plan is considered a single employer plan which includes the employees of AOC Senior Home Health Corp and the following affiliated companies.

Angel Ridge Properties LLC
Exordior, LLC

J - RECENT ACCOUNTING PRONOUNCEMENTS

Fair value measurement

In August 2018, the FASB issued ASU 2018-13 Disclosure Framework (Topic 820) - Changes to the Disclosure Requirements for Fair Value Measurement. This guidance removes or modifies various disclosures relating to the activity or reconciliations of Level 1, Level 2 and Level 3 fair value measurements. It is effective for interim and annual periods beginning after December 15, 2019. Management is currently evaluating this guidance and the impact it will, have on the financial statements.
